SENATE CHAMBER, SACRAMENTO  
Monday, January 5, 1953

The hour of 12 o'clock m. having arrived, Hon. Goodwin J. Knight, President of the Senate, in accordance with Article IV, Section 2, of the Constitution of the State of California, called the Senators to order and announced that the 1953 Regular Session of the Legislature of the State of California was about to convene, and informed the Senators that the Officers of the Senate during the 1952 Regular Session of the Legislature, J. A. Beek, Secretary; John F. Lea, Minute Clerk; and Joseph F. Nolan, Sergeant-at-Arms, were in their respective places in the Senate Chamber as required by Section 9150 of the Government Code.

**PRAYER**

By invitation of the President, prayer was offered by Rabbi Irving I. Hausman of Temple B'nai Israel.

**PLEDGE OF ALLEGIANCE**

Senator Dilworth led the Senate in pledging allegiance to the Flag.

"I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, indivisible, with liberty and justice for all."

**GUESTS EXTENDED PRIVILEGE OF SENATE FLOOR**

On request of Senator Ed. C. Johnson, the privilege of the floor of the Senate Chamber for this day was unanimously extended to Mrs. T. J. Hetland, Mrs. Don Butler, Mrs. Ed. C. Johnson, all of Marysville.

On request of Senator Cunningham, the privilege of the floor of the Senate Chamber for this day was unanimously extended to Mrs. James J. McBride, Ventura; Mrs. Marguerite Volland, Oakland; Robert Stinnett, Oakland; Miss Rose Ann Gowdy, Santa Ana; and William T. Klope, Ventura.

On request of Senator O'Gara, the privilege of the floor of the Senate Chamber for this day was unanimously extended to Joseph T. Monteleone, San Francisco, California.

On request of Senator Tenney, the privilege of the floor of the Senate Chamber for this day was unanimously extended to Mrs. Edward Losey, Long Beach, and Mrs. Dan Evans, Inglewood.

On request of Senator Abshire, the privilege of the floor of the Senate Chamber for this day was unanimously extended to Dr. John S. Bain, Mrs. Howard Knight, and Mrs. Calvin Collins, all of Santa Rosa.

On request of Senator Hoffman, the privilege of the floor of the Senate Chamber for this day was unanimously extended to Mr. Dick Chamberlain of Alameda.

#### RESOLUTIONS

The following resolution was offered:

By Senator Powers:

##### Senate Resolution No. 3

*Resolved, by the Senate of the State of California, That the following be, and the same are, hereby adopted as the Standing Rules of the Senate for the 1953 Regular Session.*

#### STANDING RULES OF THE SENATE

##### Convening and Sessions

##### Hour of Meeting

1. The Senate shall meet at 11 a.m., daily, except Sundays, unless otherwise ordered by the Senate.

##### Calling to Order

2. The President, President pro Tempore, or senior member present shall call the Senate to order at the hour stated, and if a quorum be present shall proceed with the order of business.

##### Attendance of Members

3. No Senator shall absent himself from attendance upon the Senate without leave first obtained. A less number than a quorum of the Senate is hereby authorized to send the Sergeant-at-Arms, or any other person, for any and all absent Senators at the expense of such absent Senators, respectively, unless such excuse for nonattendance as shall be made to the Senate when a quorum is convened, shall be judged sufficient, and in that case the expense shall be paid out of the Contingent Fund of the Senate. The President or Acting President of the Senate, or less than a quorum present, shall have the power to issue process directly to the Sergeant-at-Arms, or to any other person, to compel the attendance of Senators absent without leave. Any Senator who shall refuse to obey such process unless sick or unable to attend, shall be deemed guilty of contempt of the Senate, and the Sergeant-at-Arms, or any other person, to whom such process may be directed, shall have power to use such force as may be necessary to compel the attendance of such absent Senator, and for this purpose he may command the force of the county, or of any county in the State.

**Order of Business**

4. The order of business shall be as follows:

1. Roll Call.
2. Prayer by the Chaplain.
3. Leaves of Absence.
4. Privileges of the Floor.
5. Communications and Petitions.
6. Messages from the Governor.
7. Messages from the Assembly.
8. Reports of Committees.
9. Motions, Resolutions and Notices.
10. Introduction and First Reading of Bills.
11. Special Orders.
12. Unfinished Business.
13. Consideration of Daily File.
14. Announcement of Committee Meetings.
15. Adjournment.

**Executive Sessions**

5. When a motion is adopted to close the doors of the Senate, on the discussion of any business which may, in the opinion of the Senate, require an executive session, the President shall require all persons, except the Senators, President of the Senate, Secretary, Minute Clerk, and Sergeant-at-Arms, to withdraw, and during the discussion of said business the doors shall remain closed. Every Senator and officer present shall keep secret all matters and proceedings concerning which secrecy shall be enjoined by order of the Senate.

**Officers of the Senate****The President**

6. The Lieutenant Governor shall be the President of the Senate. He shall have a casting vote when the vote is equally divided and his vote will decide the issue.

The President shall maintain order in the Senate Chamber and in case of a disturbance or disorderly conduct in the lobbies, the President (or Chairman of the Committee of the Whole) shall have the power to order the same cleared.

**The President pro Tempore**

7. The President pro Tempore shall, in the absence of the President, take the chair and call the Senate to order, at the hour of the meetings of the Senate, and shall have the same powers as the President.

It shall be the particular responsibility of the President pro Tempore to secure the prompt and businesslike disposition of bills and other business before the Senate.

The Vice Chairman of the Committee on Rules shall, in the absence of the President pro Tempore, perform the duties, and have all powers and authority of the President pro Tempore.

**Presiding by Senators**

8. The President pro Tempore of the Senate may name any Senator to perform the duties of the Chair in the absence of the President. The Senator so named shall be vested, during such time, with all the powers of the President.

**Secretary of the Senate**

9. It shall be the duty of the Secretary of the Senate to attend every session, call the roll, read all bills, amendments, resolutions, and all papers ordered read by the Senate or the presiding officer.

He shall superintend all printing and clerical work to be done for the Senate and shall have supervision over all attaches and employees of the Senate. He shall assign, reassign or transfer all attaches or employees to their respective duties.

He shall certify to and transmit to the Assembly all bills, joint and concurrent resolutions, constitutional amendments and papers requiring the concurrence of the Assembly, immediately after their passage or adoption by the Senate.

He shall also keep a correct Journal of the proceedings of the Senate, and shall notify the Assembly of the action by the Senate on all matters originating in the Assembly, and requiring action on the part of the Senate.

The Secretary of the Senate shall have custody of all bills, documents, papers and records of the Senate and shall not permit any such bills, records or papers to be taken from the desk or out of his custody by any person, except in the regular course of the business of the Senate.

All employees on the pay roll of the Senate are employees of the Senate and not of individual members and they are under the direct control of the Secretary of the Senate. Any insubordination or inefficiency on the part of any employee shall be reported by the Secretary to the Committee on Rules or if a Committee on Attaches be appointed, then to that committee.

**Expenditures of Secretary**

9.1. All proposed expenditures by the Secretary of the Senate shall be subject to approval by the Senate Committee on Rules or its authorized representative pursuant to Standing Rule No. 13.1, including expenses for telephone service, telegraph service, supplies, rental of typewriters, illuminating resolutions, traveling expenses and any other incidental expenses in connection with concluding the business of the Senate and performing any duties imposed by law or by the rules or the resolutions of the Senate. Claims for any such expenses and claims for incidental expenses of the Senate heretofore incurred but for which payment has not been provided by any other resolution shall be submitted by the Secretary of the Senate to the Senate Committee on Rules or its authorized representative and such claims, if approved, shall be transmitted to the Controller for payment pursuant to this resolution.

9.2. Pursuant to subdivision (d) of Section 9900 of the Government Code, the Legislative Auditor is hereby designated as the person embraced by the definition of "Secretary" set forth in that section.

**Sergeant-at-Arms of the Senate**

10. The Sergeant-at-Arms shall attend the Senate during all of its sittings, execute the commands of the Senate from time to time, together with all such process issued by authority thereof, as shall be directed to him by the President. The Sergeant-at-Arms is authorized to arrest for contempt all persons outside the bar, or in the gallery, found in loud conversation, or otherwise making a noise to the disturbance of the Senate. The actual expenses of the Sergeant-at-Arms for every arrest,

for each day's custody and releasement, and the traveling expenses for himself and special messenger going and returning shall be paid out of the Contingent Fund, and no other fees shall be paid him beyond his per diem. It shall also be the duty of the Sergeant-at-Arms to keep the accounts for pay and mileage of Senators.

The Sergeant-at-Arms shall place copies of all bills, joint and concurrent resolutions, constitutional amendments, and Journals, Histories and Files, when printed, on the desks of Senators, at least one hour previous to the opening of session.

#### **Additional Duties**

10.1. The Sergeant-at-Arms is authorized to procure such boxes, packing and other materials as are necessary to ship to the Members of the Senate at their various places of residence their bill files, books, stationery and other printed matter at the close of each session. All proposed expenditures by the Sergeant-at-Arms incurred pursuant to this rule or in performing any duties imposed by law or by the rules or resolutions of the Senate shall be subject to approval by the Senate Committee on Rules or its authorized representative pursuant to Standing Rule No.

13.1. All claims incurred by the Sergeant-at-Arms shall be submitted to said committee or its authorized representative and, if approved, shall be transmitted to the Controller for payment pursuant to this resolution.

10.2. The Controller is hereby authorized and directed to draw his warrants in favor of the Secretary of the Senate, the Sergeant-at-Arms, and other officers and employees who render services to the Senate as certified weekly by the Senate Committee on Rules or by its authorized representative, from the fund set aside for the pay of officers and employees of the Senate at the rate of compensation certified by the committee or its representative, and the Treasurer is hereby directed to pay the same.

The Secretary of the Senate and the Sergeant-at-Arms shall approve and transmit to the Committee on Rules the claims for their compensation and for the compensation of their respective employees.

10.3. After final adjournment expenditures by the Secretary of the Senate or the Sergeant-at-Arms of the Senate for postage, express, freight charges, or other purposes for which cash payments are necessary, shall be paid from funds allocated to the Senate Committee on Rules for such purpose, subject to approval by the Senate Committee on Rules or its authorized representative. The Controller shall draw warrants on the Contingent Fund of the Senate in favor of the Secretary of the Senate or the Sergeant-at-Arms for such expenditures only in the amount authorized by the Senate Committee on Rules or its authorized representative.

The Secretary of the Senate and the Sergeant-at-Arms shall file with the Committee on Rules or its authorized representative receipts or vouchers covering all expenditures made for such purposes, which shall be transmitted to the Controller by the committee or its authorized representative.

#### **Committees of the Senate**

##### **Appointment of Committees**

11. The Committee on Rules shall consist of the President pro Tempore of the Senate, who shall be the chairman of the committee, and four other Members of the Senate to be elected by the Senate.

The Committee on Rules shall appoint all other committees of the Senate unless otherwise directed by the Senate and shall designate a chairman of each committee so appointed and a vice chairman of each standing committee.

In making committee appointments, the Committee on Rules shall give consideration to seniority, preference, and experience; provided, however, that in making committee appointments, the Rules Committee shall, so far as practical, give equal representation to all parts of the State.

The Senate Committee on Finance shall consist of four Senate Members of the Legislative Budget Committee and seven additional Members of the Senate appointed by the Committee on Rules.

Ten days before the commencement of any regular session of the Legislature, the Secretary of the Senate shall mail to each member a blank, in a form approved by the Rules Committee, on which the member may indicate his committee preferences and with such blank shall be mailed a stamped envelope addressed to the Rules Committee, care of the Secretary, for the convenience of the member in returning such form with his preferences thereon. All such communications shall be retained by the Secretary unopened and shall be delivered to the Rules Committee immediately upon the organization of the Senate.

Until the Budget Bill is finally enacted no standing committee shall report any appropriation bill to the Senate for passage except bills making appropriations for the salaries, mileage, and expenses of the Senate and Assembly, and emergency bills recommended by the Governor, whose letter of recommendation shall be produced before the committee before action is taken by the committee.

#### **Standing Committees**

12. The standing committees of the Senate, the number of members, and subjects to be referred to each are as follows:

1. Agriculture, 13 members. All bills amending the Agricultural Code and uncodified legislation relating to the same subject.

2. Business and Professions, 9 members. All bills amending the Business and Professions Code and uncodified legislation relating to the same subjects.

3. Education, 11 members. All bills amending the Education Code or relating to the University of California and any uncodified legislation relating to either.

4. Elections, 7 members. All bills amending the Elections Code or uncodified legislation relating to the same subject and constitutional amendments, after consideration by committees having jurisdiction of the appropriate subjects, for consideration of any question relating to submission to the voters.

5. Finance, 11 members. All appropriation bills including the Budget Bill and claim bills but excepting appropriations from the funds of the Senate made by resolution. Any bill which would require the expenditure of additional state moneys in any manner, including any bill which creates any additional state agency or office, or adds any functions, duties, or responsibilities to an existing agency or office, shall be referred to the Finance Committee before being placed on Third Reading.

6. Financial Institutions, 9 members. All bills amending the Insurance Code and Financial Code, and all bills amending the Corporate Securities Act, and any other legislation relating to these subjects.

The standing committees of any general session shall be the standing committees of succeeding budget, special or extraordinary sessions unless otherwise ordered by the Senate.

12.1. Each standing committee of the Senate created at a general session is hereby authorized to study and analyze all facts relating to the subjects which would fall within its jurisdiction as indicated by Rule 12 of the Standing Rules of the Senate, including, but not limited to, a needed revision of the laws relating to that subject, and for such purpose shall constitute an investigating committee with power to act during the sessions of the Legislature, including any recess, and after final adjournment, and until the commencement of the next regular general session, with authority to file its report not later than the thirtieth day of said general session.

Each such committee shall have all of the powers conferred upon investigating committees by the Joint Rules of the Senate and Assembly, the provisions of which are incorporated herein and made a part hereof.

No such committee shall exercise the authority herein conferred except when, and to the extent, it is authorized so to do in writing by the Committee on Rules. The Committee on Rules may allocate any money made available to said committee for expenditures on behalf of the committees herein created, and the members thereof, in such manner as the Committee on Rules shall prescribe.

#### **Committee on Rules**

13. The Committee on Rules is charged with the general responsibility for the administrative functioning of the Senate. The committee shall have general charge of the books, documents and other papers and property of the Senate and shall see that the same are properly kept, cared for, filed, or otherwise disposed of in accordance with law and the rules applicable thereto. The committee shall also have the duty of making studies and recommendations designed to promote, improve, and expedite the business and procedure of the Senate and of the committees thereof, including investigating committees consisting wholly or in part

of Members of the Senate, and of proposing any amendments to the rules deemed necessary to accomplish such purposes.

The Committee on Rules shall continue in existence during any recess of the Legislature and after final adjournment and until the convening of the next regular general session and shall have the same powers and duties as while the Senate is in session. The committee shall have authority to fill vacancies in any Senate committee or in the Senate membership of any joint committee.

In dealing with any matter within its jurisdiction the committee and its members shall have and exercise all of the rights, duties, and powers conferred upon investigating committees and their members by the Joint Rules of the Senate and Assembly as they are adopted and amended from time to time, which provisions are incorporated herein and made applicable to the Committee on Rules and its members.

The committee may make available to any Senate or joint committee or any Member of the Senate such assistance in connection with the duties of the committee or other legislative matters as the personnel under the direction of the committee or its other facilities permit.

The committee shall make available to and shall furnish to the Senate investigating committees created at this regular session and to each of the members thereof such secretarial and stenographic help as may be reasonably necessary for such committees and each of the members thereof to make and carry on the studies and investigations required by or of them by the resolutions creating such committees, and for such purpose, in addition to any other power or authority, the Committee on Rules may employ such additional stenographic and secretarial assistants as may be necessary, assign and reassign such assistants, prescribe the amounts, times and methods of payment of their compensation, and provide for the auditing of any and all records and accounts in respect thereto.

The Committee on Rules shall constitute the Committee on Introduction of Bills and shall have charge of engrossment and enrollment of bills, contingent expenses of the Senate and legislative printing except insofar as these functions are delegated to the Secretary of the Senate. The Senate Committee on Rules shall have charge of the attaches unless a Committee on Attaches is appointed.

The rooms, passages, and buildings set apart for the use of the Senate shall be under the direction of the Committee on Rules and the committee may assign the press desks in the Senate Chamber to accredited newspaper representatives.

Executive communication of nominations sent by the Governor to the Senate for confirmation shall be referred to the Committee on Rules, unless otherwise ordered by the Senate, without debate.

13.1. All claims for expenses incurred by interim investigating committees of the Senate shall be approved by the Committee on Rules, or its authorized representative, before such claims are presented to the Controller.

All proposed expenditures, other than expenditures of the funds of an interim investigating committee, shall be approved by the Committee on Rules or its authorized representatives before such expenses are incurred, unless such expenditure is specifically exempted from the provisions of this Rule by the resolution authorizing it.

No warrant shall be drawn in payment of any claim for expenses until the approval of the Committee on Rules, or its authorized representative, has been obtained in accordance with the provisions of this Rule.

The Committee on Rules may adopt rules and regulations limiting the amount, time, and place of expenses and allowances to be paid to employees of Senate interim investigating committees and regulating the terms and conditions of employment of such employees. Copies of all rules and regulations adopted pursuant to this Rule shall be distributed to the chairman of every such investigating committee.

13.2. Pursuant to the powers vested in the Senate Committee on Rules, and during such time as the Senate is not in session, the committee is authorized and directed to incur and pay such expenses of the Senate not otherwise provided for as the committee determines are reasonably necessary, including the repair, alteration, improvement and equipping of the Senate Chamber and the offices provided for the Senate in the State Capitol.

In order to avoid unanticipated reversions of appropriations for contingent expenses, the Senate Committee on Rules may designate the appropriation from which payment shall be made pursuant to allocations to interim committees or for other purposes. If there should be insufficient money available in any such appropriation to pay all claims pursuant to allocations charged against it, the committee shall designate another appropriation from which such allocations shall be paid.

13.3. The Senate Committee on Rules is responsible for the safekeeping of Senate property after adjournment of each session until the Senate shall reconvene again. The Chief of the Bureau of Buildings and Grounds is directed to leave the Senate Chamber and all the committee rooms and other rooms used by the Senators and officers of the Senate in such condition that they will be available for use of the Senate at any time; and it is further directed that no persons other than the Members, officers and attaches of the Senate be permitted to occupy or use the offices, committee rooms and other rooms now occupied by the Senate without permission as hereinafter provided, and that the desks, furniture, and other equipment of the Senate be at the disposal of the Senate Committee on Rules upon adjournment of each session and until the Senate shall reconvene, and that no person except Members of the Senate be permitted to occupy any of the Senate's offices or make use of Senate equipment without permission of the committee or its authorized representative.

13.4. The Senate Committee on Rules is authorized and directed, through its authorized representative, to make and maintain a complete inventory of all property of the Senate, including all such property in the possession or control of any Senate interim committee. The Committee on Rules shall have custody and control of all such property of the Senate and shall adopt such rules or orders as it may determine are necessary relating to the purchase, care, custody and use or disposal thereof.

No furniture, equipment, or other property, other than supplies, shall be purchased by any Senate interim committee unless prior approval is obtained from the Senate Committee on Rules or its authorized representative.

#### **Status of Standing Rules for Preceding General Session**

13.5. The adoption of the Standing Rules for any budget session or special session shall not be construed as modifying or rescinding the

Standing Rules of the Senate for the preceding general session, nor as affecting in any way the status or powers of the interim committees created by those rules.

#### **Schedule of Committee Meetings**

14. The Committee on Rules shall propose to the Senate such schedules for regular meetings of the standing committees as will permit a full attendance of their members without conflict of committee engagements.

The committee may also propose such special committee meetings or special schedules of committee meetings as will facilitate the business of the Senate. Such schedules may provide a special schedule of committee meetings or upon certain days of the week or to meet any special condition which may arise.

#### **Quorum of Standing Committees—Vote**

15. Each standing committee shall determine (a) its own quorum, and (b) the number of votes necessary to take any action upon any bill, resolution, or other matter referred to it, but at least a majority of all members constituting such committee shall be required to report a bill out of committee.

The vote by the number of ayes and noes on each bill reported back on all committee reports shall be noted in such reports and recorded in the Journal.

#### **Powers of Standing Committees**

16. Each standing committee of the Senate to which a proposed law or bill is assigned shall have full power and authority during the session of the Legislature or any recess thereof, to make such investigation and study of and concerning any such proposed law or bill as such committee shall determine necessary to enable it to properly enact thereon.

In the exercise of the power granted by this Rule, each committee may appoint a secretary and adopt such rules as may appear necessary and proper to carry out the powers granted and duties imposed under this Rule. It may employ such clerical, legal and technical assistants as may appear necessary when money has been made available therefor by the Senate.

Each standing committee is authorized and empowered to summon the subpoena witnesses, require the production of papers, books, accounts, reports, documents, records and papers of every kind and description, to issue subpoenas and to take all necessary means to compel the attendance of witnesses and to procure testimony, oral and documentary.

The members of such committees are, and each of them is, authorized and empowered to administer oaths, and all of the provisions of Chapter 4 of Part 1, Division 2, Title 2 of the Government Code, relating to the attendance and examination of witnesses before the Legislature and the committees thereof, shall apply to such committees.

The Sergeant-at-Arms of the Senate, or other person designated by the Sergeant-at-Arms or by the committee, shall serve any and all subpoenas, orders and other process that may be issued by the committee, when directed to do so upon a vote of the majority of the membership of the committee.

All officers of this State, including the heads of each department, agency and subdivision thereof, and all employees of such departments, agencies and subdivisions, the Legislative Counsel, and all other persons

whether connected with the State Government or not, shall give and furnish to these committees upon request such information, records and documents as the committees deem necessary or proper for the achievement of the purposes for which each standing committee was created.

Each standing committee may meet at the State Capitol and do any and all things necessary or convenient to enable it to exercise the powers and perform the duties herein granted to it and may expend such money as may be made available by the Senate for such purpose; but no committee shall incur any indebtedness unless money shall have been first made available therefor.

#### **Special Investigating Committees**

17. Except as provided by these rules, no committee for the investigation of any special subject shall be appointed except pursuant to a resolution which shall be entered in the Journal and referred to the Committee on Rules, and which shall be approved by a vote of a majority of the members elected to the Senate. The subject and purpose of the investigation shall be expressed in the title of the resolution and the scope of the investigations shall be consistent with the subject and purposes so expressed. No such committee shall have authority to extend its investigations to subjects not so expressed, nor beyond the scope indicated in the resolution. Unless otherwise directed by the resolution any committee so authorized shall be appointed within 20 days after the adoption of the resolution.

#### **Funerals**

17.1. The chairman or vice chairman of the Senate Committee on Rules may designate any one or more of the Members of the Senate as a Senate interim committee to attend funerals in appropriate circumstances. The members so designated shall receive their actual and necessary expenses incurred in the performance of their duties or in lieu of such expenses the same allowances for accommodations and meals, and mileage as is provided by the Joint Rules for members of investigating committees.

The chairman or vice chairman of said Committee on Rules or any Member of the Senate designated by either of said officers may incur such expense as may be necessary for the purchase on behalf of the Senate of suitable floral pieces for any such funeral.

All expenses incurred pursuant to this resolution are hereby ordered to be paid out of the money allocated from the Contingent Fund of the Senate to the said Senate Committee on Rules and disbursed, after certification by the chairman or vice chairman of the committee, or by the committee's disbursing officer appointed and designated therefor by the committee, upon warrants drawn by the State Controller upon the State Treasurer.

#### **No Committee Expenditures Permitted**

18. No member of any committee shall be permitted to incur any expense chargeable to the Senate unless authorized by resolution of the Senate.

#### **Procedure and Rules**

##### **Joint and Concurrent Resolutions and Constitutional Amendments**

19. Joint and concurrent resolutions and constitutional amendments shall be treated the same as bills; except, that they shall have but one

official reading, which reading shall occur after they have been reported by committee.

#### **Parliamentary Rules**

20. In all cases not provided for by the Constitution, these Rules, or by the Joint Rules of Senate and Assembly the authority shall be Mason's Manual.

#### **Suspension or Amendment of Rules**

21. No standing rule of the Senate may be repealed or amended except upon an affirmative vote of a majority of the Members of the Senate, one day's notice being given, but any rule not requiring more than a majority vote may be temporarily suspended by a vote of a majority of the Members of the Senate. A rule requiring a two-thirds vote on any question may be amended only by a two-thirds vote on one day's notice, and a rule requiring a two-thirds vote may be temporarily suspended only by a two-thirds vote.

All proposed amendments to these rules shall, upon presentation, be referred to the Committee on Rules without debate.

#### **Introduction and Reference of Bills**

##### **Introduction, First Reading, and Reference of Bills**

22. Any Senator desiring to introduce a bill shall send it to the Senate desk.

The Committee on Rules shall check all Senate bills prior to introduction and all Assembly bills before reference to committee and shall designate the committees to which they shall be referred. The provisions of Rule 12 referring to the assignment of bills are intended as a guide to the committee but are not binding upon the committee.

Under the order of Introduction of Bills, the Secretary shall assign a number to each Senate bill, shall read it the first time, shall read the name of the committee to which the bill has been assigned by the Committee on Rules, and unless otherwise ordered by the Senate without debate the assignment of the bill shall then be complete and after printing the Secretary shall deliver the bills to the committee so designated.

Under the order of Messages from the Assembly the Secretary shall read each Assembly bill the first time, shall read the name of the committee to which the bill has been assigned by the Committee on Rules, and unless otherwise ordered by the Senate without debate the assignment of the bill shall then be complete and the Secretary shall deliver the bill to the committee so designated.

##### **Introduction of Bills by a Committee**

23. Any committee may introduce a bill germane to any subject within the proper consideration of such committee in the same manner as any member.

##### **Introduction of Bills at Special Sessions**

24. Whenever at any special session a bill is received at the desk, under the order of Introduction of Bills, it shall be referred to the Committee on Rules which shall decide whether or not such bill can properly be considered at the session. If in the judgment of the Committee on Rules such bill can be considered it shall report it back and designate the committee to which it shall be assigned. Thereafter it shall be assigned a

number by the Secretary, be read first time, and referred to the committee recommended by the Committee on Rules unless otherwise referred on motion without debate.

#### **Senate Resolutions**

25. All Senate resolutions upon being presented shall be given a number by the Secretary. Such resolutions shall be printed in the Journal and indexed in the History and Journal.

#### **Bills in Committee**

##### **Committee Hearings**

26. During the constitutional recess or as soon thereafter as practicable the chairman of each committee shall prepare a schedule of hearings concerning bills referred to the committee. The schedule shall be arranged according to subjects insofar as may be convenient.

The schedules and any changes therein shall be delivered to the Senate as soon as convenient in order that due notice may be given to persons interested in the legislation.

##### **Substitute Committee Bills**

27. A committee may amend into one bill related provisions germane to the subject and embraced within the title; and with the consent of the author the committee may constitute such bill a committee bill by striking out of the heading of the bill the line "Introduced by" and the name of the author and substituting therefor "Substitute committee bill of the Committee on" and the name of the committee.

##### **Recalling a Bill From Committee**

28. The Senate may at any time by 21 votes recall a bill from committee.

#### **Consideration of Bills**

##### **Order of Making Files**

29. When bills are reported from committee they shall be placed upon the General File, to be kept by the Secretary as follows: All bills when reported to the Senate by the committee shall be placed at the foot of the second reading Senate or Assembly file, in the order in which the reports are made, and after the second reading they shall be placed at the foot of the Senate or Assembly third reading file, in the order of reading. Unless otherwise ordered by the Senate the File shall be taken up in the following order: Senate second reading file, Assembly second reading file and Senate third reading file, Assembly third reading file. The bills upon third reading shall be considered in the order in which they appear upon the File, unless otherwise ordered by the Senate.

An inactive file shall be kept to which bills may be transferred at the request of the author, or on motion, and they shall be so transferred when they have been passed on third reading file without action three successive times. Bills may be carried on the inactive file by author and bill number without setting forth the title.

Bills may be transferred from the inactive file to the second reading file on motion, and after being read the second time such bills will take their place regularly on third reading file and be available for consideration and passage.

Notices of committee hearings shall be published in the File whenever presented by chairman of committees to the Secretary for that purpose. For such purpose bills will be identified by subject or by number.

**Special Order**

30. Any measure or subject may, by vote of a majority of those voting, be made a special order, and when the time fixed for its consideration arrives, the presiding officer shall lay it before the Senate.

**Messages From the Governor or Assembly**

31. Messages from the Governor or from the Assembly may be introduced at any stage of business except while a question is being put, while the ayes and noes are being called, or while a Senator is addressing the Senate.

Messages from the Governor or from the Assembly may be considered when indicated in the order of business or at any other time by unanimous consent or upon motion.

**Engrossing Bills**

32. All Senate bills, constitutional amendments and joint or concurrent resolutions shall be engrossed before final action is taken on them in the Senate. Engrossment shall consist of comparing the printed engrossed bill with the original bill introduced and any amendments adopted to ascertain that it is correct. When a bill is reported correctly engrossed it shall be substituted on the File for the original bill.

**Enrolling Bills**

33. All Senate bills shall be enrolled immediately following their final passage and receipt from the Assembly. An enrolled copy of every such bill, amendment or resolution shall be printed and examined to ascertain that it is a true and accurate copy of the measure as it was passed. It shall then be authenticated by the signatures of the President or President pro Tempore of the Senate and the Secretary or an Assistant Secretary of the Senate and by the corresponding officers of the Assembly and transmitted without delay to the Governor.

**Debate****Statement of Motion**

34. No motion shall be debated until the same be distinctly announced by the President; and it shall be reduced to writing if desired by the President or any Senator, and read by the Secretary, before the same shall be debated.

**Regulations as to Speaking**

35. 1. When a Senator desires to address the Senate, he shall rise in his place, address the President, and when recognized he shall proceed to speak through the public address system.

2. No Senator shall speak more than twice in any one debate on the same day, and at the same stage of the bill, without leave; and Senators who have once spoken shall not again be entitled to the floor (except for explanation) so long as any Senator who has not spoken desires to speak.

3. When two or more Senators arise at the same time to address the Senate, the presiding officer shall designate the Senator who is entitled to the floor.

4. No Senator shall be interrupted when speaking, and no question shall be asked him except through the presiding officer.

5. The author of a bill, motion, or resolution shall have the privilege of closing the debate.

**Order in Debate**

36. When a Senator shall be called to order he shall sit down until the President shall have determined whether he is in order or not; and every question of order shall be decided by the President, subject to an appeal to the Senate by any Senator. If a Senator be called to order for words spoken, the objectionable language shall immediately be taken down in writing by the Secretary of the Senate.

**Right to Address the Senate**

37. No person other than a Member of the Senate or the President thereof, shall address the Senate while it is in session but the Senate may resolve itself into a Committee of the Whole and while sitting as such committee may be addressed by persons other than members.

**Questions and Motions****Amendments to Bills**

38. When amendments to a bill are reported by a committee or offered from the floor, such amendments shall be submitted in quadruplicate.

Adoption of amendments to any bill in the Senate prior to third reading, other than by roll call, shall not preclude subsequent consideration in committee or on the third reading of the bill, of such amendments or any part thereof, by the Senate.

**Motion to Lay on the Table**

39. When an amendment proposed to any pending measure shall be laid on the table, it shall not carry with it or prejudice such measure.

**Division of a Question**

40. If a question in debate contains more than one distinct proposition, any Senator may have the same divided.

**The Previous Question**

41. The previous question shall be put in the following form: "Shall the question be now put?" It shall require a majority vote of the Senators present; and its effect shall be to put an end to all debate except that the author of the bill or the amendment shall have the right to close, and the question under discussion shall thereupon be immediately put to a vote.

**Call of the Senate**

42. Upon a motion being carried for a call of the Senate, the President shall immediately order the doors to be closed, and shall direct the Secretary to call the names of the absentees as disclosed by the last previous roll call. Thereupon, no members shall be permitted to leave the Senate Chamber except by written permission of the President pro Tempore or in his absence of the presiding officer. Those members who are found to be absent and for whom no excuse or insufficient excuses are made, may, by order of those present, be taken into custody, as they appear, or may be sent for and then taken into custody by the Sergeant-at-Arms wherever found, or by special messenger to be appointed for that purpose. In the absence of a quorum, a majority of the members present may order a roll call of the Senate and compel the attendance of absentees in the manner above provided.

A call of the Senate may be ordered after the roll has been called and prior to the announcement of the vote.

No recess can be taken during a call of the Senate. During a call, the Senate may consider and transact any matter or business that the Senators then present shall unanimously decide to consider, but no call of the Senate shall be had during a call of the Senate, except that during a call which was ordered for the purpose of procuring sufficient attendance for the conduct of business of the Senate in general and not for any other purpose, such call may be made to apply also to not more than one item of business by motion made and adopted by a majority vote of the members present after the roll has been called and prior to the announcement of the vote on such item of business. Under such circumstances, when the call of the Senate is dispensed with as to the item of business to which it is so applied it shall be deemed dispensed with as to the purpose for which it was originally made. When a call of the Senate is ordered, pending the announcement of the vote upon the completion of a roll call, the pending roll call shall become unfinished business, the consideration of which shall be continued until further proceedings under the call of the Senate are dispensed with, when it will forthwith become the order of business before the Senate.

#### **Reconsideration**

43. On the day on which a vote has been taken on any question a motion to reconsider the vote may be made by any member.

The motion may be considered on the day made or on the succeeding legislative day but may not be further postponed without the concurrence of 27 members.

No vote on a Senate bill may be reconsidered on or after the last day fixed for the consideration of Senate bills prior to adjournment and no vote may be reconsidered on the last day of the session.

When reconsideration of the vote by which any bill was passed has been demanded the Secretary shall not transmit it to the Assembly until the demand has been disposed of or the time for reconsideration has expired, but if the bill has already been transmitted to the Assembly the demand for reconsideration shall be preceded by a motion to request the Assembly to return the bill. This motion shall be put to a vote immediately without debate and if not adopted shall preclude a demand for reconsideration.

A demand to reconsider the vote on any debatable question opens the main question to debate and the vote on the reconsideration shall be on the merits of such main question.

#### **Voting by Senate**

##### **Rescinding**

43.1. No action whereby a bill has been passed or defeated may be rescinded without the concurrence of 27 members.

##### **Voting on Roll Call**

44. Whenever a roll call is required by the Constitution or Rules, or is ordered by the Senate or demanded by three members, every member within the Senate shall without debate answer "Aye" or "No" when his name is called.

The names of members shall be called alphabetically.

No Senator shall be permitted to vote or change his vote after the announcement of the vote by the presiding officer.

**Excused From Voting**

45. When a Senator declines or fails to vote on call of his name he may, after completion of the roll call, and before the announcement of the vote be required to assign his reasons therefor, and having assigned them, the presiding officer shall submit the question to the Senate: "Shall the Senator, for the reasons assigned by him, be excused from voting?" which question shall be decided without debate. Unless the Senator is excused from voting he shall be required to vote.

**Voting by Presiding Senator**

46. When the President pro Tempore or any other Member of the Senate is presiding over the Senate he shall vote on roll call the same as though he were not presiding.

**Vote Required**

47. Unless otherwise required by the Constitution, the Joint Rules of the Senate and Assembly or by these Rules, any action which can be taken by the Senate requires only a majority vote of the Senate, a quorum being present.

The following actions require 30 votes:

1. To introduce bills after the constitutional recess—(Constitution, Art. IV, Sec. 2).

The following actions require 27 votes:

2. To pass urgency measures—(Constitution, Art. IV, Sec. 1).
3. To suspend constitutional provisions requiring reading bills on three several days—(Constitution, Art. IV, Sec. 15).
4. To pass bills over the Governor's veto—(Constitution, Art. IV, Sec. 16).
5. To increase or diminish the number of superior court judges or to remove judges—(Constitution, Art. VI, Secs. 9, 10).
6. To propose constitutional amendments or revision of the Constitution—(Constitution, Art. XVIII, Secs. 1, 2).
7. To change rate of taxation for state purposes—(Constitution, Art. XIII, Secs. 14, 16).
8. To authorize deposit of public money in banks—(Constitution, Art. XI, Sec. 16½).
9. To remove a member of the Public Utilities Commission—(Constitution, Art. XII, Sec. 22).
10. To change rates or conditions under the State Employees' Retirement System—(Constitution, Art. IV, Sec. 22a).
11. To propose change in location of state capital—(Constitution, Art. XX, Sec. 1).
12. To reconsider the vote by which a concurrent resolution proposing a constitutional amendment is defeated.
13. To rescind the action whereby a bill has been passed or defeated.
14. To suspend the Rule against lobbying in the Senate Chamber.
15. To concur in Assembly amendments to or to adopt a report of a Committee on Conference concerning constitutional amendments or bills which require 27 votes for passage.
16. To concur in any Assembly amendments to, or any conference report affecting, any Senate bill which contains an item or items

of appropriation subject to reduction or elimination under the provisions of Section 34A of Article IV of the Constitution.

The following actions require 21 votes:

17. To amend or suspend the Rules.
18. To pass bills, unless under some other Rule a larger vote is required—(Constitution, Art. IV, Sec. 15).
19. To adopt a concurrent resolution approving a county or city charter or amendment thereto—(Constitution, Art. XI, Secs. 7½ and 8).
20. To adopt joint and concurrent resolutions.
21. To reconsider bills, joint and concurrent resolutions.
22. To confirm appointments by the Governor or to reconsider the same.
23. To recall a bill from committee.
24. To concur in Assembly amendments to or to adopt a report of a Committee on Conference concerning concurrent or joint resolutions or bills which require 21 votes for passage.

Actions requiring 14 votes:

25. To reconsider a vote by which a concurrent resolution proposing a constitutional amendment was adopted.

#### **Vote Required for Amendments**

48. A constitutional amendment or bill requiring a vote of two-thirds of the members elected to the Senate for final adoption or passage may be amended by a majority of those voting.

#### **Contents of Senate Journal**

##### **Proceedings to Be Printed**

49. The proceedings of the Senate, when not acting as a Committee of the Whole, shall be entered in the Journal as concisely as possible, care being taken to record a true and accurate account of the proceedings.

The Journal shall state the name of the Senator presenting each Assembly bill, concurrent or joint resolution or constitutional amendment to the Senate for final action.

Every vote of the Senate shall be recorded in the Journal. The committee vote on each bill reported back by a committee, and if a bill is signed out that fact also shall be recorded in the Journal.

##### **Titles of Bills to Be Printed**

50. The titles of all bills, joint and concurrent resolutions, and constitutional amendments when introduced and when acted upon by the Senate, and a brief statement of the contents of each petition, memorial or paper presented to the Senate shall be printed in the Journal.

##### **Other Matter to Be Printed**

51. Messages from the Governor (other than biennial messages and inaugural addresses) shall be printed in the Journal, unless otherwise ordered by the Senate.

Letters of transmittal presenting reports of interim committees and reports of such state departments and agencies as shall be made to the Senate pursuant to law or resolutions adopted by the Senate, shall be printed in the Journal, but the reports shall be printed in the Appendix to Journals unless otherwise directed by the Senate.

### Legislative Printing

#### Duty of Secretary to Order Printing

52. It shall be the duty of the Secretary of the Senate and he is hereby directed during and between sessions of the Legislature to order for the Senate the necessary printing including stationery for the members, and to audit and approve all bills for printing to be charged to the Senate. The Secretary shall order from the State Printer such number of copies of bills, Journals, Histories, Files, forms and other printing as shall be necessary.

It shall further be the duty of the Secretary to order bills and other legislative publications for which there is a demand printed before the supply of same shall become exhausted.

#### Printing Only on Written Orders; Rush Orders

53. The State Printer shall not charge any printing or other work to the Senate except as required by law unless he has a written order from the Secretary of the Senate prior to the beginning of the printing or other work. All printing ordered by the Secretary shall be delivered as directed by him. The Secretary may, when necessity requires it, order from the State Printer such printing as he deems necessary to be printed in advance of the regular order of business, under specially prepared written order, to be known as a "Rush Order."

#### Form of Printing Amendments

54. When any bill of either house is amended it shall be immediately reprinted; new matter shall be printed in italics in the printed bill; and matter to be omitted shall be printed in type bearing a single horizontal line through the center and commonly known as "strikeout" type. When a bill is enrolled, all such italics and "strikeout" type shall be omitted and the bill shall be printed in the usual roman type.

#### The Senate Chamber

##### Admission Within Bar to Senate

55. It shall be the duty of the Sergeant-at-Arms to prevent all persons except Senators, ex-Senators, Members of the Assembly, state officers, officers of the two houses, and such accredited newspaper representatives as have seats assigned to them from coming within the bar of the Senate unless upon the invitation of the President or a Senator. No visitor shall be allowed upon the floor while the Senate is in session.

56. No person engaged in presenting to the Senate or any of its committees any business, claim, or legislation, shall be permitted to engage in such business in the Senate Chamber or be permitted on the floor of the Senate at any time while the Senate is in session. Any person transgressing this rule shall be removed from the floor of the Senate and shall be debarred from the privilege of the floor during the remainder of the entire session. The President and the President pro Tempore are charged with the enforcement of this rule, and this rule cannot be suspended except by a two-thirds vote of the entire Senate.

This rule shall not apply to members of either house of the Legislature, officers of the State or other public agencies.

#### Legislative Representation Committee

57. In addition to any other committee provided for by these rules, there shall be a committee to be known as and called the Special Senate Committee on Legislative Representation, which is hereby declared to

be a continuing body authorized to act both during and between sessions of the Legislature.

The committee shall have the rights, powers and duties prescribed in Section 9909 of the Government Code, specifically including but not limited to the authority to grant certificates of registration as legislative advocates, and all the rights and powers of legislative investigating committees as provided by the Joint Rules of the Senate and Assembly.

The committees shall study and analyze all facts relating to legislative representation and the regulation thereof, and shall report thereon to the Legislature at each general session and from time to time as the committee deems necessary, including in the reports its recommendations for appropriate legislation.

The committee shall consist of five Members of the Senate to be selected by majority vote of the Senate at each general session of the Legislature. No more than three members of the committee shall be from any one political party. The committee shall select its own chairman.

Any vacancy occurring between general sessions shall be filled by the Committee on Rules, and the Senators appointed shall hold over until their successors are regularly selected.

#### Senate Resolution No. 11

Creating the Senate Legislative Process Committee and defining its powers and duties

**WHEREAS**, Many of the legislative proposals involve problems within the jurisdiction of more than one standing committee of the Senate, and the adequate consideration of such measures requires the cooperation of such several committees in order to avoid duplicating the work of one such committee by another, and much delay in the legislative process could be avoided if it were possible to eliminate such duplication of effort and provide a means for expediting the consideration of such measures; and

**WHEREAS**, There is need of a committee equipped to ascertain facts and secure facts and secure information upon assigned topics from time to time during the session, a committee acting in aid of and in collaboration with the several standing committees of the Senate; now, therefore, be it

*Resolved by the Senate of the State of California*, as follows:

1. A special committee designated the "Senate Legislative Process Committee" is hereby created and authorized and directed to take such steps as may be necessary to coordinate the work of the various standing committees of this session in considering questions before such session in order that there be no duplication of work or effort, and to make such studies as may be necessary, ascertain such facts and information, and secure such statistics for the use of the Members and committees of the Senate as may be of aid to them in considering and acting upon legislative proposals at this session.

2. The committee shall consist of the same Members of the Senate as the Senate Committee on Rules, and shall have the same chairman.

3. The committee is authorized to act during this session of the Legislature, including any recess, but not after final adjournment.

4. The committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate as they are adopted and amended from time to time, which provisions are incorporated herein and made applicable to this committee and its members except that the members of the committee shall serve without compensation and shall not be allowed mileage.

Until the adoption of Joint Rules at this session, the Joint Rules of the last preceding regular session are incorporated herein and made applicable to this committee and its members.

5. The committee has the following additional powers and duties:

(a) To select a vice chairman from its membership.

(b) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created.

(c) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpoenas, orders and other process issued by the committee.

(d) To report its findings and recommendations to the Senate from time to time and at any time.

(e) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties and accomplish the objects and purposes of this resolution.

6. The sum of one hundred ten thousand dollars (\$110,000) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and its members, and for any charges, expenses or claims it may incur under this resolution, to be paid from said Contingent Fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

STATE WATER RESOURCES BOARD  
PUBLIC WORKS BUILDING, SACRAMENTO  
August 27, 1952

*Hon. Earl Warren, Governor of California*  
*Members of the California State Legislature*

Attention: Joseph A. Beek, Secretary of the Senate

GENTLEMEN: I have the honor to transmit herewith Bulletin No. 6 of the State Water Resources Board, entitled "Sutter-Yuba Counties Investigation," as authorized by Chapter 1514, Statutes of 1945, as amended.

Under provisions of the cited statute, an agreement dated October 7, 1947, was entered into between the State Water Resources Board, the Counties of Sutter and Yuba, and the Department of Public Works acting through the agency of the State Engineer. The agreement provided for

"\* \* \* investigation and report on the underground water supply of the valley floor in the Counties of Sutter and Yuba, including quality, replenishment and utilization thereof, and, if possible, a method or methods of solving the problems involved \* \* \*",

and authorized funds to meet the costs of the investigation for one year. A supplemental agreement executed by the same parties on December 3, 1948, authorized funds to complete the investigation and report.

The Sutter-Yuba Counties Investigation was conducted and Bulletin No. 6 was prepared by the Division of Water Resources of the Department of Public Works, under the direction of the State Water Resources Board. Funds to meet the cost of investigation and report were provided as follows: State of California (State Water Resources Board), \$20,000; County of Sutter, \$10,000; and County of Yuba, \$10,000. Additional funds provided by the Legislature have been expended by the State Water Resources Board in connection with the current State-wide Water Resources Investigation, certain results of which were used in connection with the Sutter-Yuba Counties Investigation.

Bulletin No. 6 contains an inventory of the underground and surface water resources of the valley floor in the Counties of Sutter and Yuba, estimates of present and probable ultimate water utilization, estimates of present and probable ultimate supplemental water requirements, and preliminary plans and cost estimates for water development works.

Very truly yours,

C. A. GRIFFITH  
Chairman

CALIFORNIA STATE PERSONNEL BOARD  
January 5, 1953

*Mr. Joseph Beek, Secretary of the Senate*  
*The State Senate, Sacramento, California*

DEAR MR. BEEK: The State Personnel Board at its regular meeting on December 5, 1952, adopted the following resolution:

*Resolved*, That the Report to the Governor and the Legislature concerning state salaries and other matters together with recommendations be adopted as the report prepared in conformance with Government Code Section 18712. The Secretary of the State Personnel Board is directed to file the report with the Governor immediately and to file copies with each house of the Legislature in accordance with Government Code Section 18712.

In conformance with this resolution, we are transmitting a copy of this report to be filed with the Assembly.

Very truly yours,

JOHN F. FISHER  
Secretary

GENTLEMEN: I respectfully submit for your consideration a report prepared for me concerning Senate Resolution No. 16 on August 6, 1952, which I am sure you will find to be self-explanatory.

A summation of the report indicates the adoption of the Resolution would increase our manufacturing and mailing costs between \$130,000 and \$150,000 in a license plate year, and would increase our mailing cost in each license tab year in proportion to the number of plates issued as duplicates and to new and nonresident vehicles which are mailed.

It would also increase the overall size of our license plates from 6½ inches in width by 13½ inches in length to approximately 6½ inches in width and 16½ inches in length, and would require the Department to make several changes in its present methods of operation.

In view of the increased cost and other related problems, I would not recommend that any change be made in the design, weight, or system used presently.

Respectfully submitted,

Comments and Recommendations re Senate Resolution No. 16 of August 6, 1952

In compliance with your request I have made a rather extensive study concerning the possibilities of using a Golden Poppy as a symbol on our license plates as proposed by Senate Resolution No. 16 of August 6, 1952.

The resolution and various factors concerning the production of our license plates have been discussed at length with representatives of Correctional Industries of the Department of Corrections, manufacturers of our license plates and tabs. It is mutually agreed that it is not feasible to place such an emblem on the presently designed license, as its size, which is prescribed by law, is just sufficient to accommodate the maximum number of characters required under our existing numbering system. If we do not retain our present plate design, it would seem to resolve the problem to one of two choices; namely, we either change our numbering system or enlarge the license plate.

In my study of the problem, I have found generally it is not possible to patent or copyright a system or a plan of numbering (see copies of correspondence attached). In view of this fact, a new numbering system could possibly be devised; however, any system to be considered must be capable of providing a capacity sufficient to meet our registration requirements over a five year period, also it must be coordinated with the limitations of our machine operations. We estimate over a five year period we will need 8,500,000 auto plates, 1,500,000 commercial plates, 700,000 trailer plates, and 90,000 motorcycle plates to meet our registration, duplicate, and distribution requirements; and in accordance with provisions of the Vehicle Code, registration numbers assigned to each class of vehicle must run in a separate numerical series. (See 157 CVC.)

The second choice would be to increase the size of the license plate. As previously stated, there is a provision in the Vehicle Code that specifically prescribes that the plate shall be 6½ inches in width and 13½ inches in length. This provision was enacted by

the Legislature in 1929 at the request of various individuals and organizations interested in establishing a definite size of plate to encourage the use of license plate frames and holders, many of which are issued as advertising media. Any change in size would require an amendment to the Code, and no doubt, bring objections from these groups.

An increase in the size of the plate would also increase our annual postage costs. At the present time, a pair of plates complete and ready for mailing will weigh a fraction under one pound. It is estimated to provide sufficient space for embossing a Poppy on each plate, it will require from  $2\frac{1}{2}$  to 3 inches of additional steel, increasing the length of the plate from its present  $13\frac{1}{4}$  inches to  $16\frac{1}{4}$  inches, more or less. Such an increase in size would increase our mailing cost an estimated average of 4¢ per pair, or between \$30,000 and \$32,000 in a license plate year. It is estimated that throughout the State in such a year, there are between 750,000 and 800,000 pairs of plates mailed by Departmental offices.

Other cost factors to be considered are the costs for additional materials, dies, changes in manufacturing equipment, and transportation charges. It has been estimated by Correctional Industries that these additional costs will run between \$100,000 and \$125,000.

Any material change in size would also be in direct conflict with the recommendations of the Automobile Manufacturers Association and the Association of Motor Vehicle Administrators, who have been striving for the past 8 to 10 years to secure the adoption by all states of a license plate 6 inches in width and 14 inches in length.

As one considers this problem, there are many other factors that present themselves. For example, any symbol that might be used when embossed into the plate and then painted to achieve the desired results should, when finished, look and appear in every respect, as near as possible to the selected object. This would require a careful selection of the paint to be used for the background, the letters and numbers, and the symbol on the plate so that the colors selected would not affect the visibility and legibility of the plate. It has been proved by test that our present combination of colors are the best in this respect.

In conclusion I earnestly recommend that we strive to retain our present size plate and present numbering system. Over a period of years both have proved most satisfactory, and have completely fulfilled all the requirements of a license plate.

Respectfully submitted,

Department of Motor Vehicles

DEAR MIKE: Some time back, you inquired in regard to patents. One of the patents that had to do with license plate manufacture is owned by the Scovill Manufacturing Company. It is in the name of Allen Ruffin, Patent No. 2,274,744, dated March 3, 1942. The owner of this patent at one time contended that the State of Connecticut infringed it. However, our knowledge is that nothing ever came to pass.

The patent covers particularly the construction of a raised panel formed upwardly from the face of the license number plate to which is removably attached the year license tag. This is the only patent of any consequence that we have found and it is brought to your attention simply for the purpose of including it in the previous correspondence on this subject.

There is no provision in the copyright law under which it is possible to secure the exclusive right to an idea, system, plan, or method of doing anything.

An original writing, embodying the operation of a particular idea, system, plan, or method may be copyrighted upon complying with the requirements governing the particular class of work to which it belongs. However, such copyright would protect only the original text or pictorial matter against exact or colorable reproduction. It would not secure the exclusive right to the idea, plan, or system.

AMERICAN ASSOCIATION OF

August 28, 1952

Mr. M. A. Page, Chief Clerk  
Department of Motor Vehicles

Sacramento 6, California

DEAR MIKE: As requested in your letter of August 13, 1952, I have checked with the Copyright Office of the Library of Congress, and also with the U. S. Patent Office in regard to patented registration numbering systems. As a result of my contacts with these two offices, it is my understanding that it is not possible to copyright or to patent a system of numbers.

Attached hereto is a copy of a circular provided by the Copyright Office which deals with "ideas, systems, plans or method of doing anything". Although the Patent Office could not provide a similar circular, I was informed that generally speaking the same rule prevailed. The Patent Office did say, however, that if the letter or numeral was of a design that affected the structure on which it was placed that it might be patentable. For example, if the letters or figures on your license plates were so embossed as to give additional strength to your plate, the method of embossing the numerals and letters might be patentable and therefore might include numerals and letters.

It was pointed out, however, that as far as patenting a system or plan of numbering in itself, was not possible. My informant emphasized in this case that the plate, or the validating marker used on the plate, or means of attaching the plate to the vehicle, are patentable under the usual rules. The information obtained, of course, was verbal. Inquiry was made at the Patent Office, however, respecting the possibility of a patent having been granted erroneously on a numbering system. In this connection, I was informed that there was such a possibility and the only safeguard against such a situation would be the employment of a patent attorney for the purpose of searching the records to ascertain such fact. The Patent Office suggested that if a patent had been obtained on a numbering system it was in error, and might necessitate court action. My informant, however, was of the opinion that any test in such a situation would probably be determined satisfactorily to the State.

From information I have obtained, it would appear reasonably safe to proceed to use any numbering system that would meet your requirements.

The Patent Office does not file under the subject heading of "License Plates". Accordingly, patents on, or in connection with license plates are not located in one place in their files. Such patents as have been issued are for methods of attaching the plate, methods of strengthening or illuminating the plate, etc., and as a consequence, the filings are made under headings descriptive of the method or device so patented. A complete record on devices having to do with license plates would therefore require a search by a very competent patent attorney.

I can understand your concern about any change in your present numbering system. Undoubtedly, any change in numbering would seriously affect your license plate production program and would entail considerable cost to repunch the millions of cards required in connection with the California registration issuance. It would also entail a large expense in filing and other equipment necessary to accommodate the new system.

I have noted your statement with regard to the size of your present license plate and your inability to include any additional matter. In this connection, Mr. Henderson probably will recall that at last year's annual meeting of the association the question of standardizing license plate sizes was discussed. The suggested standard size for license plates was 6"x14". If a smaller size were suggested, I am wondering if it would be possible for you to go along with the program?

Yours very truly,

L. S. HARRIS  
Executive Director

August 13, 1952

Mr. L. S. Harris, Executive Director,  
American Association of Motor Vehicle Administrators,  
912 Barr Building, Washington, D. C.

DEAR PETE: Attached find copy of Senate Resolution No. 16 adopted August 6, 1952, during a special session of our State Legislature, which I am sure you will find to be self-explanatory and which Gus has referred to me for study and recommendations.

No doubt it is a desirable gesture to adorn your State license plate with some appropriate representative manifesting the greatness of your State, provided the plate is of a size that will permit, but unfortunately we have reached the point under our present numbering system and size of plate where we hardly have room to add even a small dash or dot.

As you probably know, commencing January 1, 1951, provisions of our Vehicle Code required us to issue a plate good for five years and during the intervening four year period we are to issue a symbol or other device as evidence of registration. Under this

arrangement we anticipate we will need in the five year period approximately 8,500,000 plates for our passenger cars, 750,000 for commercial trucks, 800,000 for trailers, and 150,000 for motorcycles, which will also include a supply for distribution. Now in order to get these quantities we revised our old numbering system so as to provide a maximum of seven alphabetical and numerical characters to a plate, which is the absolute maximum number of characters our present size plates will permit. It appears if we are to comply with this resolution it resolves itself down to two factors; either we change our numbering system or we enlarge our license plate. We are indeed reluctant to change the numbering system and there certainly are many reasons why we do not wish to increase the size of the plate.

Now that I have laid the ground work, here is where you enter the picture. If we are to change our numbering system, we do not want to go into any patented system, and since in the years past we have had several such systems submitted to us for consideration, also claims that our present system infringes upon someones patented system, we would like to secure from the file of the U. S. Patent Office for careful study copies of all patented numbering systems, also copies of any patents filed on license plates. With these data it is quite possible we can prepare a report for the Senate Interim Committee that will nip this in the bud.

Believe me, any assistance rendered in this matter will be greatly appreciated.

Sincerely yours,

M. A. PAGE, Chief Clerk  
Department of Motor Vehicles

### REPORTS OF SPECIAL COMMITTEES

The following reports of special committees were received:

Senators Gibson, McBride, Kraft, the Special Committee appointed to wait upon the Governor and inform him of the organization of the Senate, reported they had performed their duty.

Senators Abshire, Thompson, and Grunsky, the Special Committee appointed to notify the Assembly of the organization of the Senate, reported they had performed their duty.

### MESSAGES FROM THE ASSEMBLY

At 12.45 p.m., the following Assemblymen, Messrs. Tomlinson, Maloney, and C. W. Lyon, appeared at the bar of the Senate and announced that the Assembly was duly organized and ready to proceed with the business of the State.

ASSEMBLY CHAMBER, SACRAMENTO, January 5, 1953

MR. PRESIDENT: I am directed to inform your honorable body that the Assembly on this day elected the following statutory officers:

James W. Silliman .....	Speaker
Thomas A. Maloney .....	Speaker pro Tempore
Arthur A. Ohnimus .....	Chief Clerk
Geraldine B. Hadsell .....	Minute Clerk
Wilkie Ogg .....	Sergeant-at-Arms
Father James A. Poole .....	Chaplain

ARTHUR A. OHNIMUS, Chief Clerk of the Assembly

### RECESS

At 12.55 p.m., on motion of Senator Powers, the Senate recessed until 2.30 p.m.

### REASSEMBLED

At 2.30 p.m., the Senate reconvened.

Hon. Goodwin J. Knight, President of the Senate, presiding.

Secretary J. A. Beek at the desk.

### MESSAGES FROM THE ASSEMBLY

At 2.50 p.m., the following Assemblymen, Messrs. Stewart, Lowery and Kirkwood, appeared at the bar of the Senate and invited the Senators to attend the Joint Meeting in the Assembly Chambers at 3.00 p.m.

## RECESS

At 2.55 p.m., on motion of Senator Powers, the Senate recessed until 4.20 p.m.

## IN JOINT CONVENTION

## ASSEMBLY CHAMBER

SACRAMENTO, Monday, January 5, 1953

At 3 p.m. the Senate and the Assembly met in Joint Convention. Hon. James W. Silliman, Speaker of the Assembly, presiding.

Arthur A. Ohnimus, Chief Clerk, at the desk.

## ANNOUNCEMENT

Speaker James W. Silliman announced the presence in the Assembly Chamber of the Honorable Goodwin J. Knight, Lieutenant Governor of the State of California and President of the Senate; the Honorable Harold J. Powers, President pro Tempore of the Senate, and invited them to the rostrum.

## SENATE ROLL CALL

Hon. Goodwin J. Knight, President of the Senate, directed the Secretary of the Senate to call the roll of Senators.

The roll was called, and the following answered to their names:

Senators Abshire, Berry, Breed, Brown, Burns, Busch, Byrne, Collier, Coombs, Cunningham, Desmond, Dilworth, Donnelly, Dorsey, Erhart, Gibson, Gruensky, Hatfield, Hoffman, Hulse, Ed. C. Johnson, Harold T. Johnson, Kraft, Mayo, McBride, McCarthy, Miller, Montgomery, Murdy, O'Gara, Parkman, Powers, Regan, Sutton, Tenney, Thompson, Ward, Way, Weybret, and Williams—40.

## ASSEMBLY ROLL CALL

Hon. James W. Silliman, Speaker of the Assembly, directed the Chief Clerk of the Assembly to call the roll of Assemblymen.

The roll was called, and the following answered to their names:

Allen, Backstrand, Beck, Belotti, Berry, Bradley, Brady, Brown, Bulen, Burke, Caldecott, Casey, Chapel, Clarke, Cloyed, Collier, Collins, Conrad, Cooke, Coolidge, Creedon, Davis, Dickey, Dills, Dolwig, Donahoe, Donald D. Doyle, Thomas J. Doyle, Dunn, Elliott, Erwin, Evans, Fleury, Ernest R. Geddes, Samuel R. Geddes, Hahn, Hansen, Hawkins, Henderson, Hinekey, Hobbie, Hollibaugh, Kelly, Kilpatrick, Kirkwood, Klocksien, Lanterman, Levering, Lincoln, Lindsay, Lipscomb, Lowrey, Luckel, Charles W. Lyon, LeRoy E. Lyon, Maloney, Marsh, Masterson, McCollister, McFall, McGee, McMillan, Meyers, Morris, Munnell, Nielsen, Patterson, Porter, Rumford, Shaw, Sherwin, Silliman, Smith, Stanley, Stewart, Thomas, Tomlinson, Waters, and Weinberger—79.

## APPOINTMENT OF JOINT COMMITTEE ON ESCORT

Hon. Goodwin J. Knight, President of the Senate, announced the appointment of Senators Hatfield, Mayo, Brown, Murdy, and O'Gara, as the Senate Committee to escort His Excellency, Hon. Earl Warren, Governor of the State of California, to the bar of the Assembly.

Hon. James W. Silliman, Speaker of the Assembly, announced the appointment of Messrs. Lipscomb, Allen, Belotti, Shaw, and Collins as the Assembly Committee to escort His Excellency, Hon. Earl Warren, Governor of the State of California, to the bar of the Assembly.

**REPORT OF JOINT COMMITTEE ON ESCORT**

The Joint Committee on Escort, appointed to wait upon the Governor and escort him to the Joint Convention, appeared at the bar of the Assembly, and announced the presence of His Excellency, Hon. Earl Warren, Governor of the State of California.

**PRESENTATION OF THE LIEUTENANT GOVERNOR**

Hon. James W. Silliman, Speaker of the Assembly, presented Senator Powers who then presented Lieutenant Governor Goodwin J. Knight to the Joint Convention.

**PRESENTATION OF THE GOVERNOR**

Hon. Goodwin J. Knight, Lieutenant Governor of California, then presented His Excellency, Hon. Earl Warren, Governor of the State of California, to the Joint Convention.

Governor Warren then proceeded to address the Joint Convention as follows:

**ADDRESS BY THE GOVERNOR**

*Mr. Speaker, Lieutenant Governor Knight, President Pro Tempore Powers, Speaker Pro Tempore Maloney, and Members of the Legislature:*

Welcome to Sacramento for the 1953 Session of the Legislature—and a Happy New Year to you all.

In accordance with the Constitution I report to you the condition of our State.

The policies and statutes you enacted at the last and preceding sessions have been faithfully administered. Our finances for the fiscal year remain in balance, and in order to keep pace with kaleidoscopic changes we are building as fast as possible the additions to our governmental plant which you have authorized. I believe I can say to you that we are making progress on most fronts—but *conditions will not permit relaxation on my part or yours.*

The stream of events is so strong that we must swim our best to keep even with it. There are times even when we cannot buck the current alone. We must help each other, and it is in such a spirit that I approach this session of the Legislature. Every facility of my office and my own personal time are available to your committees and to the individual members of both Houses—new and old—for the asking.

**OUR GROWING STATE**

In a sense, California is a different State than when you met here two years ago. It is a bigger and therefore a more complex state. In these two years we have grown in population by 720,000—the equivalent of a new city of 7,000 people every week, cities the size of Ukiah, Turlock or Calexico.

The number of children in our schools is greater by 275,000, filling 9,000 classrooms.

There are 73,000 more 65-year-old people among us who are facing the unsolved problems of the aging.

There are 3,120 more patients in our overcrowded state hospitals; 1,856 more people in our overtaxed correctional institutions.

There are 556,000 more vehicles on our highways. In the same period traffic accidents have taken the lives of 7,040 of our citizens and injured 210,000 more; human sacrifices to congestion, speed, negligence and indifference.

More than 1,400 working men and women have lost their lives and nearly 300,000 have suffered disabling injuries during this same period while at their work; also due, too often, to negligence and indifference.

We have built 315,000 dwelling units in these two years which is more than the great City and County of San Francisco had at the time of the 1950 census. These new units are both urban and rural, and present real problems of local government, sanitation and public health.

We have drilled more than 8,700 new wells for agricultural and industrial purposes and have brought large new areas under cultivation to tax our already strained underground and surface water supplies.

The tempo, output and value of agriculture and industry have been sharply accelerated and problems of harvesting, processing, transportation and marketing have been accentuated.

Two hundred and fifty thousand of our young men are now in the armed forces of our country. More than 100,000 others have completed their military service and have returned from Korea to establish themselves in our ever-changing state. Sixteen hundred will never return. For them we can do nothing except to live worthily of their sacrifice; to make this State better and life more purposeful for all who live here.

If we are to do this we must face every day the problems of growth. We must recognize that these problems call for service to more people, enlarged facilities and added expense. We must cultivate our growth to insure healthy growth, looking forward to the day which is rapidly approaching when California, now the second, will be the most populous state in the Union.

What I report to you then in this message is for the purpose of sharing our joint obligations to the 11,300,000 people whom we have been elected to serve.

It is not in my opinion essential to make drastic changes in either our laws, procedures or administration. Generally speaking, they are at present sound. It is our duty nonetheless, and it should be our inspiration, wherever possible to make improvement. In whatever way we can do so we should make life better for all our people, with particular concern for those who have been afflicted by misfortune or who, because of youth or age, are entitled to our special solicitude.

#### EDUCATION

For our youth, we must continue to build classrooms to the extent of, and as fast as the bond issue of \$185,000,000 recently approved by the people, in accordance with your recommendation, will permit. Pursuant to our equalization policy, we must also provide for a just allocation to the 2,016 school districts in the State, of the money guaranteed to the public school system by the initiative constitutional amendment recently adopted by the voters.

#### COMMITTEE ON AGING

We have been able to keep abreast of the problems of youth very largely because of the invaluable services of the members of the Committee on Children and Youth authorized by the Legislature in 1943.

Many problems of youth, both of an inspirational and a corrective nature, have been met administratively through following the recommendations of these very earnest people, and you also have followed their recommendations in other instances. The cost of the committee is minimal and our experience with it has been so refreshing that I believe we can follow suit in dealing with the problems of the aging by the establishment of a like committee for that purpose.

#### SENILES

There is one problem of the aging wherein our concern has lagged far behind our other humanitarian activities. This is in the care of the senile. For them there is no real program. On the contrary, they are often caught between overcrowded and inadequate county hospitals on the one hand and state hospitals for the mentally ill on the other.

This is due to a failure to distinguish between the deterioration of senility and the symptoms of actual mental disease. Senility, in and of itself, is not insanity. The confusion has existed largely because according to our legal concept the care of senile cases is the responsibility of the counties, while the care of the insane is the responsibility of the State.

Because the line of demarcation between the two is not always clear, and because many counties have neither the facilities nor the desire to incur the expense of such care, thousands of aged people—mothers, fathers, grandparents—are committed to state hospitals as insane and are taken without their consent from the counties in which they live. There are 5,000 such cases in our state hospitals now, and the total cared for in the state hospitals during a year's time is nearly 8,000, because many of these patients pass away within a few months after they are committed. Most of these cases are terminal cases. When they are moved to a state hospital they are taken to practically another world, isolated from their relatives and friends and other familiar surroundings.

This situation should be changed. There should be sanitariums for the senile as close to their own homes as possible. They should be under local management. I do not make this proposal for the purpose of having the State shirk any part of its responsibility in the matter. I would like to have a program that will enable the State and the counties to work together on a fair basis, with each sharing the cost of both construction and operation of the institutions for the care of all seniles. I believe this would be less costly both for the counties and for the State because it would not be necessary to have the same expensive type of construction or hospital care that is required in the building and operation of state hospitals for the mentally ill.

#### MENTAL HEALTH

In the field of mental health I urge the continuance of orderly improvement of patient care and a continuance of the building program until overcrowding and bed space deficiencies are overcome. A real mental hygiene program of necessity encompasses both adequate facilities and good patient treatment. Without either the program is woefully deficient.

Progress in both of these phases has been made in California in recent years. There is one phase of the program, however, wherein we never have even approximated a satisfactory program. This is in the care of the mentally deficient.

My own memory goes back a quarter of a century on this subject and we have never in that period been able to be proud of the service we rendered to such unfortunate persons. Our institutions have always been overcrowded, obsolete, and with a waiting list running into the thousands. Recently we have gotten rid of much of the obsolescence and fire hazards, but we are at present  $19\frac{1}{2}$  percent overcrowded, and we have a waiting list well in excess of 3,000. Many have been on that list for years. The new hospital at Porterville will remedy the situation to the extent of 1,000 beds on May 1, and new additions to that hospital, to Sonoma and to Pacific Colony, will supply 1,800 new beds by 1955; but at the present rate of population growth we will still have at that time a waiting list of 2,700 even though we have 10 percent overcrowding.

Heretofore you have authorized the purchase of a site and the preparation of plans for a new such hospital at Costa Mesa. The site has been purchased, the preliminary plans are prepared, the working drawings are on the boards, and there is money in the construction fund that can be used for the project. I recommend that \$12,500,000 be appropriated for the first unit of 1,500 beds of the institution as an emergency measure. Months of valuable time could be saved by such action on your part. Having determined that the hospital will be built, no purpose could now be served by waiting for its appropriation until the budget bill is passed.

Cold figures having to do with beds and costs do not reveal all the elements of the problem. No one who has not had to care for and live with an overactive defective person could truly appreciate the hour-by-hour, day-by-day, year-by-year stress that it brings to parents and to other children in the home. No one who has not had to care for the body of a child who is alive but pitifully misformed can appreciate the heart-break and terrible fatigue such a task imposes upon a mother.

#### DISABLED

The amendment by Congress in 1950 of the Social Security Act recognized the Nation's responsibility in relieving the situation of a hitherto neglected group of citizens, the permanently and totally disabled. It was your decision in a special session I called in September of the same year, and at the last regular session, that the State's participation in a program of aid to this group of our citizens—and acceptance of federal grants towards it—should be deferred. Fantastic estimates of cost were given to the Legislature by opponents of the program on both occasions to prove that the cost would be excessive. These estimates ran as high as \$100,000,000 annually for California. Since then there has been an opportunity to test the estimates made both by the advocates of the program and those who opposed it at the time. Even the proponents were too high in the light of experience.

At present, 34 states, three territories, and the District of Columbia have the program. In 1951-52 the total cost in all of these was \$67,000,000. New York, which spent the largest amount, disbursed \$9,000,000 in this category during fiscal 1952. We now estimate that for the first year the program would cost \$11,884,000 in California, of which the State's share would be \$5,504,000, the federal share \$5,464,000, and the aggregate share of the counties, \$910,800. The contribution of the counties, however, would be offset by a transfer of recipients of general relief,

to whom \$2,400,000 would have been paid as indigents. The counties will really gain by a matter of a million and a half dollars.

All the large industrial states have instituted the program with the exception of California. If anyone in our society is deserving of the help of his government, it seems to me it is a needy person who is totally and permanently disabled. We must take care of them in some fashion, so why not do it humanely? I firmly believe that the people of our State will agree that it is a responsibility which should not be deferred any longer.

#### MEDICAL CARE

The problems of public health and medical care are always with us. We have done much in the field of public health in recent years and except for an epidemic of encephalitis which attacked 754 persons and took the lives of 46, we have had a good year. The continuance of present activities, with additional emphasis on mosquito control in the Central Valley, should be an adequate program.

There is, however, one weakness in our public health program because 16 of our less populous counties, representing 220,000 people, are unable to have a full-time health officer as do the other counties of the State. I believe that this situation could be remedied without additional cost to the State Government by authorizing the Department of Public Health to contract with these counties for the requisite services. This is not just a local problem because many of these counties are in our finest recreational areas, and an epidemic that would spread state-wide could well originate there. I recommend that legislative approval be given for such contracts.

In the field of medical care the basic problem is still with us. Medical costs are beyond the ability to pay of a large percentage of our families. I believe it is the responsibility of State Government to be interested in this phase of human welfare. Heretofore I have offered specific bills to remedy the situation. You have not given your approval to them. I urge you this time to give consideration to the problem, adopting whatever means you believe may be for the best interests of our people. I repeat to you now what I have said on many occasions—that I am not committed to any particular method of accomplishing the result. I do not want to socialize medicine. All I want to see done is to bring the cost of medical care within the means of people in the low and modest income brackets. I will cooperate with you in every reasonable way to accomplish that result and to bring to innumerable families a measure of happiness and security that they never have yet felt.

#### CHILD CARE CENTERS

At every regular session of the Legislature since 1943, the policy of maintaining state-supported child care centers has been reaffirmed for the succeeding two years. I am of the opinion that the authorization of the program should be adopted as a continuing statute at this session. It is quite apparent that the centers will be needed for some time to come. In the meantime, it is difficult to staff them because the employees cannot rely on anything but short term authorization. There have been occasions when they did not know until a few days before the termination of a two-year authorization whether they would have jobs or not. This is extremely unsatisfactory from an administrative point of view,

and should be corrected. This will not deprive the Legislature of the opportunity to terminate the program at some time in the future, but will eliminate the present recurring and purposeless uncertainty.

#### **VETERANS**

We welcome home our veterans who have been discharged from service in the Korean War, and I am sure we want them to have all the benefits provided for veterans of prior wars. This already has been accomplished with one exception—educational benefits. I therefore recommend that the benefits of our veterans' educational program be extended to the veterans of the Korean War.

The California commanders of the four national veterans' organizations are deeply concerned because of the decreasing number of beds available in California hospitals under the Veterans Administration. They have called to my attention the fact that the number has been decreased by 2,000 since June, 1950, in spite of the fact that our veteran population in California has increased to 1,750,000. They point out that we now have 4,600 veterans in our state mental hospitals and that these veterans would be entitled to hospitalization by the Federal Government for their service-connected disabilities if it had the facilities here. Certainly these veterans and others in need of care are entitled to it under the Veterans Administration. I recommend that you consider the desirability of memorializing Congress to provide veterans' facilities in California commensurate with our veteran population.

#### **POLITICAL AND ECONOMIC EQUALITY**

Our Country has just gone through a national campaign in which both great political parties urged that something should be done to advance the cause of political and economic equality. The party to which I belong, and which was successful in the national election, took the position that this action should very largely be the responsibility of State Government. Both parties advocated that the states assume a primary responsibility in this regard. I believe the time is here for everyone, regardless of party, to take cognizance of the problem, and do whatever is necessary to insure economic as well as political equality as a fact instead of a mere theory.

#### **LABOR-MANAGEMENT RELATIONS**

Labor-management relations in California since your last regular session have been characterized by a spirit of good will and both labor and management have cooperated with our State Government. Our record of work stoppages compares favorably with any of the industrial states of the Union. I attribute this largely to the fact that through the years the Legislature has not enacted punitive or retaliatory legislation. This has proved to be sound policy and I recommend its continuance during this session as our best assurance of good labor-management relations.

#### **EMPLOYMENT SECURITY**

While we are among the most forward looking states of the Nation in the field of workmen's compensation and unemployment insurance, I believe it is necessary constantly not only to improve the administration of them so as to effect economies and protect the funds from misuse, but

it is also essential to keep them geared to current economic conditions, and I recommend that this be done at this session. The unemployment insurance fund is now at an all-time high, but under present law, there will be a drastic reduction of contributions immediately. The question of whether the fund should be diminished in times of almost full employment at the risk of increasing contributions in times of widespread unemployment is questioned by some employers and I believe it should be seriously considered by you.

The unemployment insurance system is a growing one. It started with a limited number of employees and has been expanded from time to time. There are still many additional workers with substantial attachment to the labor market who are outside the program, and it is time we consider their needs. I believe we must agree that if unemployment insurance is good for some working people, it is good for all. I therefore suggest that we cover, without further delay, employees of nonprofit, religious and charitable organizations, and domestic workers in private households. I also recommend, as I did two years ago, the coverage of farm workers who have relatively stable employment and who are already covered under the Federal Old Age and Survivors Insurance program.

#### CRIME COMMISSION

The Crime Commission has completed its work and will submit its final report to you in a few days. The cooperation between the commission and the Attorney General's Office has been most gratifying and together the two agencies have done an excellent job. The commission is discharged with thanks and in accordance with my statement at the time it was constituted, I shall not ask for its renewal.

#### CIVIL DEFENSE

The world situation has not changed for the better and the civil defense requirements of two years ago exist today. An aggressive civil defense program is a minimum requirement for the protection of our people in case of an atomic attack. I recommend a continuance of the existing program, with a readiness to conform to any new federal policy that might be adopted.

#### YOUTH AUTHORITY

The work load being handled by the present Youth Authority—which consists of three members, one of whom is the director with vast administrative duties—has become intolerable. Last year they traveled 47,000 miles to attend meetings and disposed of an average of 55 cases per day. This is altogether too many cases to handle well. Two more members should be added in order to equalize the burden and to make it possible for the authority to give more thorough-going attention to the individual cases coming before it.

#### EDUCATIONAL TELEVISION

During the past year the Federal Communications Commission reached a decision of tremendous potential significance when it reserved for educational purposes approximately 10 percent of the number of television channels that can be put on the air in the United States. Eight of these channels were allocated to California. Only the channel in the Los Angeles

area has been taken up, and the remaining seven can be allotted to commercial purposes and be lost to education unless there is prompt action concerning them.

I am firmly convinced that both progress and economy can be served by utilizing television in our educational programs. It is an historic opportunity. It should be explored thoroughly and with the utmost care.

#### WATER RESOURCES

The basic need of both agriculture and industry in California is water. The greater the population of our State, the more intensified agriculture becomes, the more widespread industry is, the greater the strain is upon our water resources and the greater the water problem becomes for all our people. We must continue to develop and conserve our water resources until every drop that falls in our State is made available for beneficial use.

We have many millions of acre-feet of good mountain water running wastefully to the sea in Northern California each year. This water conserved could make garden spots out of vast areas in the more arid parts of our State. It behooves us, therefore, to press for completion of both federal and state projects now authorized, and to initiate new ones until all our streams are harnessed and regulated for the public good. It is of equal importance not to forget for one moment the interrelation and interdependence of water and land. We must continue to improve our watershed and forest land fire protection system, our forest practices program, our range land improvement work and our soil conservation program.

Specifically, we should advocate appropriations for authorized units of the Central Valley Project and authorization for new units. We should take the same action concerning the flood control projects authorized by the Federal Government and should implement them by financing the local costs in accordance with existing state policy.

We should press for an early decision in the Supreme Court of the United States of the Colorado River case between Arizona and California in order that both states may know at the earliest possible date which portion of the water of the Colorado belongs to each. Such a final decision will enable both states to plan for the future in an orderly way.

The Feather River Project authorized by the Legislature in 1951 is a great state-wide program that can benefit most parts of the State. It is truly a state-wide water development. The field studies, for which you appropriated \$800,000 in 1951, are progressing and I shall ask in the budget for another appropriation to continue the work in the next fiscal year.

The Division of Water Resources at your direction is also studying the question of eventual state ownership of the Central Valley Project. This study will continue in the next fiscal year with funds already appropriated by you.

For many years a salt water barrier has been advocated for San Francisco Bay. It is a controversial subject. Studies of various phases of the proposal have been made through the years by the United States Bureau of Reclamation and by departments of our State Government, but there still is no agreement concerning the feasibility of such a barrier. Many people are sincerely of the opinion that it would materially

benefit agriculture, industry, and the communities and counties bordering on the Bay and that it has not been adequately studied. The project, if feasible, would be of such great importance to the Bay area that I believe the Legislature would do well to have the State Division of Water Resources make a definitive study of it in order to determine its practicability. I so recommend.

The ramifications of our water problems and the imminence of state administrative functions in connection with projects like the Feather River Project, indicate to me the necessity of establishing in the State Government a Department of Water under a director, with such policy-making and advisory boards as may be necessary to broaden the base and give state-wide leadership in all our water problems. We now have the following water agencies operating almost completely independent of one another and without any directing or coordinating authority:

Division of Water Resources—Department of Public Works;

State Water Resources Board;

State Reclamation Board;

State Water Project Authority;

Colorado River Board;

San Luis Rey Water Authority;

State Water Pollution Control Board;

California Districts Securities Commission;

Nine Regional Water Pollution Control Boards;

Bureau of Sanitary Engineering—Department of Public Health.

Most of these agencies have at times negotiated with the Federal Government on particular projects and in this field could function independently of one another. However, if the State is actually to construct and administer great multiple-purpose projects, a strong administrative agency will be essential. I realize that this is not only an important undertaking but that it involves many problems. I believe there is no time better than the present to start working on it. I therefore commend it to your thoughtful consideration.

#### HIGHWAYS

I have left to the last a discussion of highways, not because it is of lesser importance, but because I believe I can emphasize the problem better here than in any other part of this message.

The highway traffic situation in California today presents a very serious problem to all of us. This is true for a very simple reason. There is not enough lane capacity in the State to carry our traffic load of 5,600,000 motor vehicles and there is not enough money available from present revenues to provide the needed construction.

As a result, we are beset by congestion, the inconvenience of delay and the tragedy of an abnormal number of traffic accidents resulting in death or injury. In 1952 alone, 3,600 of our people were killed in this way and 110,000 were injured. If we should allow these conditions to become worse we could face a traffic paralysis that would stifle our economy and make our highways a fearsome thing for all our people.

The Collier-Burns Bill, enacted by the Legislature in the 1947 Session, provided additional money for California's roads and highways and there has been a marked improvement with those funds, particularly on the State Highway System. During the intervening years, improvement

has been accomplished on 4,000 miles of our state highways, 578 miles of which are now divided multilane freeways and expressways. Over 700 bridges have been constructed as a part of this large improvement program.

This work has extended throughout the State, but the progress is not fast enough. There are too many heavily congested highways in both urban and rural areas where improvement is not in sight for many years. There is extremely serious congestion on practically all state highways within the limits of our large cities and metropolitan areas that can only be relieved through the construction of metropolitan freeways. It has been shown that with the funds which will accrue under the terms of the Collier-Burns Bill, it would take in excess of 30 years to make the improvements throughout the State that were required at the time of its passage. In some of the important counties, the period of time required under the terms of the bill would be greatly in excess of 30 years. It is generally agreed, I believe, that this is a situation which cannot be tolerated in California. An adequate highway system is perhaps of greater importance to California than to any other large state. The movement of most of our natural resources—lumber, mineral products, and various agricultural products—to the markets and processing plants is by motor trucks. The movement to and from our widespread recreational areas is largely by automobile. Our school children ride to and from school on school busses throughout the State. We are truly a state on wheels and our economy is built around the motorcar.

The lack of adequate highway facilities is a costly condition. This cost that piles up from day to day and year to year is reflected in many ways: maintenance costs go up and up to keep our worn-out road surfaces and obsolete grades and alignments in usable condition. Rights of way that must be purchased sometime increase in cost by leaps and bounds. I am advised that there is an ultimate saving of perhaps \$100,000,000 to be made by purchasing now the rights of way that are necessary for roadway expansion. In many instances throughout the State, industrial expansion and subdivision development are being held back while highway locations are awaiting definition; while in other instances and likewise all over the State, industry and subdivisions are going ahead regardless of the fact that this will increase our ultimate costs tremendously. The statement by the United States Commissioner of Public Roads, Thomas H. MacDonald, that "You pay for good highways whether you have them or not, and when you don't have them you probably pay more than if you do," certainly applies to California.

There is little if any difference of opinion between the experts concerning the extent of our deficiencies. The National Automotive Safety Foundation acting for your Joint Legislative Committee corroborates the findings of our own Division of Highways. They are also in substantial agreement on the amount of money necessary to supply these deficiencies. They are also in agreement that a billion dollars in new money over a period of 10 years is necessary to supply our deficiencies. They are also agreed that the department could efficiently administer this additional \$1,000,000,000 10-year program. It is calculated by both groups of experts that this program would cost the average motorist less than 20 cents a week. This could be accomplished by an increase in fuel taxes and other highway user taxes and still not put us out of line with

such taxes in other western states because these taxes in California are generally lower than those of other states throughout the Nation.

There will be general agreement, I believe, that our needs are great and that we have a large backlog of accumulated work to overcome quickly. At the same time there will be general agreement that we should plan carefully to do the most needed work first, and that we should do those things first that will give the greatest relief to the greatest number of people throughout the State. The records of the Division of Highways show that the greatest and only permanent relief to the present traffic congestion through all parts of the State is accomplished through the construction of multilane freeways. The value of this type of highway has been proved in California. It is no longer in the experimental stage. Its value to traffic and to the State as compared with the average city street is summed up by Professor Ralph A. Moyer of the University of California in these concise terms: "It increases capacity five times; it reduces traffic accidents by four-fifths; it cuts vehicle costs by one-third; and it reduces time costs from one-fourth to one-half."

Certainly, therefore, in your deliberations concerning this very pressing highway traffic problem, the Legislature should give careful consideration to a major or main-line freeway system that will serve all parts of the State to the greatest advantage; the great metropolitan areas where the traffic congestion is most severe, direct connection between these metropolitan areas and other centers of population, state-line connections where the inflow of traffic is heavy, north-and-south connections between Mexico and Oregon, and east-and-west arteries between California's large cities and Nevada and Arizona. Such a freeway system would be an asset to our people and our State that cannot be measured in dollars alone. It would be an incalculable benefit to our industry, to our mineral, agricultural, and recreational resources.

I conclude, therefore, that we are not confronted with a problem impossible of solution. Our need is great; we admit that. The cost in total is large; we admit that. But calculated in terms of daily use it is within our means and our ability to pay. We have the manpower; we have the materials; we have all the equipment. All that we need to do this job is the will to do.

#### HIGHWAY PATROL

One final word on highways. It has to do with traffic safety. Our accident record is appalling. It can be and has been demonstrated that more officers riding the highways can cut traffic accidents to a fraction. You have allowed a few more patrolmen in each budget but in the aggregate hardly enough to compensate for the manpower lost by the change to the 40-hour week. I believe with all my heart if you will give the Highway Patrol a sizable number of additional patrolmen that we can save many lives every month of the year. This in itself would be justification for the legislative session of 1953.

#### Senate Resolution No. 12

Relating to the continuance of the Senate Interim Committee on Fish and Game

*Resolved by the Senate of the State of California, As follows:*

1. The Senate Interim Committee on Fish and Game created by Senate Resolution 153 of the 1951 session is continued as a Senate committee at this session, with the membership and with all the rights, powers and duties possessed by the committee and its members immediately prior to the commencement of this session. Vacancies occurring or existing in the membership of the committee shall be filled by the appointing power.

2. The committee is authorized to act during this session of the Legislature including any recess, but not after final adjournment, with authority to file its final report not later than the date of adjournment.

3. The provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate as soon as such rules are adopted at this session or amended from time to time, become applicable to this committee and its members.

Until the adoption of Joint Rules at this session, the Joint Rules of the last preceding general session are incorporated herein and made applicable to this committee and its members.

4. In addition to the money heretofore made available to the committee, the sum of one thousand dollars (\$1,000) or so much thereof as may be necessary is hereby made available from the contingent fund of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said contingent fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read, and referred to Committee on Rules.

**OPINION OF THE LEGISLATIVE COUNSEL**

*Milk Control Law—No. 3658*

DEAR SENATOR HATFIELD: You have directed our attention to the following statements which appear on page 7 of the publication "Pricing Intermarket Transfers of Bulk Grade A Cream and Skim Milk," Bulletin 732, California Agricultural Experiment Station:

"Prices to be paid producers, by use classification, and rules and regulations are set forth in the Stabilization and Marketing Plan drawn up for each marketing area. Each of these plans contains the statement that the prices provided for relate to payments to be made by "each distributor within this State, who reserves or otherwise handles fluid milk for distribution within the [specified] marketing area \* \* \* \*". This has been interpreted by the Bureau and by the industry to mean that control over prices provided by the milk control laws extends only to those supplies received as *whole milk* and disposed of within the various classifications in a *single marketing area*. Under such interpretation, whole milk received by a plant and separated into cream and skim milk which are shipped to plants in *other* marketing areas does not come under Bureau of Milk Control jurisdiction. At the present time, therefore, these intermarket shipments of Grade A cream and skim milk are the only phases of the market milk industry that are not subject to rigid pricing regulations."

You have asked us if this interpretation is correct and also if any legislation is necessary to close the "loophole."

In our opinion the "loophole," if any, exists in the marketing plans rather than in the law. No amendment to the law appears necessary but perhaps some or all of the marketing plans should be amended.

Under Section 735.2 of the Agricultural Code\* the Director of Agriculture enforces the provisions of "this chapter" (Ch. 13, Div. 4, Ag. C.) and any stabilization and marketing plan initiated pursuant to the chapter. The Bureau of Milk Control presumably exercises all of the powers of the

\* All section references are to the Agricultural Code.

director under the chapter and therefore it should enforce not only the various plans but also the provisions of the chapter which are independent of the plans.

We think that it is clear that in enacting the milk control provisions the Legislature did not contemplate that the State should be divided into mutually exclusive marketing areas, but rather that inter-area transactions were to be permitted. The development of conditions of monopoly is not permitted or authorized (Sec. 735.1, last paragraph). No marketing plan is to involve a limitation upon production (Sec. 736.4). When fluid milk is sold by a distributor within a marketing area the price paid the producer shall be that for the area where the milk is sold (Sec. 736.3, subd. (a), paragraph 7).

While the provisions relating to fixing prices relate, in terms, to the prices for fluid milk and fluid cream, the prices fixed for fluid milk are not necessarily prices for whole milk.

Section 735.3, subdivision (b), defines "fluid milk" to mean any whole or concentrated milk that is *produced* in conformity with applicable health regulations for market milk at the place where such milk is consumed. This, it will be noted, goes to the production of the milk and simply requires compliance with the market milk requirements as to its production.

Fluid milk is then classified into Classes 1, 2, and 3. Class 1 is fluid milk or the cream thereof supplied to consumers as market milk or market cream or any combination of such milk or cream. It is also any market milk not packaged in hermetically sealed containers. It is also any *dairy product* in which the use of market milk is required. Lastly, it is fluid milk or fluid cream used to standardize market milk. (Sec. 735.3, subd. (b), 2d paragraph, Ag. C.)

Thus, Class 1 fluid milk includes any dairy product requiring the use of market milk. Dairy product is defined to include any product manufactured from milk or any *derivative or product* of milk (Sec. 735.3, subd. (d), Ag. C.). It seems clear that both cream and skim milk are derivatives of milk and consequently are dairy products. Since dairy products are within the definition of Class 1, and since both Grade A cream and Grade A skim milk would have to be produced from market milk, both Grade A cream and Grade A skim milk would be Class 1 fluid milk under the definition of the latter term.

Therefore, it would seem that any provision relating to Class 1 fluid milk would, so far as the code is concerned, apply also to Class 1 cream and Class 1 skim milk.

Among the mandatory requirements for the stabilization and marketing plans is one that it shall contain provisions whereby the Director of Agriculture designates and prescribes or provides methods for designating and prescribing minimum prices to be paid by distributors for fluid milk *in one or more of the various classes*. (Sec. 736.3, subd. (b)). The other classes are Class 3, which is milk used for manufacturing butter or cheese, except cottage cheese, and Class 2, which is milk used in any form not covered by Class 1 or Class 3. (Sec. 735.3, subd. (b)).

It will be noted that the classes depend upon the use to which the milk is put. Thus, while in order to be fluid milk at all the whole milk (or the

whole milk which is concentrated) must be *produced* in the manner required for the *production* of market milk. However, Class 1 fluid milk is still within the definition of fluid milk when a derivative such as cream or skim milk is involved.

The code specifically authorizes the establishment of the prices for the respective classes of fluid milk on the basis of the milk fat therein or the skim milk or a combination of both (Sec. 735.3, 5th paragraph).

When, as apparently the case in some if not all of the plans, the Class 1 price is based upon the milk fat only, the milk is separated into cream and skim milk in the area where purchased, and both are then sold in another area or areas, it seems to us that the price for fluid milk in the area where the cream is sold would govern the price to be paid the producer. Despite the fact that the substance has become "fluid cream" it still remains within the definition of Class 1 fluid milk because Class 1 fluid milk includes the derivatives of the milk.

Since, however, when the price is based on milk fat alone the value of the skim milk is not considered, there are no facilities whereby the producers may get any advantage from the sale of the skim milk. It seems to us that in such cases the producer, in effect, makes a gift of the skim milk to the distributor. Since the value of the skim milk is not considered in the price paid the skim milk cannot be followed into another area for the purpose of fixing the producer price.

The code, however, now authorizes the basing of the price upon either the milk fat or the skim milk or both. If the price were based upon a combination of both it seems to us that each could be followed into another area or areas and the producer price adjusted accordingly.

Therefore, it does not seem to us that there is any "loophole" in the law. Either the law has been misinterpreted or the stabilization and marketing plans have not been devised to take advantage of the things that the law permits.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel

The following resolutions were offered:

By Senator Ed. C. Johnson:

##### Senate Resolution No. 15

Relative to the creation of the Senate Interim Committee on Fish and Game

*Resolved by the Senate of the State of California, as follows:*

1. The Senate Interim Committee on Fish and Game is hereby created and authorized and directed to ascertain, study, and analyze all facts relating to fish and game, the conservation and protection thereof, and all matters dealing with, relating to, or otherwise pertaining to fish and game including but not limited to the operation, effect, administration, enforcement and needed revision of any and all laws in any way bearing upon or relating to the subject of this resolution, and to report thereon to the Senate, including in the reports its recommendations for appropriate legislation.

2. The committee shall consist of five Members of the Senate appointed by the Committee on Rules thereof. Vacancies occurring in the membership of the committee shall be filled by the appointing power.

3. The committee is authorized to act during this session of the Legislature, including any recess, and after final adjournment until final adjournment of the 1955 Regular Session, with authority to file its final report not later than the last legislative day of that session.

4. The committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate as they are adopted and amended from time to time at this session, which provisions are incorporated herein and made applicable to this committee and its members.

5. The committee has the following additional powers and duties:

(a) To select a chairman and vice chairman from its membership.

(b) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created.

(c) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpoenas, orders and other process issued by the committee.

(d) To report its findings and recommendations to the Legislature and to the people from time to time and at any time, not later than herein provided.

(e) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

(f) To meet and act, and to authorize its subcommittees and employees to meet and act, both within and without the State of California in the performance of its duties.

6. The sum of twenty-five thousand dollars (\$25,000) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said contingent fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read, and referred to Committee on Rules.

#### Senate Resolution No. 16

##### Relative to congratulating Jimmy McHugh

WHEREAS, Jimmy McHugh, often called "America's greatest love song composer," will celebrate his thirtieth anniversary as one of America's top song writers on Friday, January 9, 1953; and

WHEREAS, It is fitting that the Senate of the State of California should at this time honor Jimmy McHugh, a Californian by choice who has resided in Beverly Hills for 23 years, for his great successes in the field of popular music and for his numerous other activities; and

WHEREAS, Jimmy McHugh began his musical career as an office boy with the Boston Opera House where he became good friends with outstanding opera stars of that era; then from 1921 to 1929 he began his song-writing career as composer of the Cotton Club Shows in Harlem, during which time he composed such song hits as: "When My Sugar Walks Down the Street," "I Can't Believe That You're in Love With Me," and many other popular numbers, and

WHEREAS, In collaboration with Dorothy Fields, he wrote the famous "Blackbirds of 1928" with such song hits as: "I Can't Give You Anything But Love, Baby," "Digga, Digga, Doo," "I Must Have That Man," and "Porgy," and

WHEREAS, Jimmy and Dorothy wrote the last Ziegfeld Midnight Revue which introduced Maurice Chevalier to this country, and they followed this with the "International Revue" in 1930, starring Harry Richman and Gertrude Lawrence with the two great numbers: "On the Sunny Side of the Street," and "Exactly Like You," and

WHEREAS, In 1930, Jimmy McHugh and Dorothy Fields were signed by Metro Goldwyn Mayer where, as a team, they wrote for five years, composing such outstanding hits as: "Cuban Love Song," for Lawrence Tibbett; "My Dancing Lady," for Joan Crawford; "Dinner at Eight," "I'm Shootin' High," and a host of others; and

WHEREAS, They returned to Broadway and did the musical scores for "Singin' the Blues," "Clowns in Clover," and "The Palais Royale Revue," at which time McHugh introduced Phil Harris and his band with the great tune "Thank You for a Lovely Evening," and in 1940 McHugh did the musical score for "The Streets of Paris," which introduced to this country Carmen Miranda doing "The South American Way," and

WHEREAS, Jimmy then returned to Hollywood and wrote most of the musical scores for the Deanna Durbin pictures, writing such songs as "I Love to Whistle," "My Own," "You're Pretty as a Picture," "Say a Prayer for the Boys Over There," and many others, and he also wrote musical scores for Betty Hutton at Paramount, including "Murder, He Says," for Mary Martin, "Let's Get Lost," for Frances Langford, "I'm in the Mood for Love," and "I Feel a Song Comin' On," for Alice Faye, "You're a Sweetheart," for Lily Pons, "This Never Happened Before," for Gertrude Niesen, "Comin' In on a Wing and a Prayer," for Louis Armstrong, "I Couldn't Sleep a Wink Last Night," "The Music Stopped," and "This Is a Lovely Way to Spend an Evening," for Ginny Sims, "Can't Get Out of This Mood," for Perry Como, "Hubba, Hubba, Hubba," for Jane Powell, "It's a Most Unusual Day," and many others; and

WHEREAS, In 1948, Jimmy returned to New York and did the musical score for the "As the Girls Go" production, starring Bobby Clark, and writing for the show the hit tunes, "I Got Lucky in the Rain," "It's More Fun Than a Picnic," "There's no Getting Away from You," and

WHEREAS, Jimmy McHugh, with his partner, Harold Adamson, was commissioned by the Treasury Department to write both the 7th and 8th War Loan Drive official songs, and in the same patriotic spirit Jimmy produced a Bond Rally Aquacade at the Beverly Hills Hotel in 1945 where in one night's performance he sold \$28,000,000 worth of bonds, the largest such sale in one night, and as a result of his war work, in February, 1947, President Truman presented him with the Presidential Citation for his outstanding war songs and war bond work; and

WHEREAS, not only is Jimmy McHugh an outstanding figure in world of song-writing, but is recognized in the field of sports as one of America's greatest sponsors of amateur swimming, having been made a life member of the Amateur Athletic Union

of America and an honorary official of the 1948 Olympics, and in 1949, bringing to the country for the first time since the 1932 Olympics, the crack Japanese swimming team, and sponsoring them in one of the greatest A.A.U. meets ever held in this country; and

WHEREAS, Jimmy McHugh has shown a sincere interest in his community, having been elected a member of the Board of Directors of the Beverly Hills Chamber of Commerce in 1946 and its President in 1950, a member of the Board of Directors for the California Women's Symphony, the Advisory Board of the Los Angeles Philharmonic Opera Association, the Beverly Hills Y.M.C.A., and the Beverly Hills Youth Center; now, therefore, be it

*Resolved, by the Senate of the State of California, That Jimmy McHugh be congratulated on his thirtieth anniversary as one of America's top song writers; and be it further*

*Resolved, That the Secretary of the Senate is directed to transmit a suitably prepared copy of the resolution to Jimmy McHugh in Beverly Hills.*

Resolution read, and on a motion of Senator Tenney, adopted.

**RESOLUTIONS**

The following resolutions were offered:

By Senators McBride and Hatfield:

**Senate Resolution No. 17**

**WHEREAS**, John Budd Long, Jr., has completed 25 years of service to the newspapers of the State of California, as general manager of the California Newspaper Publishers Association, and

**WHEREAS**, During these 25 years, under his management, the California Newspaper Publishers Association has grown from a small group of newspapers in one section of the State to become the largest state newspaper association in United States, and

**WHEREAS**, In addition to his services to the newspapers of California, John Budd Long, Jr., is the originator of National Newspaper Week, which now is observed throughout the Nation and proclaimed by the President of the United States and all governors of states, and

**WHEREAS**, During these 25 years, as part of his duties to the newspaper publishers of California, John Budd Long, Jr., has attended all sessions of the California Legislature, where his spontaneous wit and geniality has earned for him the affectionate regard of past and present Members of the Legislature, and

**WHEREAS**, His encyclopedic knowledge of the newspaper business has proven to be of great assistance to the Members of the Legislature in dealing with legislation affecting the fourth estate and has earned for him the respect due a man who efficiently performs his duties; now, therefore, be it

*Resolved*: That the Senate of the State of California, on this eighth day of January, 1953, offers its congratulations to John Budd Long, Jr., for the completion of 25 years of highly efficient service in his chosen life work and extend to him its best wishes for many more years of service to the newspapers of California and the Nation; and be it further

*Resolved*: That the Secretary of the Senate be, and is hereby directed, to have prepared a suitably engrossed copy of this resolution, and to present the same to John Budd Long, Jr.

Resolution read, and on a motion of Senator McBride, adopted.

By Senator Hoffman:

**Senate Resolution No. 18**

Relative to the continuance of the Senate Interim Committee on Fairs and Expositions

*Resolved by the Senate of the State of California*, As follows:

1. The Senate Interim Committee on Fairs and Expositions created by Senate Resolution 162 of the 1951 Session is continued as a Senate committee at this session, with the membership and with all the rights, powers and duties possessed by the committee and its members immediately prior to the commencement of this session. Vacancies occurring or existing in the membership of the committee shall be filled by the appointing power.

2. The committee is authorized to act during this session of the Legislature including any recess, but not after final adjournment, with authority to file its final report not later than the date of adjournment.

3. The provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate as soon as such rules are adopted at this session or amended from time to time, become applicable to this committee and its members.

Until the adoption of Joint Rules at this session, the Joint Rules of the last preceding general session are incorporated herein and made applicable to this committee and its members.

4. In addition to any money heretofore made available to the committee the sum of one thousand dollars (\$1,000) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said contingent fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read and referred to the Committee on Rules.

By Senator Desmond:

#### Senate Resolution No. 19

Relating to the passing of Mrs. Thelma Rhoads Murphy

WHEREAS, The Legislature has with deep regret learned of the passing of Mrs. Thelma Rhoads Murphy at the young age of 52; and

WHEREAS, Mrs. Murphy has rendered helpful and valuable services to this State while employed in the Enrolling and Engrossing Room and also in the State Treasurer's office; and

WHEREAS, The services of such a courteous and efficient public servant will be missed by all; now, therefore, be it

*Resolved by the Senate of the State of California*, That the Members of the Legislature take this manner of expressing their sorrow at her passing, and wish to extend their sincere condolences to her husband and children; and be it further

*Resolved*, That the Secretary of the Senate is hereby directed to transmit suitably engrossed copies of this resolution to Mr. Fred Murphy, husband of Mrs. Thelma Rhoads Murphy, and to her children, Patrick Murphy, Thomas Murphy, and Marilyn Murphy.

Resolution read, and on a motion of Senator Desmond, adopted.

RALPH N. KLEPS, Legislative Counsel  
By VIRGINIA STEPHENS, Deputy

## REPORT OF THE LEGISLATIVE COUNSEL ON NEEDED REVISION OF THE STATUTES

*To the Senate and Assembly of the State of California:*

The Legislative Counsel is required by Government Code, Section 10242, to "advise the Legislature from time to time as to needed revision of the statutes," and to present a "statement calling attention to laws which have been repealed by implication or which have been declared unconstitutional by the courts but which have not been expressly repealed." I am submitting herewith the current report which contains suggestions for corrective and clarifying amendments. These matters have been accumulated in our files during the biennium from suggestions which have come from members of the staff, from public officials and from members of the public.

*No bills are being submitted to you at this time.* Many of the suggestions for clarification included in this report can be provided for during the course of the present session by those interested in the particular statutes involved. If Members of the Legislature desire to have bills prepared for them in order to make any of the suggested corrections, this office will gladly do so.

### 1. SUMMARY OF PRIOR REPORTS

This office has filed previous reports on the needed revision of our statutes, and the prior reports are published in the journals of the Legislature. The 1947 Report will be found in the Assembly Journal for February 4, 1947, at page 1326; the 1949 Report will be found in the Assembly Journal for January 27, 1949, at page 752, and in the Senate Journal for January 27, at page 360; and the 1951 Report will be found in the Assembly Journal for January 15, 1951, at page 484, and in the Senate Journal for January 16, 1951, at page 231. Most of the prior suggestions have been acted on, but the following items have not: (1) 1947 Report—suggested repeal as obsolete of Revenue and Taxation Code Sections 3521, 3964 and 3965 (the latter two as added in 1943); (2) 1951 Report—Items 51-5 and 5-28.

### 2. 1953 SUGGESTIONS

#### Agricultural Code

Secs.

154.3, (Item 53-1)—These sections should be amended to conform  
785, to the terminology of the inferior court reorganization and  
843.1, to reflect the increased jurisdiction of those courts.  
919,  
1013,  
1044.5,  
1106.2,  
1106.3

## Secs.

- 380.64, (Item 53-2)—The reference in these sections to the "regular" session of the Legislature should be corrected to refer to the "general" session, so as to accord with Art. IV, Sec. 2(a) of the Constitution.
- 512,
- 661 (d),
- 679,
- 737.10,
- 1092,
- 1300.2
- 400, 415 (Item 53-3)—The references in these sections to Sec. 369 are erroneous and should be corrected to refer to Sec. 370.6. Sec. 369 was repealed by Chapter 1099 of Stats. 1947 and renumbered as Sec. 370.6.
- 762.95 (Item 53-4)—The word "article" in the first paragraph of this section should be corrected to read "chapter."

**Business and Professions Code**

- 6945 (Item 53-5)—The word "permit" in the first line of this section should be corrected to read "print."
- 7329, (Item 53-6)—These sections define and use the term "manager-operator." It is now synonymous with the terms hairdresser, cosmetician, and cosmetologist, due to the amendment of Sec. 7373 by Stats. 1951, Ch. 1367, which deleted the reference to the manager-operator license. The sections are now obsolete and should be corrected by deleting the term. (See (1952) 19 Ops. A. G. 206.)
- 7331,
- 7334,
- 7393
- 7686 (Item 53-7)—The word "providings" in the second sentence of this section should be corrected to read "proceedings."

**Civil Code**

- 43 (Item 53-8)—The reference in this section to the Political Code should be corrected to refer to the Government Code.
- 1180, (Item 53-9)—These sections, together with Code of Civil Procedure Section 179, relate to the power of a judge, court clerk and other officers to take acknowledgments and proofs of instruments. The sections listed have not been amended since the creation of the district courts of appeal, the creation of the municipal courts and the inferior court reorganization of 1949 and 1951. These sections should be amended to conform to Code of Civil Procedure Section 179, and also should clarify the power of judges of the new justice courts and deputy clerks of the district courts of appeal to take such acknowledgments.
- 1181,
- 1184
- 1183.5 (Item 53-10)—This section was originally passed as a temporary measure, but was made permanent by Stats. 1951, Ch. 386. The part of the section relating to temporary effect should be deleted.

## Secs.

- 2080.1, (Item 53-11)—These sections should be amended to conform to the terminology of the inferior court reorganization.  
 2080.2,  
 2080.3,  
 2080.4

3265g (Item 53-12)—This section, relating to orders stopping payment of a check and to payment of a check after such order to stop payment, should be amended to conform to Sections 990 and 992 of the Financial Code, enacted by Stats. 1951, Ch. 364.

3440.1 (Item 53-13)—An error was made in drafting Sec. 3440.1, added by Stats. 1951, Ch. 1687, which resulted in an apparent application of the ten day period not only to the recordation of notice of sale, but also to the publication of such notice. The section should be amended so as to make it clear that the ten day provision applies to subdivision (a) and the five day provision for publication applies to subdivision (b).

**Code of Civil Procedure**

1550, (Item 53-14)—These sections contain language making part of their provisions contingent upon enactment of the Financial Code and referring to certain provisions of the Banking Code and of the Building and Loan Association Act, which language should be deleted because the contingency has occurred, and the Financial Code has been enacted, including the specified provisions of the Banking Code and of the Building and Loan Association Act.  
 1555,  
 1560

**Education Code**

- 6193 (Item 53-15)—The references in this section to Secs. 4105, 4106, 4107, 4108, and 4110 of the Political Code are obsolete and the section should be amended to refer to Art. 2, Ch. 5, Div. 3, Title 3 of the Government Code.
- 8761 (Item 53-16)—There are two sections bearing this number, one added by Stats. 1947, Ch. 401, and one added by Stats. 1951, Ch. 228. The language is identical and one section should be repealed.
- 13442 (Item 53-17)—The reference in this section to the "unapportioned county elementary and high school funds" should be deleted and replaced with a reference to the "county school service fund." This change is in accord with the establishment of the County School Service Fund by Stats. 1947, Ch. 401, now Secs. 7201 and 7203 of the Education Code.
- 20358 (Item 53-18)—There are two sections bearing this number. The second was added by Stats. 1951, Ch. 1640, and should be renumbered.

**Elections Code**

Secs.

- 1702 (Item 53-19)—The second paragraph of this section, relating to the time within which a petition for disincorporation of a city can be circulated after incorporation of the city, was erroneously allocated to the Elections Code when the section was codified. The section should be amended so as to delete this paragraph, and a new Sec. 34701.5 should be added to the Government Code in the chapter relating to the disincorporation of cities.
- 2540.3, 2540.4, 2540.5, 2540.9 (Item 53-20)—These sections, relating to preventing the Communist Party from existing as a qualified political party, were held to be unconstitutional in whole or in part by the California Supreme Court in *Communist Party v. Peck* (1942), 20 Cal. 2d 536, 127 P. 2d 889. Sec. 2540.4 should be amended to delete the portion held invalid and the other sections should be repealed as invalid.
- 2843 (Item 53-21)—This section should be amended so as to make it consistent with the 1951 amendment to Sec. 2842 (Stats. 1951, Ch. 1408).
- 3921 (Item 53-22)—Numerous sections of this code should be amended to conform to the terminology of the inferior court reorganization.

**Financial Code**

- 3350-3396 (Item 53-23)—These sections comprise "Chapter 18. Prohibited Practices and Penalties" of "Division 1. Banks." This heading was inadvertently omitted when the sections were codified and should be inserted before Article 1., Miscellaneous Offenses.
- 3513 (Item 53-24)—The reference to Article 2 of Chapter 5 of this code in this section is erroneous. The reference should be to Article 2 of Chapter 4.

**Government Code**

- 4205 (Item 53-25)—The reference in this section to Code of Civil Procedure, Section 1184e is erroneous, due to repeal of 1184e by Stats. 1951, Ch. 1159. The reference should be to Sec. 1192.1 of the Code of Civil Procedure, added by Stats. 1951, Ch. 1159.
- 8200 (Item 53-26)—The part of this section limiting the number of notaries public in counties of the second class (San Francisco) to 222 was declared unconstitutional by the California Supreme Court in *Hollman v. Warren* (1948), 32 Cal. 2d 351, 196 P. 2d 562. The court also construed the word "may" as though it read "shall."

## Secs.

- 9126-9133 (Item 53-27)—These sections should comprise Art. 6, Pt. 1, Div. 2, Title 2 of the Code. However, they are enacted as Article 5, causing a duplication of Articles. The article heading should be changed to read "Article 6. Legislative Funds and Administration."
- 11007.5 (Item 53-28)—There were two sections bearing this number added to the Government Code in 1951, one by Stats. 1951, Ch. 291, and the other by Stats. 1951, Ch. 1612. The latter should be renumbered to be Sec. 11007.6.
- 11009 (Item 53-29)—There are two sections in the code bearing this number, the second having been added by Stats. 1945, Ch. 101. The latter should be renumbered to be Sec. 11012.
- 11011 (Item 53-30)—There were two sections bearing this number added to the Government Code in 1951, one added by Stats. 1951, Ch. 1573 and the other added by Stats. 1951, Ch. 1743. The latter should be renumbered Sec. 11011.5.
- 15530- (Item 53-31)—These sections comprise Part 8 of Title 2,
- 15563 Div. 3, added by Stats. 1947, Ch. 1408, relating to Planning and Research by the Governor. By the terms of Sec. 15563 this part became ineffective Oct. 1, 1949, and should now be deleted from the code as surplusage.
- 28105, 28109, (Item 53-32)—These sections, forming a part of Ch. 28110, 28113, 3, Pt. 5, Div. 2, Title 3 of the Government Code, relating to the salaries of county officers, contain references to the county supervisor acting as a road commissioner. 28117, 28119, Such references are now obsolete, since the Collier- 28121, 28123, Burns Highway Act of 1947 (Stats. (First Extraor- 28124, 28125, dinary Session) 1947, Ch. 11) created the separate 28126, 28128, office of county road commissioner, and impliedly re- 28129, 28131, pealed the practice of county supervisors acting as road 28132, 28133, commissioners. The sections should be amended so as 28137, 28139, to delete such references. (See (1952) 20 Ops. A. G. 1.) 28141, 28142, Also, some of these sections require amendment to con- 28143, 28145, form to the terminology of the inferior court reorgani- 28146, 28147, zation. 28148, 28150, 28151, 28152, 28153, 28156
- 31645 (Item 53-33)—The reference in this section to Sec. 31646 of this code is erroneous. The section should be amended to refer to Sec. 31648 of this code.
- 37500 (Item 53-34)—This section erroneously refers to the provisions of "Article 1, Chapter 5 of Division 4." There is no Chapter 5 in this division and the proper reference is to Chapter 4.
- 53826 (Item 53-35)—The phrase "within this county" erroneously appears twice in this section. The second phrase should be deleted.

## Secs.

- 54414 (Item 53-36) In the codification of this section the word "of," preceding the words "this chapter," should have been deleted; and the word "into" should have been inserted following the words "this chapter." This amendment is required to clarify the meaning of the section.
- 60000- (Item 53-37)—The enactment of Chaps. 331 and 1711 of  
60891 Stats. 1951 resulted in duplicate numbering of these sections. The sections enacted by Stats. 1951, Ch. 1711 should be re-numbered Secs. 61000-61891.
- 6106 (Item 53-38)—The references in this section to the Sanitation and Sewer Revenue Bond Act of 1941 are now incorrect due to codification of this act by Stats. 1949, Ch. 965. The references should now be to Secs. 54400-54662 of the Government Code.
- 6330 (Item 53-39)—The reference in this section to Chap. 32 of the Stats. of 1901 is obsolete and the section should be amended to refer to Art. 1, Ch. 4, Div. 4, Title 4 of the Government Code.

**Health and Safety Code**

- 209 (Item 53-40)—The reference in this section to "regular" session should be corrected to refer to the "general" session, so as to conform to Art. IV, Sec. 2 (a) of the Constitution.
- 212 (Item 53-41)—The reference to Sec. 2160.3 of the Welfare and Institutions Code in this section is meaningless since there is no such section in that code. Senate Bill 547 of the 1951 Session would have added such a section to the Welfare and Institutions Code, but in view of the fact that it failed to become law this section of the Health and Safety Code should be amended or repealed.
- 5565 (Item 53-42)—This section was added to the code by Stats. 1951, Ch. 1648. It is worded exactly the same as Sec. 5558 of this code, enacted by Stats. 1949, Ch. 1491, and should be repealed.
- 6915 (Item 53-43) The reference in this section to Sec. 3720 of the Political Code is obsolete and should be corrected to refer to Secs. 54900-54903 of the Government Code. The section should also be amended to conform to the usual code style of drafting.

## Secs.

- 11715.6 (Item 53-44)—This section denies probation or suspension of sentence by the trial court to any person convicted of violating Secs. 11712, 11713, 11714 or 11715. The Second District Court of Appeals, in *People v. Villegas* (1952), 110 C.A. 2d 354, 242 P. 2d 657, has held that Sec. 11715.6 must be construed to deny probation or suspension of sentence by the trial court to those persons convicted of Sec. 11500 (defining the crime of possession of narcotics) since any other construction "would nullify the legislative will and result in an absurdity." The legislative intent could be clarified by adding Sec. 11500 to those sections listed in Sec. 11715.6.
- 14074.5 (Item 53-45)—There were two sections bearing this number added to the Health and Safety Code in 1951, one by Stats. 1951, Ch. 446, and the other by Stats. 1951, Ch. 1587. The latter should be renumbered to be Sec. 14074.6.
- 14689 (Item 53-46)—This section should be amended to conform to the terminology of the inferior court reorganization.
- 32002 (Item 53-47)—The reference in this section to Stats. 1933, Ch. 879, should be corrected to refer to Ch. 1 of Title 6 of the Government Code which codified the provisions of Stats. 1933, Ch. 879.
- 32100.5 (Item 53-48)—The reference contained in this section to Sec. 32100.7 should be corrected to read Sec. 32100.4. There is no Sec. 32100.7.
- 35201 (Item 53-49)—The reference in this section to the Banking Code should be corrected to refer to the Financial Code, which superseded the Banking Code.
- 5050 (Item 53-50)—The Governor and Attorney General have suggested that this section, as amended by Stats. 1951, Ch. 271, does not express the legislative intent. The condition precedent to the formation of a county mutual fire insurance corporation should be more clearly expressed.
- 10660 (Item 53-51)—The reference in this section to Sec. 595 of the Civil Code is obsolete due to enactment of the Corporations Code. The reference should be to Sec. 9303 and the first paragraph of Sec. 9301 of the Corporations Code.

**Labor Code**

- 1204 (Item 53-52)—This section refers to Secs. 1179, 1182, 1184, and 1186 of the Labor Code. The sections referred to were renumbered and amended by Stats. 1949, Ch. 1454, and the reference in Sec. 1204 should be amended to refer to the present appropriate sections 1178, 1182, and 1184.
- 1944.1 (Item 53-53)—By its terms this section was effective only until the ninety-first day after final adjournment of the Fifty-seventh (1947) Regular Session of the Legislature. It is now obsolete and should be repealed.

## Secs.

- 5500.5 (Item 53-54)—The word "exceptance" in the last sentence of this section should be corrected to read "acceptance."
- 2503, 2505, 2508, 6801, 6802 (Item 53-55)—The reference in these sections to the Railroad Commission should be deleted and the sections amended to refer to its successor, the Public Utilities Commission.
- 8000 (Item 53-56)—The reference in this section to Sec. 364f of the Political Code is obsolete. Sec. 364f of the Political Code was repealed by Stats. 1951, Ch. 655 and was omitted, as obsolete, from the Government Code.

**Military and Veterans Code**

- 340 (Item 53-57)—The reference in this section to the Workmen's Compensation Insurance and Safety Act of 1917 is obsolete, since the provisions of this act are now part of the Labor Code. This section should be amended to refer to Div. 4 of the Labor Code.
- 502.1, 512, 513, 515, 550 (Item 53-58)—Several changes in nomenclature were made in Divisions 1 and 2 of this code during the 1951 Session, including changing the name of the California Defense and Security Corps to California National Guard Reserve (Stats. 1951, Ch. 394; see Stats. 1951, Ch. 408) and changes in nomenclature within the California Cadet Corps (Stats. 1951, Ch. 1342). Appropriate amendments should be made to correct these sections of the code which were not amended in 1951 to correspond to the change in nomenclature.

**Penal Code**

- 325 (Item 53-59)—The reference in this section to the "district courts" is obsolete, these courts having been abolished by the Constitution of 1879. The section should be amended to refer to the superior courts.
- 598a (Item 53-60)—This section, relating to the unlawful taking of homing pigeons, was enacted by Stats. 1905, Ch. 524. It is now superseded by a similar provision in Sec. 1176.6 of the Fish and Game Code, enacted by Stats. 1947, Ch. 91, and should be repealed.
- 678 (Item 53-61)—The reference in this section to "United States gold coin" is obsolete and should be amended to refer to "lawful money of the United States," so as to conform with 48 Stat. 340, 31 U.S.C.A. Sec. 315a (1951 Supp.).
- 681 (Item 53-62)—There are two sections in the code bearing this number, the second having been added by Stats. 1913, Ch. 583. The latter should be renumbered.
- 817 (Item 53-63)—This section should be amended to conform to the terminology of the inferior court reorganization.

## Secs.

999a (Item 53-64)—The references to an “application” for a writ of prohibition contained in this section are inaccurate and should be deleted.

1205, (Item 53-65)—The words “or justice” in these sections  
1207, should be deleted to conform to the terminology of the in-  
1213, ferior court reorganization.  
1326,  
1427,  
1428

**Probate Code**

585, 586, (Item 53-66)—The reference in these sections to the Bank  
586.5 Act is incorrect and the sections should be amended to refer to the Financial Code, Division One of which is the Bank Act.

**Public Resources Code**

5532, (Item 53-67)—The references in these sections to Sec. 1188  
5711 of the Political Code are obsolete and the sections should be amended to refer to Secs. 3040 and 3041 of the Government Code. The references to the Direct Primary Act must be retained as they are restricted to that act as it read in 1926.

5560 (Item 53-68)—This section should be amended to delete “justice of the peace” and “township” in the second sentence and to substitute “judge of a justice court” and “district,” in conformance with the inferior court reorganization.

5568 (Item 53-69)—This section refers to Stats. 1902, Ch. 32, which has been codified as a part of the Government Code. The reference should be to Art. 1, Ch. 4, Div. 4, Title 4 of the Government Code.

5750 (Item 53-70)—This section refers to Ch. 32 of the Stats. of 1901 which has been codified as a part of the Government Code. The reference should be to Art. 1, Ch. 4, Div. 4, Title 4 of the Government Code.

7904 (Item 53-71)—The reference to “township” in this section is now obsolete and should be amended to refer to “judicial district” to conform to the terminology of the inferior court reorganization.

8352 (Item 53-72)—This section was added to the Public Resources Code by Stats. 1943, Ch. 609 to supplement Sec. 8351, added by the same statute. Sec. 8351 was repealed by Stats. 1943, Ch. 1124, thus leaving Sec. 8352 without any effect. Sec. 8352 is therefore obsolete and should be repealed.

**Public Utilities Code**

735, 736, (Item 53-73)—These sections should be amended to correct  
3603, a reference to Sec. 533 to read “532” and to insert “or”  
4081 instead of “on” and “of.”

## Secs.

- 819 (Item 53-74)—This section contains a phrase excepting public utility corporations from the limitations of Sec. 7503 of this code. This exception is now unnecessary as the limitations were removed from Sec. 7503 by later amendment (Stats. 1951, Ch. 1036).
- 1501- (Item 53-75)—These sections comprise Ch. 8.5 of Div. 1,  
1508 Pt. 1, which is now obsolete and should be repealed.
- 14051- (Item 53-76)—Div. 6 of this code contains two chapters en-  
14211 titled Ch. 11, and none entitled Ch. 10. The chapter contain-  
ing Secs. 14051-14211 should be renumbered as Ch. 10.

**Revenue and Taxation Code**

- 31 (Item 53-77)—The reference in this section to "parts 8 and 9 of this code" should be corrected to read: "Parts 8 and 9 of Division 2 of this code."
- 327 (Item 53-78)—The reference in this section to Sec. 4218 of the Political Code is obsolete. The section should be amended to refer to Secs. 27556-27560 of the Government Code.
- 3391, (Item 53-79)—These sections, relating to publication of delinquent lists in counties of the first class [Los Angeles] and  
3403 comprising Art. 2, Ch. 1, Pt. 6, Div. 1 of this code, were held unconstitutional by the California Supreme Court in *Consolidated Printing and Publishing Co. v. Allen* (1941), 18 Cal. 2d 63, 112 P. 2d 884.
- 25295a (Item 53-80)—Two identically worded sections bearing this number were enacted in 1951, one by Stats. 1951, Ch. 345, and the other by Stats. 1951, Ch. 74. The latter should be repealed.

**Streets and Highways Code**

- 120, (Item 53-81)—The reference in these sections to the Railroad  
1121, Commission is obsolete and the sections should be amended to  
1122, refer to the Public Utilities Commission.  
1123,  
1124,  
1125,  
5196
- 824 (Item 53-82)—The reference in this section to "Sec. 695 of the Political Code, as added by Chapter 923 of the Statutes of 1933" should be deleted as obsolete and the section amended to refer to Sec. 11274 of the Government Code.
- 5060 (Item 53-83)—The reference in this section to Pt. 4, Title 5 of the Political Code is obsolete and the section should be amended to refer to Ch. 1, Div. 7, Title 1 of the Government Code.

**Water Code**

Secs.

- 310 (Item 53-84)—This section should be amended to conform to the terminology of the inferior court reorganization.
- 1464 (Item 53-85)—The reference in this section to the Railroad Commission is obsolete and the section should be amended to refer to the Public Utilities Commission.
- 1611 (Item 53-86)—This section erroneously refers to Secs. 1111, 1112, and 1113 of the Code of Civil Procedure. The correct references are to Secs. 1011, 1012, and 1013 of the Code of Civil Procedure.
- 8129 (Item 53-87)—The reference to Title 2 of Part IV of the Political Code in this section is obsolete and should be corrected to refer to Title 3 of the Government Code.
- 8710.5 (Item 53-88)—The reference in this section to Sec. 3455 is obsolete and the section should be amended to refer to Chapter 2, Part 2, Division 15 of the Water Code.
- 8990 (Item 53-89)—The word "expand" in the first sentence in this section should be corrected to read "expend."
- 31006 (Item 53-90)—There are two sections bearing this number. The second was added by Stats. 1949, Ch. 1114, and it should be incorporated into the present Sec. 31007, thus eliminating the duplication.

**Welfare and Institutions Code**

- 778 (Item 53-91)—The third "or" in the first sentence of the last paragraph of this section should be corrected to read "of."
- 3451 (Item 53-92)—There are two sections bearing this number, the second having been added by Stats. 1950 (1st Ex. Sess.), Ch. 45. The earlier section, added by Stats. 1949, Ch. 959, was impliedly repealed by the adoption of Article XXVII of the Constitution.
- 7409 (Item 53-93)—When this section was added by Stats. 1949, Ch. 998, an appropriate chapter heading was inadvertently omitted. A chapter heading should be added to read: "Chapter 8. Psychiatric Hospital Clinic in the City of Los Angeles."

**General Laws**

- Stats. 1880, Ch. 117 (Item 53-94)—This statute, entitled "an act relating to drainage," was declared unconstitutional by the California Supreme Court in *People v. Parks* (1881), 58 Cal. 624. It is now obsolete and should be repealed.
- Stats. 1905, Ch. 69 (Item 53-95)—This statute, popularly known as the Anti-Trading Stamp or Coupon Act, was declared unconstitutional by the California Supreme Court in *Ex Parte Drexel* (1905), 147 Cal. 763, 82 Pac. 429, and should be repealed.

Secs.

Stats. (Item 53-96) —The word "or" in this section should be  
1951, corrected to read "of," so as to correct a typographical  
Ch. 1635, error.

## COMMUNICATIONS

The following communications were received and read and ordered printed in the Journal:

STATE OF CALIFORNIA, DEPARTMENT OF EDUCATION  
SACRAMENTO 14, January 7, 1953

*Mr. J. A. Beek*

*Secretary of the Senate, State of California,  
State Capitol, Sacramento 14, California*

DEAR MR. BEEK: The State Board of Education at its meeting on January 2 adopted a resolution in support of educational television and urged that the Legislature of California take such action and adopt such legislation, including the appropriation of money, as may be necessary to make available the full benefits of educational television for all of the people of California.

Enclosed is a copy of the resolution.

Sincerely yours,

ROY E. SIMPSON

Communication read, and ordered printed in Journal, and resolution ordered filed with the Secretary of the Senate.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, April 22, 1952

*Hon. Goodwin J. Knight*

*President of the Senate*

*c/o Joseph Beek*

*Senate Chamber*

*Sacramento, California*

DEAR MR. PRESIDENT: At the request of Mrs. Anna M. Rosenberg, Assistant Secretary of Defense, I am sending to the Senate a copy of her letter of April 19th commending the Legislature on adopting Assembly Concurrent Resolution No. 9 relating to the Armed Forces Radio Services.

Sincerely,

EARL WARREN, Governor

(COPY)

ASSISTANT SECRETARY OF DEFENSE  
WASHINGTON 25, D. C.

April 19, 1951

DEAR GOVERNOR WARREN: Major General John M. Devine, Director, Office of Armed Forces Information and Education, has informed me of the action of the Legislature of the State of California in adopting Concurrent Resolution No. 9 on the occasion of the eleventh anniversary of the Armed Forces Radio Service at Los Angeles.

Many citizens of the great State of California have given generously of their time and talent to Armed Forces Radio Service. Their efforts have helped make it possible for our men and women overseas to enjoy a radio fare comparable to that offered by the major networks here at home. The action by the Legislature of the State of California is an extension of this fine patriotic spirit which has been the life blood of AFRS.

The morale and welfare of our people serving overseas and their will to carry on under the greatest difficulties are of special concern to the Department of Defense. We recognize the important part that radio plays in the everyday life of Americans. We are grateful to those who assist and encourage us in our effort to keep radio a part of the daily life of our servicemen overseas.

Please extend my thanks to the members of the Legislature for their expression of interest in the welfare of our Armed Forces and their generous praise of the Los Angeles Office of Armed Forces Radio Service.

Sincerely yours,

ANNA M. ROSENBERG

HONORABLE EARL WARREN  
Governor of California  
Sacramento, California

## RESOLUTIONS

#### MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, January 6, 1953

*To the Senate of the State of California:*

I have the honor to inform you that I propose to make the following appointments, and respectfully request your confirmation thereof and consent thereto:

PAUL A. MARIANI, a resident of Cupertino; orchardist; fruit shipper; Member of the Agricultural Prorate Advisory Commission since May 18, 1945;

to the Agricultural Prorate Advisory Commission (representing the prune and apricot growers), vice self, for the term prescribed by law, ending January 1, 1957.

IRA REDFERN, a resident of Selma; vineyardist; Member of the Agricultural Prorate Advisory Commission since May 18, 1945;

to the Agricultural Prorate Advisory Commission (representing the grape growers), vice self, for the term prescribed by law, ending January 1, 1957.

Respectfully,

EARL WARREN, Governor

Message read, and referred to the Committee on Rules.

**President pro Tempore of the Senate Presiding**

At 11:45 a.m., Hon. Harold J. Powers, President pro Tempore of the Senate, presiding.

**LETTER OF TRANSMITTAL**

LEGISLATIVE BUDGET COMMITTEE

January 8, 1953

*Hon. Goodwin J. Knight  
President of the Senate  
Sacramento, California*

DEAR MR. PRESIDENT: There is hereby submitted a partial report of the Legislative Budget Committee containing among other matters considered a report of a subcommittee dealing with the subject of Analysis of Field Office Operations, Department of Motor Vehicles.

It is recommended that the report of the said subcommittee be printed in the Journal and that the balance of the report be printed in the appendix to the Journal, and that 1,000 copies of that part to be printed in the appendix, be printed separately and be made available for distribution.

Respectfully submitted,

BEN HULSE, Chairman  
Legislative Budget Committee

*Senator Ben Hulse, Chairman  
Joint Legislative Budget Committee  
State Capitol, Sacramento, California*

DEAR MR. CHAIRMAN: At the meeting of the Joint Legislative Budget Committee on November 30, 1951, you appointed a subcommittee for the purpose of following up on the report made by the Legislative Auditor entitled, "Analysis of Field Office Operations, Department of Motor Vehicles," dated November 27, 1951. The subcommittee was to consist of Senator Breed, Assemblyman Hollibaugh, and Assemblyman Lipscomb.

Starting on page 4 of the Legislative Auditor's report, "Analysis of Field Operations, Department of Motor Vehicles," are recommendations numbered 1 to 5, inclusive.

(1) We concur with recommendation No. 1 in said analysis that "No new offices should be established unless the Director of the Department of Motor Vehicles has studied the situation and is able to demonstrate" an actual necessity and that "any additional office or offices are fully justified from a workload and geographical standpoint."

Unfortunately, as recited in said analysis, there has not been a clearly defined policy regarding the establishment of branch offices of the Department of Motor Vehicles. Upon occasion such offices have been established by reason of community and other pressures without regard to all of the factors which should be considered in determining the establishment of district offices.

We believe it would be desirable to set up certain standards or criteria which should be met before additional offices are established.

(2) We disagree with recommendation No. 2, which supports a staggered method of registration. Further comment on this is included later on in this report, as we felt that this needed much further explanation than could be contained in this portion.

(3) We concur that consideration might well be given, at least in the larger offices, to a change in office hours to conform with any community system of staggered office hours for business and government offices.

It is true, as recited in the analysis, that most registration functions can be performed by mail. This is not true in regard to driver's license examinations, which require appearance of the applicant in person. Thus, there is greater need for motor vehicle driver license service after usual business hours than there is for registration service.

(4) We concur that accounting functions in the field offices should be simplified, kept to a minimum, and that most accounting functions should be concentrated in the larger offices where mechanized equipment is available.

(5) We are not entirely certain as to the precise application of the recommendation that "mail service should be vigorously encouraged." If this means the mailing of

applications to the main office in Sacramento and the concentration therein of more and more functions, we think the same most inadvisable.

We think that the mailing of applications to the nearest district office of the Department of Motor Vehicles might be encouraged. Those applying for original registration of new cars, generally desire immediate issuance of license plates and issuance of certificates as promptly as possible. Thus, applicants for new car registration desire to make application, either in person or through some recognized agency, for immediate registration permitting operation of the vehicle.

We believe that the department should decentralize proceedings for original registration of motor vehicles. This operation should not be concentrated in Sacramento, but should be dispersed as widely as possible among existing district offices.

Further, when motorists receive potential registration certificates for renewal purposes, it is desirable that such motorists be enabled to obtain validation of such potential upon payment of proper fees either in person at or by mail to the nearest district office of the department. Again, this function should be decentralized among existing offices.

We believe the function of registering a new vehicle can be and should be performed through district offices, upon presentation of documents with fees, rather than by being transferred to Sacramento. We believe that operations of the department cannot be efficiently performed if too large a proportion of the total are concentrated at the headquarters office in Sacramento.

(6) We express doubt as to the advisability of the recommendation that personal checks be accepted by the department and documents processed and mailed without waiting for the checks to clear the banks.

We suggest that this plan of accepting checks be tried out on a pilot basis in one or more areas in order that experience be determined before personal checks are accepted generally. The acceptance of personal checks during a renewal period might result in serious loss or delay in collections thereon if adopted on a wholesale basis.

#### Other Comments

We commend the Department of Motor Vehicles in respect to the issuance of potential registration certificates as a method of speeding annual renewal of registration. Prior to the use of potential motorists, motor car dealers, and law enforcement officers complained that the making and mailing of new certificates after each renewal involved such delay that it interfered with motor car sales and the making of loans on motor vehicles; in fact, under the old method quite frequently a motorist could not trade in his old car or borrow money during a period of many months after renewal pending the issuance of new registration certificates.

The issuance of potential registration certificates permits the motorist to make personal appearance at any branch office, pay his fees, secure validation of the potential, which is then immediately available for placing in the vehicle, which is desirable from the point of view of enforcement officers and serves other advantageous purposes.

We desire to make further comment regarding establishment of district offices of the department as follows.

Administrative costs of the department have increased tremendously during the years. The establishment of additional branch offices would further increase certain costs and all said costs are met out of the motor vehicle revenues, thereby decreasing the amount available for maintenance and improvement of highways. Critical deficiencies on the state highway system are estimated in excess of three billion dollars. Thus, economy in administrative procedures will result in more money being available for highways.

#### Additional Recommendations

We recommend a separate renewal period for commercial vehicles, including buses, trucks, trailers and semitrailers. Renewal registration time for the latter might be designated as July 1. The changeover could be accomplished by simply collecting during January renewal fees for six months in respect to commercial vehicles, the same to be then reregistered on the succeeding July 1 for the ensuing fiscal year.

It would be necessary to amend the Vehicle Code in order to provide for a separate renewal period for commercial vehicles.

#### PROPOSAL TO STAGGER CALIFORNIA REGISTRATION OF MOTOR VEHICLES OVER A 12- OR 10-MONTH PERIOD EACH YEAR INSTEAD OF DURING PERIOD JANUARY 1-FEBRUARY 4 EACH YEAR, AS AT PRESENT

We are convinced that staggered registration over a period of 10 or 12 months instead of registration during the period January 1 to February 4 each year would not in anywise decrease the costs of registration incurred by the Department of Motor Vehicles. It is rather obvious that renewal of registration for more than five million motor vehicles involves a total number of man-hours of renewal work which might be expressed as XX total man-hours. At present a large part of these man-hours are performed by temporary employees in the Department of Motor Vehicles. However,

many of said employees are so employed during successive years and are capable of a satisfactory degree of efficiency.

One difficulty encountered under present renewal procedure is that an undue percentage of motor vehicle owners neglect to apply for renewal during the early portion of January, but wait until the end of the period of renewal or until the last day to present or transmit application for renewal. This results in throwing a tremendous work load on the department during a brief period and perhaps necessitates employment of a larger number of temporary employees to meet in part this excessive work load than would be required if applications were made evenly throughout each day of the renewal period.

On occasion the above factors are cited as reasons why there would be less of an excessive work load thrown upon the department within short periods if the procedure should be adopted of staggering registration over a 10 or 12 months period. However, we believe that it is a complete answer to the above contention to point out that staggering registration over a 10- or 12-months period would not change human nature or the habits of a large percentage of motorists who wait until nearly the last day before applying for renewal of registration.

In the event of staggered renewal over a 10-months period we may reasonably assume that the total of man-hours of work by the Registration Division could not be diminished, but rather that there would probably be an increase in the required man-hours of work. Assuming that registration renewals are permitted within a 30-day period for a total of 10 monthly periods, the department would, as at present, encounter a slack period and a rush period during which motorists would present applications. Thus, there would be at least 10 high periods of demand for service rather than the one high period of demand as at present.

Presumably in the event of staggered registration the department would not need to employ temporary help, but would be forced to employ permanent personnel who would be entitled to all employee benefits, such as vacation periods, sick leave, retirement benefits and other incidents of permanent, as contrasted with temporary, employment.

We are forced to the conclusion that staggered registration would not result in decreasing, but rather would result in increasing the costs of operation of the Department of Motor Vehicles.

#### **Enforcement of Staggered Registration Would Be Impossible**

It is obvious that the staggering of registration over a 10 months period would not only involve increase in administrative costs in determining the apportionment of the registration of more than 5,000,000 vehicles over a 10 months period, but increase in inconvenience and uncertainty on the part of the motoring public by such system of staggered renewal would render almost impossible enforcement of registration requirements.

At present, renewal of registration is evidenced as follows. During certain years new license plates, prominently displaying the year number, are issued. During other years tabs are issued indicating renewal for the current year. Potential registration cards are validated and displayed in motor vehicles. The above procedures mean that every vehicle for which registration has been obtained bears evidence of such renewal.

It should be remembered that the Department of Motor Vehicles itself does not have any substantial body of enforcement officers to apprehend those who are delinquent in renewing registration. Rather, this function is performed by members of the California Highway Patrol and by local traffic enforcement officers. The Highway Patrol and local officers have found it extremely difficult and burdensome to assure strict compliance with renewal requirements. Sometimes strict enforcement has been delayed during a period of months due to inability of the department to process renewal of registration within short periods.

Unfortunately, many motorists by design or through negligence fail to apply for renewal during the times required. Of course, some of these are later apprehended, or they may be subject to penalties when next renewal period arrives, while others may escape by leaving the State, or in the event their vehicles are junked or abandoned.

All of these difficulties would be multiplied tenfold and more in the event of staggered renewal over a 10 months period. It would be necessary to furnish some evidence of the period during which each vehicle is registered or re-registered to be displayed on the vehicle. This would involve designating months, as well as years. Such methods would render it far more difficult for enforcement agencies to determine whether each and every vehicle is currently registered at any particular time strictly in compliance with a staggered registration renewal program. Of course, failure of strict enforcement of renewal on a staggered plan would result in substantial loss of or delay in collecting registration and weight fees and vehicle license fees.

We are apprehensive that any plan for staggered renewal over a 10 months period would result in such increase in costs of administration, such inconvenience to more than five million motorists, such difficulties in enforcement and such loss or delay in collection of revenues as to be utterly objectionable.

We do not know of any advantages incident to staggered renewal that are not overwhelmed by inevitable disadvantages.

(1) It does not seem logical to suppose that the department could handle this type of renewal successfully each month when under present conditions they cannot keep even with transfers, chattel mortgages, duplicates, and other types of work that come in regularly during the year.

(2) The cost of effecting a changeover would be tremendous. This would involve a great deal of detail in apportioning registration periods for more than five million motor vehicles. It would be necessary to devise some method of notifying motorists of their appropriate renewal periods. In preparing potential registration cards indicating renewal periods on a staggered basis numerous errors may be anticipated and greater costs would be involved than occur in respect to issuance of potentials upon a calendar year basis.

(3) It would be exceedingly difficult for most enforcement officers to efficiently check expiration dates of the tags. Very likely this cannot be done in respect to moving vehicles, but only when vehicles were parked or otherwise standing still.

(4) From what has been determined from the two states already using staggered registration system, and from what has been learned from the American Association of Motor Vehicle Administrators' meetings in the past two years, it appears that Wisconsin and Missouri are still not satisfied with the operations of the twelve months' renewal periods which they have in effect. They maintain that there are various subterfuges whereby owners avoid payment of fees which are difficult to detect. Extra expenses are incurred in accounting, issuance of plates, and attempts to enforce the staggered registration program.

(5) The motoring public would not be better served. Motorists are accustomed to renewal of registration during the period January 1 to February 4 each year. Motorists would be greatly confused by a program of staggered renewal during a ten months' period. Many motorists would be absent from the state during the time renewal might be required in respect to their particular vehicles. It is notorious that California motorists travel extensively and for long periods of time in other jurisdictions. Present procedure permits application through numerous offices of the Department of Motor Vehicles, numerous offices of motor clubs, or by mail direct to the department.

It is our opinion that motorists would not be benefited by staggered registration. Rather, motorists would be subjected to great inconvenience, uncertainty and confusion by staggered registration.

#### Additional Suggestion

It is suggested that renewal of commercial vehicles be made compulsory at a time, possibly during July, separate from the renewal period for private passenger vehicles. This would decrease the excessive workload on the department during present renewal period.

Requirement that commercial vehicles be registered as of a given month, for example during July, would not result in the difficulties above-mentioned in regard to staggered renewal of registration of all vehicles.

Thus, we definitely recommend a separate renewal period for all commercial vehicles.

#### ORGANIZATION AND OPERATION OF THE CALIFORNIA HIGHWAY PATROL

The California Legislature originally created the California Highway Patrol to serve as indicated by the name in the capacity of traffic officers engaged in patrolling the highways, to regulate traffic thereon, and to enforce the traffic laws, including those declaring rules of the road and providing for registration of vehicles and the licensing of drivers. Unfortunately, during the years it appears that certain changes have occurred in regard to the status and functions of the Highway Patrol.

(1) The Legislature has gradually added to the duties to be performed by the Highway Patrol, some of which are very far afield from those indicated in the original purpose as set forth above. Thus, we suggest that the staff officers of the Highway Patrol be called upon to enumerate all of the various duties which they regard as obligatory upon or as now performed by said Highway Patrol. There may be some functions which the patrol has developed by its own initiative.

Further, Legislative Counsel should be called upon to list all statutory duties now imposed on the patrol.

We recommend that the proper legislative committee then review all of said statutory and other functions now performed by the patrol. It is our belief that the Highway Patrol should be relieved of certain of said functions. For example, if the Highway Patrol is at this time concerned with enforcement of the caravan tax law, we suggest appropriate amendment to relieve the Highway Patrol of such duty.

We recommend investigation and review of the activities of the patrol in regard to service of warrants and in transporting prisoners. We believe the legislative committee should consult with the Judicial Council which now has a committee investigating procedure in regard to service of warrants for traffic offenses.

We submit this recommendation without intending criticism of the Highway Patrol. Rather, we have in mind that the Highway Patrol should be relieved of extensive duties in regard to service of warrants and that such functions might better be performed by a separate organization, the members of which need not have the status of Highway Patrol officers.

(2) During the years it has developed that a substantial number of staff officers and personnel of the Highway Patrol perform strictly office duties and are not engaged in patrol of the highways. We recommend that the appropriate legislative committee conduct studies to determine the extent to which the Highway Patrol is being transferred into an office functioning organization.

Study should be made of the allocation of personnel during various periods of the history of the Patrol to determine the number and percentage of personnel engaged in office activities as distinguished from active patrol of the highways. We believe that it will be found that an increasing percentage of the staff officers and personnel of the Highway Patrol have been gradually assigned to office work exclusively. Remedial measures should be adopted to result in a greater percentage of Highway Patrol staff members and personnel being assigned to function on highways rather than in offices.

Repeatedly, executive officers have made reference to the total mileage of all highways in California. It would be impossible for the State to provide sufficient officers to patrol each and every mile of rural highway in the State. We doubt whether there should be amendment of the Vehicle Code attempting to specify such highways. Rather, Highway Patrol officers should have authority to enforce the traffic laws upon any highway, but a legislative resolution or administrative rule should indicate that it is the major function of the Highway Patrol to enforce the traffic laws on those highways bearing a substantial volume of traffic.

We trust that the appropriate legislative committee will not be led astray into bypaths or extraneous matters, but will concentrate its attention on two major problems:

(1) Is it advisable to enact legislation relieving the Highway Patrol of some of its statutory or self-imposed duties in order that greater attention may be devoted to patrol of the highways?

(2) Studies should be conducted to determine whether an undue percentage of the staff and other personnel of the Patrol are engaged in office duties to the neglect of the primary duty to patrol the highways of California, particularly those which carry a substantial volume of traffic.

Attached herewith is one set of statistical tables dealing with budget and personnel for the Department of Motor Vehicles and California Highway Patrol, together with an explanation and comments on the statistical tables entitled, "Budgets and Personnel for Department of Motor Vehicles and California Highway Patrol." These will be of interest to the Committee as they give a perspective picture of these operations over a period of 20 years.

Respectfully submitted,

## BUDGETS AND PERSONNEL FOR DEPARTMENT OF MOTOR VEHICLES AND CALIFORNIA HIGHWAY PATROL

### *Statistical Tables*

Attached are several tables designed to show comparative figures which are significant in studying the operations of the Department of Motor Vehicles and the California Highway Patrol. A few comments concerning each of said tables may serve to interpret and clarify the data contained therein.

#### Table I

This table is designed to show the amount of increase in the budgets, personnel, appropriations and vehicle registration over the last 10-year and 20-year periods. Columns 2, 3, and 5 give the actual figures for the years in question and columns 4, 6, and 7 show the percentage changes which have occurred.

The table indicates that the total vehicle registration in California has increased approximately 68 percent in the past 10 years and approximately 150 percent in the last 20 years. In the decade from 1932-33 to 1942-43 vehicle registration increased approximately 49 percent.

As compared to the 68 percent increase in vehicle registration, the total amount budgeted for the DMV activities has increased 238 percent in the past 10 years and Highway Patrol budgets have increased 327 percent in the same period of time. The budgets for the two functions combined have increased 279 percent in the past 10 years and over 700 percent in the past 20 years.

The increases shown in the *appropriations* are slightly below those shown in the budgets, but even in this category (appropriations) a marked increase is indicated

by the tables. The past 10 years have brought about a 253 percent increase in direct appropriations for the two activities. The amount appropriated in 1952-53 for the DMV alone is 84 percent greater than the amount appropriated for both Motor Vehicles and Highway Patrol 10 years ago.

The total personnel budgeted for the two activities has increased 98 percent in the past 10 years and 357 percent in the past 20 years. From the fiscal year ending in 1943 to that ending in 1953 the Department of Motor Vehicles' staff has increased 82 percent and Highway Patrol, 122 percent.

In analyzing the entire 20-year period it can be seen that the increase in budget was greater, percentage wise, in the later decade than in the earlier, whereas expansion in staff was greater in the earlier decade than in the later. This may be explained in part by the fact that the figures for budgets are in dollar amounts, which are influenced not only by the expansion in the department but also by the factor of increased costs. This element of inflation has been greater in the last 10 years than in the first 10 years.

In measuring the relative effectiveness of the staffs of these departments, perhaps the most significant figures are those given with regard to personnel, because of the factor of changed purchasing power of the dollar, which is of some effect with regard to budgets but of no effect with regard to personnel. Here we find that in the 10-year period between the fiscal years of 1943 and 1953 the staff required to perform these two functions increased 98 percent as compared with a 68 percent increase in vehicle registration. In the 20-year period from 1933 to 1953, staffing has jumped 357 percent as compared to 150 percent increase in vehicle registration.

One other statistic contained in the table—the number of employees per 10,000 vehicles registered—indicates that personnel expansion has been out of proportion to the increase in registration. Ten years ago, for every 10,000 vehicles on the road there were 7.3 employees in the two departments. Now, for the same number of cars, there are 8.7 employees.

**Table II**

This table is designed to show more detailed comparisons in personnel for the 10-year and 20-year periods, which have been summarized in Table I.

As regards the Department of Motor Vehicles activities, the last 10 years have shown a decrease of 11 percent in the staff assigned to drivers' licenses, an increase of 31 percent in the staff assigned to registration, and an increase of 121 percent in the staff assigned to administration. This latter figure may be somewhat misleading, however, as it will be noted from the table that the accounting function, formerly budgeted separately, has been eliminated as a separate designation in 1952-53. This accounting function is now performed and budgeted in the administration division and therefore represents a portion of the 121 percent increase indicated. Also, it should be noted that in 1952-53 new designations of "field office operations" and "financial responsibility" have been instituted, accounting for over 1,000 employees. No percentage increase in these activities is shown in the table, however, because of no comparable designation in prior years to serve as a base for percentage calculations.

As regards Highway Patrol activities, it will be seen that staffing has increased 122% in the past ten years, compared with 95% in the preceding ten years and it has increased 332% in the past twenty years. Because of the failure of the 1942-43 budget to segregate staff according to the function performed, this table does not pin point the location within the department of the increases which have occurred in the past ten years.

Over the twenty-year period, however, it will be seen that Administration has increased 460% and State Traffic Officers, 350%. Examining the twenty-year percentage increases in all the Highway Patrol activities, it would appear that there has been a greater increase in the administration of the department than in the enforcement division of the department.

For more convenient reference, the figures on vehicle registration have again been set out at the bottom of Table II. These figures serve as a base in gauging the growth of the departments. For the ten-year period—registration up 68%, DMV staff up 82%, Highway Patrol staff up 122%. For the twenty-year period—registration up 150%, DMV staff up 380%, Highway Patrol staff up 332%.

**Table III**

This table relates only to the California Highway Patrol and is intended to indicate the distribution of Uniform Personnel, including those classifications set forth in the column headings. The side headings appearing in Column (1) indicate the functions to which the men are assigned and the remainder of the columns indicate the number of men so assigned. The extreme right-hand column (Column (11)) indicates the percentage of the total Uniform Personnel which is assigned to each of the functions listed. The bottom line of the table indicates the percent of total Uniform Personnel in each of the job classifications.

It will be seen that 82% of the total Uniform Personnel are assigned to the field. Also, it is safe to assume that a substantial portion of the 200 proposed new positions

of State Traffic Officer would be assigned to the field. Thus, perhaps 90 to 95% may safely be said to be assigned to the field. These figures were taken from the State budget document and, of course, do not indicate the number of man hours spent by these officers in actually patrolling the highway as distinguished from office time.

The table also shows that of the total uniform personnel 86% are on the lowest level, that is, State Traffic Officer; 8% are Sergeants; 1% Lieutenants; and 5% are Captains or above.

Reference is here made to the report of Subcommittee No. 4 of the Senate Finance Committee, which report was submitted to the Finance Committee, dated March 24, 1952. This report indicates:

"It appears that too many uniformed men are assigned to offices. For example, 29 uniformed men, excluding the zone supervising inspector, are assigned to the Los Angeles Office."

This is borne out by Table III, which indicates that in the Los Angeles office there are 20 Officers, 5 Sergeants, 2 Captains and 2 Inspectors, in addition to the Supervising Traffic Inspector.

#### Tables IV (A) and IV (B)

These two tables are designed to show the distribution of total personnel in the California Highway Patrol, including both the uniform personnel and the civilian personnel. The two tables are identical with the exception that Table IV (A) sets forth figures as they were proposed by the Governor, calling for an increase in traffic officers of 200 positions; and Table IV (B) contains figures as they were allowed by action of the Legislature, calling for 100 new traffic officer positions. This results in a slight difference in the percentage figures.

Referring to Table IV (B), it will be seen that approximately 23 percent of the total staff of the California Highway Patrol are civilian employees; over 20 percent are clerical and stenographic positions. Approximately 78 percent are uniform personnel, of whom an unknown quantity are engaged in what might be termed "overhead" activities, rather than actual patrol of the highways.

#### Table V

This table is a copy of a table which appeared in the legislative subcommittee report referred to above, to which have been added the figures for the Fiscal Year 1945-46. In reference to this table the subcommittee report states that a considerable increase in personnel and funds has been approved by the Legislature during recent years. The figures shown do not include considerable amounts for capital outlay expenditures.

ANALYSIS OF FIELD OFFICE OPERATIONS  
DEPARTMENT OF MOTOR VEHICLES

Prepared by the Legislative Auditor  
November 27, 1951

The question of additional field offices in the Department of Motor Vehicles has arisen with each Budget, and requests for increased service to localities are invariably made to the Legislature during the time that the Budget is being considered. The universal demand for greater service has been intensified by the rapid growth in the number of motor vehicle registrations in California and a system of registration which creates cyclical overloading of the offices available to serve the public. For these reasons we have felt that additional study of the field offices of the Department of Motor Vehicles is urgently needed, and at the 1951 Session of the Legislature we recommended against adding new offices until a complete study by the Department of Finance was made of the need for offices. The Senate Finance Committee, in considering the Budget Bill item for the Department of Motor Vehicles, requested that a report on field offices should be made by the Legislative Auditor. To fulfill this request and to

assist the staff of the Budget Committee in its analysis of the Budget, we have compiled information on all of the field offices which shows general features of the program and problems in specific field offices.

In 1941 there were 70 locations in California where state transactions pertaining to motor vehicles were performed. These 70 locations handled the registration, transfers, et cetera, of approximately 3,198,639 motor vehicles. At this time the California Highway Patrol was a division of the Department of Motor Vehicles and 61 of the aforementioned locations were California Highway Patrol offices.

A total of 5,860,515 motor vehicle registrations was handled in 1950, an increase of 2,661,816 since 1941. To handle this increased work load, 13 new locations have been added, resulting in a total of 83 offices where the motorist may transact his business. These are presently all Department of Motor Vehicle offices due to the separation of the California Highway Patrol from the Department of Motor Vehicles in 1947. Eleven new offices were added for the 1951-52 Fiscal Year, making a total of 94 authorized. Apart from the offices under the direction of the Department of Motor Vehicles, there are 95 automobile clubs throughout California where members may pay their fees and secure tabs and license plates.

Analyses of the location of field offices indicate the absence of any apparent clearly defined policy regarding the establishment of such offices. It appears that, in many instances, offices were established merely upon the basis of request from the public without analyzing the necessity, the work load involved or the type of service actually needed. Since 1948 a complete survey has been made of the field office operations. A careful study is made of all requests for new offices to determine if the work load and the physical location justifies an expanded service and the type of service required.

As a result, better data now exist for the measurement of need based upon number of motor vehicles in a particular area and distance from other offices, but there is still no completely uniform or precise standard by which these factors are applied in the establishment of new branch offices.

During the 1951-52 Fiscal Year, a chief of the Division of Field Office Operations was appointed. He is directly responsible to the Director of Motor Vehicles for the functioning of the field offices. Efficiency of operations was improved considerably by the establishment of this division and also by the creation of the classification of motor vehicle representative employee. Prior to these changes employees working on drivers' license functions would perform only that type of duty and reported to the chief of the Division of Drivers' License, and the same was true of employees handling registration duties. Maximum utilization of manpower was not obtained when one group having a slow period did not assist the groups that were overloaded. This situation was remedied by the creation of the motor vehicle representatives whose duties cover all functions performed in the field offices. Field offices process all types of motor vehicle transactions.

Table I, attached, shows the total motor vehicle registrations by county for the year 1950. Table II shows the location of field offices of the various counties, the number of items processed in each office, the average number of items processed daily, the number of employees per office and the average number of items processed daily per employee. It will be noted that the average number of items processed daily per employee varies from a low of six at Needles to a high of 30.1 in Los Angeles. The office at Needles will be closed when the new office at Blythe is opened and service given to the Needles area out of Blythe on a travel basis. The high average work load in many of the Los Angeles County offices is due possibly to a greater specialization available in a larger staffed office. However, the over-all average is around 25 items per day per employee. It will be noted that most offices are operating close to the average of 25 items. The department feels this is a good average and its budget requests for additional personnel are based on this average. However, it must be remembered that in arriving at this average only permanent employees are used. Had the man hours of temporary help during registration period been included the average number of items per employee processed daily would be somewhat lower.

The cost per registered car for the services rendered by the department for the year 1950 was approximately \$1.94. The cost per item processed in three field offices selected at random was as follows:

<i>City</i>	<i>County</i>	<i>Approximate cost per item</i>
San Diego	San Diego	\$0.347
Taft	Kern	0.43
Alturas	Modoc	0.45

Consideration should be given to the fact that complete processing, such as preparation of the "potential" in the Sacramento office, is not accomplished in these field offices. The "potential" is a statement of amount of tax due sent by mail by the department to every registered motor vehicle owner.

#### *Recommendations*

1. No new offices should be established unless the Director of the Department of Motor Vehicles has studied the situation and is able to demonstrate that an actual necessity for such additional service exists, and that it is fully justified from a workload and geographical standpoint.

2. Serious consideration should be given to a staggered method of registration. When this is accomplished, motorists should be encouraged to transact their business in the office nearest to their residence. We believe savings and better service to the public will result when these measures are adopted.

3. Consideration should be given, at least in the larger offices, to a change in office hours during registration. If they opened at noon and remained open until 9 o'clock in the evening, the working public would have an opportunity to transact their business after their workday ended. This would not only convenience the public but would result in greater use of existing facilities and permit the reduction of help in temporary substations during the renewal period.

4. Accounting functions in the field offices should be simplified and kept to the absolute minimum. The main object of the field offices should be the collection of fees and delivery of documents to the motorists in the most expeditious manner. The accounting and distribution functions should be accomplished at a later date in the larger offices where mechanized equipment is available.

5. To curtail the establishment of new field offices and to reduce the total number of existing field offices, mail service should be vigorously encouraged. Seventy-five percent of the registration function is done by means of the potential, which lends itself to mail service. By now the public should be well acquainted with the use of this form. We believe that personal checks should be accepted and the processing of the documents and the mailing of the tabs or plates be completed without the delay caused by waiting for the checks to clear the banks. This causes delay to the public, breaks the normal work flow and creates additional work for the employees. Recovery on bad checks should be a separate function, using the methods employed by private business. To our knowledge all motor vehicle transactions can be accomplished by mail, except the drivers license examinations. Only in isolated localities should this function be a justification for the establishment of a field office and even in many of these cases the Highway Patrol could perform this service. Renewal of drivers licenses is required only once every four years, and it appears reasonable to assume that the motorists would journey to some motor vehicle office during that period. The type of decentralization being practiced by increasing the number of field offices is costly and does not reduce the costs of the centralized operation. It is strictly an increased service to the motorists and is using funds which if applied to the repair and construction of highways would, we believe, be of much greater benefit to the motorists. Mail service can be accomplished with less inconvenience to the taxpayer than over-the-counter service if the department will gear itself to that type of service and employ the modern methods now being used by public utilities and other private businesses with similar problems.

**MOTION TO PRINT REPORT**

Senator Hulse moved that the foregoing portion of the report submitted by the Legislative Budget Committee be printed in the Journal, and the remaining portion be printed in the Appendix to the Journal, and 1,000 additional copies be printed for distribution.

Motion carried.

**LETTER OF TRANSMITTAL**

January 5, 1953

*To the President of the Senate,  
The Speaker of the Assembly,  
and to Members of the Senate and Assembly*

During the 1952 Regular Session, the Joint Committee on Water Problems submitted to the Legislature a partial report which concerned problems vitally affecting the entire economy of the State. Those problems related to the application of state law in the control, appropriation, use and distribution of water sought to be appropriated by the United States for federal reclamation projects, primarily in connection with the Central Valley Project.

During the 1952 Regular Session and the concurrent 1952 First Extraordinary Session the Legislature considered and acted on the problems indicated by the partial

report as well as other water problems which came to the committee's attention after the report had been completed.

Your committee now submits this Second Partial Report to advise the Members of the Legislature as to action that has been taken in seeking to solve these problems.

Respectfully submitted,

J. HOWARD WILLIAMS  
GEO. J. HATFIELD  
JESSE M. MAYO  
BEN HULSE  
RALPH R. CLOYED  
J. B. COOKE  
ROBERT C. KIRKWOOD  
CARLEY V. PORTER  
HAROLD K. LEVERING

#### MOTION TO PRINT REPORT

Senator Williams moved that the letter of transmittal be printed in the Journal and the second partial report of the Joint Committee on Water Problems of the California Legislature be printed in Appendix to the Journal.

Motion carried.

### RESOLUTIONS

The following resolutions were offered:

By Senator Hoffman:

#### Senate Resolution No. 21

Relating to the State of California accepting a gift of a statue of Jedediah S. Smith

WHEREAS, It has come to the attention of the Legislature that a historical society is willing to make a contribution to the State of California for the purpose of erecting a statue in memory of Jedediah Smith; and

WHEREAS, Jedediah Strong Smith was a great explorer and scout of the West, a man of strong, outstanding moral and religious convictions, and the first American to cross the Sierra Nevada into California; and

WHEREAS, Jedediah S. Smith was the discoverer of the central route from the Rocky Mountains into California, which route was used by others following him in the Great Western Movement; and

WHEREAS, The Director of Finance has authority under Section 11005.1 of the Government Code to accept any gift of real or personal property when he believes the gift is in the best interests of the State of California; and

WHEREAS, The Legislature believes that it would be to the best interest of the State of California to accept a contribution of a historical society for the purpose of erecting a statue in commemoration of the great pioneer of the West, Jedediah Smith; now, therefore, be it

*Resolved by the Senate of the State of California,* That the Senate respectfully urges the Director of Finance to accept the gift of a statue of Jedediah Smith, and the Director of Finance is urged to provide for its being erected in a suitable place on the State Capitol grounds; and be it further

*Resolved,* That the Secretary of the Senate is directed to transmit a copy of this resolution to the Director of Finance.

Resolution read, and referred to Committee on Rules.

#### Senate Resolution No. 22

Relative to the continuance of the Senate Committee on State and Local Taxation

*Resolved by the Senate of the State of California,* As follows:

1. The Senate Committee on State and Local Taxation, created by Senate Resolution No. 190 of the 1951 Regular Session, is continued as a Senate committee at this 1953 Regular Session, with the membership and with all the rights, powers and duties possessed by the committee and its members immediately prior to the commencement of this session. Vacancies occurring or existing in the membership of the committee shall be filled by the appointing power.

2. The committee is authorized to act during this session of the Legislature including any recess, but not after final adjournment.

3. The provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate, as soon as such rules are adopted at this session or amended from time to time, become applicable to this committee and its members.

Until the adoption of Joint Rules at this session, the Joint Rules of the last preceding general session are incorporated herein and made applicable to this committee and its members.

4. The sum of \_\_\_\_\_ dollars (\$\_\_\_\_\_) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the ex-

penses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said contingent fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read, and referred to Committee on Rules.

STATE LANDS COMMISSION,  
DIVISION OF STATE LANDS  
SACRAMENTO, January 5, 1953

*To the Senate of the State of California:*

Pursuant to the provisions of Section 6211 of the Public Resources Code (formerly Chapter 800, Statutes of 1917), may we respectfully report that, according to advices

received, certificates of title under the Torrens law were issued by the following counties in accordance with the tabulation below :

Alameda -----	219	San Bernardino -----	18,506
Fresno -----	135	San Diego -----	11,476
Humboldt -----	555	San Francisco -----	34
Imperial -----	80	San Luis Obispo -----	9
Inyo -----	5	Santa Barbara -----	1,733
Kern -----	237	Santa Cruz -----	720
Los Angeles -----	226,773	Sierra -----	8
Merced -----	1	Sonoma -----	1,351
Mono -----	5	Tulare -----	144
Orange -----	15,142	Ventura -----	7
Riverside -----	475		

It will be noted that there are but 21 counties included in the above tabulation. The remaining counties have heretofore reported that there are not now and have not been in the past any Torrens title registrations in their respective counties.

The books of the State Treasurer, as reflected by his report for the fiscal year ending June 30, 1952, show a cash balance of \$60.76 in the "Torrens Title Assurance Fund" and a net deficit of \$7,921.21.

Respectfully submitted,

STATE LANDS COMMISSION,  
DIVISION OF STATE LANDS

Honorable Joseph A. Beck  
Secretary of the Senate  
State Capitol  
Sacramento, California

From: State Board of Equalization, Dixwell L. Pierce, Secretary

Subject: Liquor Control Resolutions

At the direction of the board I am happy to transmit to you for suggested inclusion in the Journal of the Senate copies of two resolutions pertaining to alcoholic beverage control adopted unanimously by the State Board of Equalization at its most recent meeting here last week.

You will observe that each resolution was introduced by Hon. William G. Bonelli, chairman of the board and its member from the Fourth Equalization District. Joining him in the favorable vote upon the resolution were Hon. George R. Reilly, vice chairman of the board and its First District member, Hon. James H. Quinn, member from the Second District, and Hon. Paul R. Leake, member from the Third District. Because of the pressure of other duties, Hon. Robert C. Kirkwood, State Controller, and ex officio member of the board, was not present when the vote was taken.

The resolution recommending the transfer of responsibility for administration of liquor control laws to a separate Alcoholic Beverage Control Commission is, I believe, completely self-explanatory. Perhaps it might be pointed out with respect to the other resolution which pertains to modification of the law regarding liquor license limitation that "A" licenses mentioned therein are on sale beer and wine while "P" licenses, also mentioned, are on sale general and that both include the right to sell alcoholic beverages by the drink, i.e. for consumption on the premises where sold.

The board members have asked me to reiterate that, working under the pertinent provisions of the Constitution and the statutes, they have given and are giving their best effort to liquor control administration but that they have adopted the resolution recommending legislative action because they believe that the proposed separation of the problems of liquor control from those encountered in tax administration will improve both state services from social, political, and economic standpoints.

DIXWELL L. PIERCE

#### STATE BOARD OF EQUALIZATION

##### RESOLUTION REGARDING TRANSFER OF LIQUOR CONTROL

Introduced by William G. Bonelli, Chairman

WHEREAS, The people of California, by constitutional provision, have provided, under the jurisdiction of the State Board of Equalization, for state regulation of the manufacture and sale of alcoholic beverages in conjunction with local policing of premises licensed for the sale of such beverages; and

WHEREAS, A separate alcoholic beverage control authority, protected in every possible way from political influences and having wide authority over liquor law administration, will promote public welfare; and

WHEREAS, The rapidly increasing population of California, with the attendant increase in licenses, permits, revenues, valuations, and hearings and litigation in connection therewith, merits the full attention of the State Board of Equalization; and

WHEREAS, A separation of the problems of liquor control from the general taxing problems of the State will improve the administration of both state services from social, political and economic standpoints;

Now, therefore, be it resolved by the Members of the Board of Equalization that they respectfully recommend to the Legislature action at its 1953 Session appropriate to achieve the following objectives:

1. Submission to the people of a constitutional amendment creating an Alcoholic Beverage Commission, consisting of members appointed by the Governor and confirmed by the State Senate, whose responsibility it shall be to administer the laws of California pertaining to the regulation of the manufacture and sale of such beverages;

2. Inclusion in the proposal of provision for judicial review of the acts of the Alcoholic Beverage Commission thus assuring that there may be speedy access to the courts to determine the lawfulness of its orders, and insuring against the possibility of arbitrary exercise of its powers;

Enactment of legislation to effectuate the purpose of the constitutional amendment by providing, upon its adoption, for the transfer of regulatory responsibility under the Alcoholic Beverage Control Act from the State Board of Equalization to the Alcoholic Beverage Commission, together with the removal from the act of its excise tax provisions to the end that they may be administered thereafter as a part of the Revenue and Taxation Code by the State Board of Equalization.

### STATE BOARD OF EQUALIZATION

#### RESOLUTION REGARDING LIQUOR LICENSE LIMITATION

*Introduced by William G. Bonelli, Chairman*

WHEREAS, The Legislature of the State of California has provided by statute for the issuance of On-Sale General Licenses in terms of 1 such license for each 1,000 of population, as established by the most recent census; and

WHEREAS, The 1950 census indicates that the enormous growth of certain counties of the State permits or requires the issuance of great numbers of new On-Sale General Licenses; and

WHEREAS, In all of the counties of the State there are already sufficient licenses to adequately serve public convenience and necessity, and the issuance of great numbers of such new licenses would be contrary to public welfare and morals, and might create unusual police problems; and

WHEREAS, The population needs for alcoholic beverage premises vary according to economic, geographic, and environmental factors in the various counties;

Now, therefore, be it resolved, that the State Board of Equalization does hereby recommend amendment of the existing statute affecting the subject matter so as to authorize and make possible the rejection of all new applications for On-Sale General Licenses in all counties in the State by providing that no such licenses shall be issued in any county of over 1,000,000 population when there already exist one "A" and/or "P" License for each unit of 2,000 population therein; and that in counties of 500,000 to 1,000,000 of population when there already exist one "A" and/or "P" for each unit of 1,500 population therein; and that in all other counties the formula shall remain as at present, providing for one "A" and/or "P" License for each unit of 1,000 of population therein; and

Be it resolved further that appropriate notice of this action and recommendation be submitted to the California Legislature for its consideration.

### MESSAGES FROM THE GOVERNOR

#### BUDGET MESSAGE

By GOVERNOR EARL WARREN, 1953-1954 BUDGET

*To the Senate and Assembly of the Legislature of California:*

In conformity with Section 34 of the Article IV of the Constitution, I submit to you the Budget for the State of California for the fiscal year ending June 30, 1954, together with my recommendations regarding financing it.

California State Government today is in an excellent financial position. We will finish the present fiscal year with our budget in balance and with our vital reserves intact, but as we look into the future we find difficulties in maintaining such a balance under present tax levels because of expense incurred by direct action of the people. The recent action of the voters in adopting a constitutional amendment substantially increasing state support of public schools added a burden to state finances which were already under the strains of inflation, increasing population, still greater school enrollment growth, shifting of obligations from local government to the State, and

public demands for more and better services. This increase in school support is almost \$70,000,000 for the budget year, 1953-54, and will mount as the number of youngsters in our schools continues to grow.

Total expenditure requirements for the 1953-54 Fiscal Year are estimated at \$1,326,851,805. This represents an increase of \$82,787,967, or 6.7 percent, over the current year, most of which is for the increased school payment of almost \$70,000,000. Special funds account for \$492,389,017 of these expenditures; \$834,462,788 must be met from taxes and other revenues available to the General Fund.

Inflation in recent years has swelled our revenues as well as increased our costs. Prudent fiscal policies have left us with a \$66,000,000 surplus and have enabled us to put aside some reserve funds for the purpose of liquidating long-term indebtedness and providing for certain future requirements that should reasonably be anticipated. It can be seen plainly, however, that revenues under present law will be short of financing the expenditures we are called upon to meet, regardless of how economically we plan our future. As is the case in many situations, there is an easy and a hard way of deciding a difficult issue, but the hard way is usually the right way. It would be easy to use up reserve funds for current expenses without regard for the soundness of these funds and without considering how great the future need for them may be. For a year or so we could consume these reserves, as an improvident farmer would eat up his seed corn, and then face a certain deficit—even a crisis if we should have a slight business depression. The hard way is to face the facts as we see them now and as we reasonably forecast them to be in the future. The following are estimates on the State General Fund for the next three years. The figures are on the assumption that there will be no recession during these years, that inflation will be halted at its present level, that our revenues and state operating expenses will increase only at the rate of growth in state population, and that capital outlays can be held to \$40,000,000 per year as a minimum amount to keep abreast of needs.

#### ESTIMATED FINANCIAL OPERATIONS OF THE STATE GENERAL FUND

Fiscal Years 1953 through 1956  
(in millions of dollars)

	1953-54	1954-55	1955-56
General Fund revenue	\$801.9	\$825.0	\$850.0
General Fund obligations:			
Current expense	\$269.3	\$275.0	\$285.0
Capital outlay	53.6	40.0	40.0
Local assistance	570.4*	621.0	657.0
Total expenditures	\$893.3*	\$936.0	\$982.0
Current operating deficiency	\$91.4*	\$111.0	\$132.0
Carry-over surplus July 1, 1953	\$66.2	—	—
Accumulated deficit June 30th	\$25.2*	\$136.2	\$268.2

Even under these moderately optimistic assumptions revenues are \$91,400,000 short of meeting expenditures for 1953-54, the shortage is \$111,000,000 for 1954-55 and \$132,000,000 for 1955-56. A business slump which would cut our receipts by as much as 10 percent would increase the accumulated deficit at June 30, 1955, to \$218,000,000 and to \$335,000,000 at June 30, 1956, if no new revenue measures are taken. We have prided ourselves for 10 years on a balanced pay-as-you-go budget because a solvent State Government is all-important to the welfare of the people of this State.

The present state tax system was enacted nearly 20 years ago. Except for an adjustment in levies for highway purposes there has been no extension of the tax base and no increase in rates since that time. On the contrary, from 1943 to 1949 we reduced taxes by 15 percent for a total saving to the taxpayers of 561 million dollars. At the present time our people are paying 18 cents less per hundred dollars of income for state taxes than in pre-World War II years. Meanwhile the State has taken on additional burdens which amount to many millions of dollars at present cost levels. Most of these added burdens are in the form of greater assistance to local government. The new rate for state support for public schools is \$180 per pupil compared to the \$60 rate for elementary schools, which did not then include kindergarten, and \$90 for high schools and junior colleges in 1942-43. The State's share of aid to the aged is now six-sevenths of state and local contributions and for blind, three-fourths—in contrast with the former fifty-fifty sharing. Moreover, the average amount of aid paid to the aged, the blind, and to needy children has been approximately doubled in the intervening years. The counties and cities now get the entire proceeds from liquor licenses and the share of motor vehicle in lieu tax to the extent of \$20,000,000 formerly state revenue sources. Truck tax proceeds amounting to \$12,635,000, now going to highway use, were also a

\* Including 5.5 million dollars for the initial year of Aid to the Needy Permanently Disabled, not included in budget totals since the program has not yet been authorized by law.

General Fund tax source. There are now heavier subsidies for local health departments, for aid to crippled children, for child care centers, and for debt service on the school building bonds.

During the last 10 years we have set aside certain moneys in reserve funds and special appropriations as a means either of funding existing obligations or making provision for future exigencies. A review of these reserves, together with their balances as of the beginning of next fiscal year, is enlightening.

Bond Sinking Fund of 1943 \$8,103,521

This fund was established in 1943 and augmented in 1945 with the amount necessary to meet interest and retirement charges on all outstanding state bonds except those which were self-liquidating or which had special liquidating measures. When this fund was established the State became, in effect, debt free. It remained so until the State lent its credit for the school building bond program. Any diversion from this fund would be a form of deficit financing.

Teachers' Retirement Fund Special Deposit \$36,853,000

The amount of \$30,000,000 was transferred to the Teachers' Retirement Fund in 1944 as a partial funding of the accumulated deficit in the Teachers' Retirement System. Interest accrued by next June 30th will be \$6,853,000. Here, again, is a fund which might be diverted for meeting current expenses, but to do so would be to increase this deficit and the need for heavier outlays from current revenues in future years.

Flood Control Fund of 1946 \$16,020,339

This is the cash balance of the \$25,000,000 set aside in 1946 and 1947 to finance local governments' shares of federal flood control projects extending over a period of years. Unfortunately, this balance is insufficient to meet the projects which have already been authorized by law as the amount originally reserved was not sufficient for increasing requirements and because of the subsequent great increase in costs over the original estimates. Dissipation of this reserve would jeopardize the orderly development of flood control projects which are so vital to the people of our State.

Postwar Unemployment and Construction Fund \$6,907,413

This is the balance of the \$90,000,000 appropriated in 1946 for postwar construction by cities and counties. All but \$580,061 of this balance is allocated to particular counties or cities. The remainder was earmarked in 1951 for water pollution control work vitally needed for the purification of our streams.

Revenue Deficiency Reserve \$75,000,000

This reserve (the so-called Rainy Day Fund) was established as a cushion against a drop in revenues below budget estimates which a business depression would produce. It was also made available for disaster relief in case of an extreme national emergency such as an atomic attack. To dissipate this fund would not only weaken the financial stability of the State but would trifle with the life of every man, woman and child in our State. If it is ever needed in time of national disaster, it will be all too small.

Capital Outlay and Savings Fund \$31,785,612

This is a carry-over of funds reserved for capital outlay needs. This budget will require every dollar of this amount to meet absolutely urgent hospital, correctional and educational building needs.

Civil Defense Outlay \$5,434,752

This represents the remainder of the \$12,000,000 set aside in 1951 for civil defense outlays such as fire fighting equipment, rescue equipment, sirens and warning systems, and medical and first aid stockpiles. It is likely that an expanded civil defense program would require the entire amount as originally reserved and this balance should, therefore, be retained at least until we know what the civil defense program of the new national administration will be.

School Bond Retirement Fund \$49,200,000

The voters have now authorized a total of \$435,000,000 in state bonds for the purpose of advancing money to school districts to build school buildings in districts where the school population has so far outstripped the rise in assessed value of taxable property that the individual districts cannot finance the building without state aid.

It is estimated that the school districts will be able to meet approximately two-thirds of the debt service on these bonds, that the remainder will be a net obligation of the State. As a partial funding of this state obligation, \$50,000,000 was placed in this retirement fund. Actually if the State were completely to fund its full share of this obligation approximately \$30,000,000 additional should be placed in this bond retirement fund. As long as the State is obligated to repay a portion of these bonds, this money cannot be considered a surplus and it seems only reasonable that if inflation has been largely responsible for this obligation, revenues obtained during inflationary times should be used to amortize the obligation. Here again is a fund which could be drawn upon to meet the current revenue deficiency, but to do so would mean only adding to future deficits.

In addition to the \$50,000,000 set aside in this fund \$20,000,000 was appropriated this year from the General Fund for school building construction to be advanced to the school districts in the same manner as the bond funds, with the same repayment requirements by the districts. The \$185,000,000 bond issue approved by the voters last November includes authorization for \$20,000,000 in bonds to repay the General Fund if the repayment is necessary to maintain the General Fund with a surplus of at least \$5,000,000 at June 30, 1953. Since the repayment to the General Fund will not be required, under present law this \$20,000,000 in bonds will not need to be sold. A change in law, however, could make this amount available. Such a change would have the result of increasing the State's long-term debt.

#### Central Valley Acquisition-----

\$9,593,919

This is what will remain of the \$10,000,000 appropriation made in the 1952 Budget for plans and "down payment" for the proposed acquisition of the Central Valley Project from the Federal Government. It is probably unnecessary to reserve the entire \$9,594,000 since any purchase arrangement would call for payment out of revenue bond proceeds. The above balance could be used for related water project plans such as the Feather River Project.

As indicated earlier, General Fund expenditures for the 1953-54 Fiscal Year will exceed the revenues of the year by more than \$91,000,000. (The deficiency would be greater by \$31,800,000 were it not for the unappropriated balance of that sum in the Capital Outlay and Savings Fund which will be used to supplement current funds for this budget's proposed capital outlay expenditures.) Against this deficiency we can apply a carry-over surplus of \$66,200,000, giving us a net deficit of \$25,200,000. We could draw upon one or more of the above reserve funds to meet this deficit. That would be the easy way so far as the immediate year is concerned, but there would be another day of reckoning in 1954. In that year our revenue deficiency would be more than \$111,000,000; the surplus would be gone and the reserve diminished.

I repeat, the above forecast is an optimistic one. If, as some economists predict, a business recession occurs after the peak of defense spending in late 1953 causing our revenues to decline, we would be short many millions more. At the same time, decreases in employment opportunities would multiply our expenditure needs for social welfare. Then there would be the inescapable necessity of drastic tax increases at a time when the State's economy could stand it the least.

The question arises as to whether the budget can be balanced solely by reducing expenditures. I believe no one would seriously contend that state expenditures can be reduced 90 to 120 millions of dollars per year without seriously crippling the services State Government renders to our people.

More than 65 percent of the State's expenditures are in the form of fixed charges under continuing appropriations and formulas established in the Constitution and permanent laws. They are not subject to ordinary budget control. They are mostly for schools and social welfare. The people have time and time again voted to increase and extend these costs rather than reduce them.

Of the remaining 35 percent, \$58,600,000 represents additional subventions to local communities and \$95,800,000 is for capital outlay, particularly for hospitals, colleges, the university, youth facilities, and correctional institutions. The remainder of \$309,400,000 is for state expenditures which are subject to budgetary control, the greater part of which are in the fields of mental hygiene, corrections, higher education and protection of natural resources. The expenditure requirements in this budget have been carefully reviewed; the recommended amounts are, in my opinion, minimum requirements for effective performance of necessary services. This State can well be proud of its record of efficient, honest and forward-looking State Government. I offer my full cooperation and the assistance of the personnel of our state departments in your consideration of this budget with the objective of further economies if any can be accomplished. I urge, however, that we avoid false economies. It would be false economy,

for example, to cut the appropriations for the Department of Mental Hygiene in such amounts that it could not proceed with its program of modern medical and psychiatric treatment which restores so many patients to useful lives. To compel it to go back to a program of mere custody would, in the long run, cost more money and fail miserably to meet the human needs. It would not be sound economy to cut our correctional system to the point where the gains in rehabilitating youthful and adult offenders would be lost. It is not good economy to continue with an understaffed Highway Patrol; a moderate increase which will serve to reduce our motor vehicle accident rate is surely good dollars-and-cents economy as well as economy in human life and limb. It would be wasteful to cut the Forestry Division below amounts needed to maintain its splendid record of low fire losses. It is not sound economy to withhold funds for the construction of needed hospitals, college classrooms, and other buildings where the need cannot be denied. Postponement only adds to future budgets.

The budget document presents a complete and fair picture of our financial situation and full information on the requirements for all state departments and functions. Your attention is invited to the major expenditures under each of the three main sections, State Operations, Capital Outlay, and Local Assistance.

### STATE OPERATIONS

As compared to Local Assistance the amounts required for all of the operating expenses of the many agencies and activities of the State Government account for the smaller part of the total budget and a much smaller part of the total increase in expenditures. Most of the increase which is recommended is for putting into operation previously authorized and newly built facilities for educational, hospital and correctional use.

The new Deuel Vocational Institution at Tracy with a capacity for 1,200 inmates will be first occupied in July, 1953. This, in addition to general improvements in parole, feeding and medical care, accounts for most of the increase for the Department of Corrections. Provision is made in the *Youth Authority* section of the department for starting the new Reception Center for Northern California which will be ready in March, 1954.

In the Department of Education the new School for Deaf in Riverside will begin its first year of operation. There will be substantial increases in enrollment at the new state colleges at Long Beach and Sacramento, and moderate increases in the other colleges.

The *University of California* will need a considerable increase for the new Medical School in Los Angeles and the new colleges of letters and sciences at Riverside and Davis.

The *Department of Mental Hygiene* requires funds to operate the new hospital for mental defectives at Porterville for the full budget year, the new hospital for maximum security cases at Atascadero for the latter part of the year, and the new receiving and treatment units at Napa and Stockton soon to be completed. Provision is made for some improvement in feeding, occupational therapies, and social service work.

An augmentation of 180 officers is recommended for the *Highway Patrol* as a further step toward meeting the full need for an adequate policing of highway traffic. A still larger force is badly needed. The proposed increase is limited to the number which can be recruited and trained during the year. This agency is, as you know, supported from the Motor Vehicle Fund.

In conformity with the recommendation of the Personnel Board in its annual report there is included a provision for an increase in the *pay of state employees* which would average 5 percent of present rates. As you will see from a reading of the board's report, a survey of pay increases granted by private industry since the last general increase would justify at least half that amount now and there is a strong likelihood that the full 5 percent will be justified by the beginning of the budget year under our long standing policy of maintaining state pay equal to that in private employment and other governmental units. I call your attention to the fact that the Personnel Board has been conservative in granting pay increases and will turn back unspent approximately \$1,997,716 of the amount you appropriated last year.

These items make up the greater part of the increase under State Operations.

### CAPITAL OUTLAY

This section of the budget deals with all of the State's capital outlay needs, including highways. The amount allocated for highway construction and improvements is limited in this document in accordance with the budget provisions of the Streets and Highways Code to estimates of the receipts which existing laws will yield for this purpose. The recent studies of your Joint Fact-Finding Committee on Highways have shown that present highway revenue measures, in these days of inflated costs, are far short of meeting deficiencies in our Highway System. The terrible toll of injuries and deaths caused by overcrowded highways cannot be allowed to go on. The highway construction problem must be dealt with separately and I shall give you my full cooperation in finding a sound solution without further delay.

A careful review has been made of the construction needs for correctional, educational, and hospital uses. Only the most urgent projects have been included. At present day costs, however, they require a large sum of money and any postponement of them would neither be honest budgeting nor sound economy. For many years during the pre-war depression hardly any funds were appropriated for the then growing capital outlay needs. During the war years, no construction work could be undertaken. In the post-war period we have devoted our efforts to catching up with these long years of neglect. Good progress has been made, but cost increases have almost trebled the amounts required for a given project as compared with prewar levels. To be specific, before World War II we could have constructed the buildings herein recommended for approximately \$33,000,000 instead of the \$90,000,000 we must pay for them at current prices.

We must build to meet the tremendously growing needs of our expanding population. Having grown by almost 4,000,000 in the last 10 years, our population is continuing to increase by approximately 370,000 annually. This means 150,000 new school children, 250,000 more automobiles, 1,500 more patients in our state hospitals and homes, 1,000 more inmates in correctional institutions, and so on, with all of our institutions presently overcrowded.

The largest project for the *Department of Corrections* is the completion of the Medical Facility at Vacaville which will provide additional capacity there and permit some relief of overcrowding at other institutions.

There is included for the *State Colleges* and the *University of California* the most urgently needed additional classrooms and service facilities.

Most of the capital outlay budget for the *Department of Mental Hygiene* is for hospitals for mental defectives. The largest single item is for a start on the new institution near Costa Mesa and more building are included for the hospitals at Porterville, Pacific Colony and Sonoma. You know, I am sure, of the thousands of cases of mentally deficient children on waiting lists which the Department of Mental Hygiene has been unable to accept because of the lack of beds. It is difficult to appraise the hardship and heartache caused to thousands of homes by the failure to take these cases, and the tragedy that many may lose their chances for useful and happy lives because they could not be given early care and treatment under advanced medical methods.

I am happy to say that the brand new hospital for mental defectives at Porterville will be ready to take its first patients in May of this year, but this is only meeting a portion of the shortage. The completion of our entire program for mental defectives will permit the State to meet its responsibility in this field for the first time in its history.

The total of the recommended appropriations from the Capital Outlay and Savings Fund amounts to more than \$83,700,000, including minor construction items and an allotment of \$8,500,000 to meet rises in cost which will have occurred since earlier appropriations were made. This program contemplates appropriating the entire amount of the carry-forward balance of \$31,800,000 in the Capital Outlay and Savings Fund and a transfer of \$51,700,000 from the General Fund. There are large projects of capital outlay yet to be financed. A new campus for the Los Angeles State College of Applied Arts and Sciences, an additional prison and an additional Youth Authority school have been authorized and heavy outlays will be required to begin construction on these new institutions within the next few years.

I recommend that there be placed in the Capital Outlay and Savings Fund as a partial financing of these outlays the State's share of the impounded oil royalty funds amounting to approximately \$35,000,000 which would otherwise be paid into the General Fund, if and when title to these funds is recovered by the State.

The proposed program still leaves untouched the very serious shortage of office space at the State Capital and in the principal cities where branch offices are maintained. The present overcrowded condition of many departments is a handicap to efficient operation, and it is poor business to be spending the millions now required for rented quarters. I trust that a means of financing at least a major part of the required office building needs can be developed at this session.

### LOCAL ASSISTANCE

Excluding capital outlay items, two-thirds of the State's normal, day-to-day expenditure program for 1953-54 is represented in the \$744,069,000 earmarked for assistance to local governments. The outstanding feature of these payments is their fixed nature. More than nine out of each \$10 in local assistance is fixed by provisions of the Constitution or statutes; less than one dollar is subject to control in preparation of the budget. These fixed, continuing appropriations, which for the most part are computed by specified formulas, will increase \$100,647,000 during the budget year as compared with 1952-53. This change is partially offset by a decline in controllable costs resulting chiefly from the nonrecurrence of the \$20,000,000 appropriation for building loans to distressed school districts. Consequently, the net increase in appropriation requirements for local assistance is \$88,009,000.

Three basic factors account for this multimillion-dollar increase: (1) the recent constitutional amendment which raised by nearly one-fourth the State's contribution for each pupil in the Public School System, (2) the rapid growth in school population,

and (3) a continued rise in receipts from motor vehicle taxes which are shared with city and county governments. Appropriations for local school purposes during 1953-54 are estimated at \$406,958,000, an increase of \$7,150,000 from the current year. Shared revenues from liquor licenses, motor vehicle fees and fuel taxes going to cities and counties will total nearly \$162,000,000, a gain of \$10,850,000.

It is encouraging to report a decided leveling off in costs in the programs for aid to the aged, the blind, and to needy children. There will be a reduction of more than \$750,000 in state costs of aid to needy children and only relatively small increases in the amounts for aged and blind. The greater opportunity in today's labor market for employment, improvement in administration, and heavier payments under the recent amendments to the Federal Social Security Act are the reasons for this improved situation.

This State has so far failed to avail itself fully of the advantages of the Federal Social Security Act amendments in delaying its participation in the program for aid to the needy permanently disabled. I again recommend that we amend our welfare laws so as to bring the totally and permanently disabled under a program similar to that for the aged. Certainly no group of needy persons merits consideration more than those with complete and permanent disabilities. They are less able to care for themselves than most others whose needs have been recognized for years. Most of them now receive some assistance through county general relief, but their needs could be much more adequately met through this program of joint federal, state and local aid.

You will remember I recommended the establishment of such a program in 1951 soon after this category was included by Congress in the Federal Social Security Act. In the meantime 38 states and territories have adopted programs and we have had an opportunity to study the experience of such states as New York, Pennsylvania, Ohio, Massachusetts, Illinois and New Jersey. Experience in these states has demonstrated that the cost estimates which I presented to you at the last regular session were substantially accurate in contrast to the extravagant estimates given you by the opponents. The adoption of this addition to our social welfare program will make available to us about 5½ million dollars in federal grants in the budget year, and will permit the counties to make a saving of one and one-half million per year in their present outlays for general relief. I have accordingly included in the figures presented to you in this message on the General Fund finances an estimate of \$5,500,000 as the cost of this program for the initial year, 1953-54, and \$44,700,000 for the full fiscal year 1954-55, when it would be on a going basis. While technically this is a new state expenditure program, the State's obligation to this very needy and deserving group of its citizens is not new, and California has already delayed too long in meeting this obligation, particularly since the Federal Government has made funds available to share the costs and has recently given substantial relief to this State through its heavier sharing of aid to the aged, by its increased grants for old age and survivors insurance.

### A BALANCED BUDGET

Because of the factors mentioned, I have regretfully concluded after a thorough review of needs, that we cannot reach a sound solution of the financial problem confronting us, in any large measure, by reducing appropriations. I know that the people of the State would not agree to a reduction of state responsibilities and services in any such magnitude. The easy way, then, would be for me to submit to the remission of piecing out our revenues by using some of the reserve funds to balance the budget this year, leaving the future to take care of itself. I dislike increasing the tax load on the people of California as much as anyone. During the 10 years I have been Governor we have had general tax reductions rather than increases. This would not be an honest budget, however, if I did not lay the full problem before the Legislature and the public and point out the consequences of adopting a policy of expediency and temporizing at this time. Some will say that we have overestimated the financial problems of the future, that we underestimated revenues in the past, that future receipts will again exceed our forecasts, and that we should not cross the bridge of a big deficit until we come to it. It would be poor counsel, in my judgment, either to overestimate future income or underestimate future governmental expense. This would be gambling too heavily with the State's future and would be putting all our eggs in the basket of inflation. If we cannot finance ourselves on a pay-as-you-go basis without using up essential reserves while we are at the peak of prosperity and employment, when can we do it? We have not gambled in estimating revenues and I make no apology for that. If we had gambled, we would be in real trouble this year. Certainly, duty should impel us always to be conservative in fixing our spending limits. Should we ever fail in that regard, our State will be in great jeopardy.

The state spending program which we jointly developed could, in all probability, have been maintained and financed within our existing tax laws, but the heavy increase in state school support adopted by the voters in passing Initiative Measure No. 2 will add more than the State's present tax system can carry. I do not quarrel with the voters in their decision to increase school financing, because I share their desire for a good school system. I merely say that it will be necessary to raise revenues to

pay for it. Accordingly, if the Legislature determines, as I believe it should, to continue State Government on a pay-as-you-go basis it will be necessary to have more revenue and, in my opinion, the least objectionable revenue measures it could adopt to accomplish that result would be a new cigarette tax and increased levies on liquor and horse racing. Most states have had cigarette taxes for a good many years. California is one of the seven which so far has not used this form of tax. California's tax rate on distilled spirits is one of the lowest in the Nation at the present rate of 80 cents a gallon. The national average of such state taxes is \$1.60 a gallon. I have, for some time, felt that an adjustment should be made in the license tax on pari-mutuel betting on horse racing to place a heavier levy on the highest brackets of wagering receipts which bring the largest track operators excess profits beyond reasonable returns.

Following are the calculations of yields which can be derived from such measures:

	<i>Estimated yields</i>	
	<i>1953-54</i>	<i>full year 1954-55</i>
Cigarette tax		
At rate of 2 cents per package-----	\$26,500,000	\$30,200,000
Liquor excise tax		
Increase tax on distilled spirits from 80 cents per gallon to \$1.50 per gallon-----	12,500,000	13,600,000
Additional 2 cents per gallon on beer-----	3,600,000	4,000,000
Additional license fees on horse racing		
Excess profits-----	1,000,000	2,000,000

A combination of these levies can be enacted at this session in such way as to produce sufficient revenues to meet the deficiency for 1953-54 with a margin of safety and to make a substantial start in meeting the much greater deficiency in the year to follow.

In conclusion and by way of summary, I repeat what has been stated in other parts of this message. First, that the current budget will be in balance at the end of the present fiscal year. We will have, in addition, a surplus of \$66,000,000, but due largely to the passage of Proposition 2, at a cost of \$67,000,000, this proposed budget will be out of balance next year unless we obtain additional revenue. Second, it would be possible to supply this deficit by raiding one or more of our funds reserved for vital purposes. This would appear to be the easiest method, but it would, in my opinion, be unwise from at least two viewpoints: (1) the practice thus established would be used as a precedent for continued raiding until these necessary reserves would be exhausted, and (2) because it would eventually leave our State on the ragged edge of insolvency. I recommend against such action. The only other way of providing funds after we have reduced spending to a minimum, as we have done in this budget, is by increasing taxes in some form. I dislike raising the tax load of the people. I have never done it. We have always lived within our means and have reduced taxes whenever possible, but if we must increase taxes, I believe the best way to do it is by imposing levies on liquor, cigarettes, and horse racing comparable to the average state levies throughout the Nation. This can be accomplished by the schedule above set out, and I so recommend to you.

While I present these measures as the least objectionable means of raising the necessary funds, I realize that it is the prerogative of the Legislature to determine the tax structure of our State and I will welcome any alternative plan which would maintain an equitable revenue system and keep the State Government in a sound financial condition.

Respectfully submitted,

EARL WARREN, Governor

## Senate Resolution No. 23

Relative to congratulating the Shasta College Basketball Team upon its victory in the Hartnell Small College Basketball Tournament

WHEREAS, On December 17, 1952, at Salinas, California, a small band of valiant warriors representing Shasta College, went forth to do battle with the basketball teams of the colleges participating in the Hartnell Small College Basketball Tournament, and at the end of four days emerged triumphant, winning victory after victory over their opponents; and

WHEREAS, Shasta College opened its doors but a few short years ago, in 1950; and

WHEREAS, Not only is the Hartnell Small College Basketball Tournament the first major sporting event which Shasta College has won, but also it represents the first major sport in which Shasta College has engaged; and

WHEREAS, By their impressive victory in winning the tournament, the Shasta College Basketball Team brought honor and distinction upon themselves and their college and great pride and pleasure to their many friends and adherents; now, therefore, be it

*Resolved by the Senate of the State of California*, That the Senate of the State of California hereby commends the members of the Shasta College Basketball Team, their coach and their manager, for the brilliant performance of the Shasta College Basketball Team in winning the Hartnell Small College Basketball Tournament; and be it further

*Resolved*, That the Members of the Senate extend heartiest congratulations to Charles Hawes, Paul Williams, Ken Moller, Ken Fraga, Gerald Risberg, Dean

Braucher, Duane Carlson, Robert Brinkerhoff and Alan Wilson, all members of the team, to Coach Bill Rhyne, and to Manager Maurice Seeliger; and be it further

*Resolved*, That the Secretary of the Senate is directed to transmit suitably prepared copies of this resolution to each member of the Shasta College Basketball Team, to the coach, to the manager, and to G. A. Collyer, President of Shasta College.

Resolution read, and adopted on a motion of Senator Regan.

#### COMMUNICATIONS

The following communications were received and read, and on motion of Senator Hoffman, ordered printed in the Journal:

STOCKTON, CALIFORNIA, January 5, 1953

*Senator Verne W. Hoffman*  
State Capitol  
Sacramento, California

DEAR SENATOR HOFFMAN: I am enclosing a short history of Jedediah Strong Smith, who is one of the most remarkable characters in the extremely early history of California. This history may be of considerable interest to members of the Legislature.

Sincerely yours,

ROBERT E. BURNS, President  
College of the Pacific

#### JEDEDIAH STRONG SMITH

One of the earliest and most remarkable explorers of the West remains today a relatively obscure figure of history. The explorations of Jedediah Strong Smith were of the greatest significance to America's westward expansion.

In the early eighteen twenties very little was known by the American people of the Great American Desert and what lay farther west. Lewis and Clark had explored the Missouri River from St. Louis to its head waters, and continued thence over the Bitter Root Mountain range and down the Columbia River to the sea. They had submitted an exhaustive report to the President of the United States on their investigation of the northern route across the country, but no American exploration had ever been undertaken to acquaint the people of the United States with what lay to the south and west of the Missouri and Columbia Rivers.

That great territory, now embracing approximately one-fourth of the United States, was a land of mystery—unexplored and unknown. The government at Washington knew so little about this area that the Sacramento River in California, which actually flows south, was shown on the fragmentary maps as a "Buenaventura River" flowing westward, from the vicinity of what we now call the Great Salt Lake, to San Francisco Bay. Even the actual existence of the Sierra Nevada Mountains was not known to government authorities at Washington, and no concerted effort had as yet been made to scout out the country and to fully acquaint the people with the geography of that vast region.

In the little village of Jericho, New York, in 1799, was born the boy who was destined ultimately to play a conspicuous part in charting the way for American entry into California and the Pacific Southwest. Jedediah Smith was peculiarly equipped, physically and mentally, to assume leadership in mapping the great expanse of territory west of American civilization, and to submit the result of his exploration to the proper authorities interested in what was afterwards to be called the "Manifest Destiny of the United States" in the far West.

Jedediah Smith at the age of 24 joined the famous Ashley Fur Trading exploration headed for the upper reaches of the Missouri River. Several years later he became an independent trapper and began a career of exploration in the West which was to characterize him as the pathfinder extraordinary. He became a leading mountain man, heading a group of hardy commandos of the westward movement in America.

Smith was discoverer of the central route from the Rocky Mountains into California. That same route was used by trappers, home seekers and the forty-niners. A great transcontinental railroad now follows the course marked out by Smith, and his foot-prints became the trail used by others on the great western trek.

Smith also was first to negotiate the South Pass through the Rocky Mountains, by far the most feasible crossing of the Continental Divide. He was the first white man to traverse Utah from east to west and from north to south, and was known as one of the first conquerors of the of the American Desert. He became the first American to cross the Sierra Nevada into California, and was the first to explore the Pacific hinterland from the Mexican border to the banks of the Columbia. He was the man after whom the American River in California was named by the Indians, and he explored every part of that territory. Smith River in Del Norte County also bears his name. This is the only known instance in America of two rivers named for the same man. He returned east where he was able to give the government an accurate report on all parts of California and of his discoveries in the West. He had truly "spied out the land." He was soon known as the greatest of all trail blazers.

Smith rode across the Sierra Nevada with the Bible in one hand and a rifle in the other, and he therefore became affectionately known as the "Bible Toter." He was a man of strong, outstanding moral and religious convictions. He was highly respected and beloved by his rough companions whose daily lives were filled with hardship and danger. Smith's explorations unquestionably greatly hastened the American settlement of California and materially advanced the movement which was ultimately to result in California becoming the thirty-first state of the Union.

Jedediah Strong Smith deserves a place in the national tradition equal to any other American explorer, and California owes a lasting debt of gratitude to that sturdy, courageous, God-fearing Christian pathfinder.

Above history of Jedediah Smith ordered printed in the Journal.

Submitted by Senator Hoffman:

#### JOINT STATEMENT

To the Honorable Earl Warren, Governor of the State of California, by the California Department Commanders of the American Legion, Veterans of Foreign Wars, Disabled American Veterans and Amvets—December 22, 1952.

We greatly appreciate being given this opportunity to meet with you for the purpose of pointing out a most serious situation existing in California relative to the lack of sufficient and proper hospital and medical care for sick and disabled veterans.

You, as Governor of our State, the State Legislature, and the State Department of Veterans Affairs have been aware of this shortage of hospital beds for veterans in our State for a number of years, and have been most helpful in the past by using your best efforts toward influencing both the Executive and Legislative Branches of the Federal Government for additional hospital and medical facilities for veterans in California.

Knowing of your sympathetic understanding and interest, we have joined together, as the heads of the four major veteran organizations; namely, the American Legion, the Veterans of Foreign Wars, the Disabled American Veterans, and the Amvets, to further acquaint you with the continued curtailment of hospital beds and other medical care programs for veterans. This curtailment or reduction is brought about by the United States Congress' failure to appropriate sufficient funds to maintain Veterans Administration hospital and medical services at present maximum capacity. It is agreed by all experts in the field of veterans' affairs, that the Veterans Administration Hospital and Medical Services should be expanded in order to properly care for the present and ever increasing load.

We know that you will be interested in some facts and figures, not only because they show the need for increased hospital and medical services for veterans, but because of the extra burden on the taxpayers of the State of California.

It is an old story with you and with us that the Veterans Administration will not recognize by several hundred thousand, the veteran population of California. We do not believe, however, that we have any difficulty in convincing our representatives in the United States Congress that our State's veteran population is considerably higher than that estimated by the Veterans Administration.

It is a well known fact that many hundreds of thousands of veterans have been migrating to California from every other state in the Union since the close of World War I. It is not, however, such a well known fact that an unusually large percentage of these veterans are disabled. Veterans Administration records will show that California has a higher percentage of veterans drawing compensation or pension than any other state in the Union.

- a. Of the nation's 20,000,000 veteran population, it is reliably estimated that California has approximately 1,750,000 or approximately nine percent.
- b. Of the Nation's 80,000 100 percent service-connected totally and permanently disabled World War II veterans, California has 10,400, or 13 percent.

- c. California has the highest number—38,500 service-connected World War I veterans; New York is second with 32,250.  
 d. California has the highest number—5,750 service-connected veterans from the regular establishment (peace-time veterans); New York is second with 2,500.  
 e. California has the highest number—13,500 Spanish-American War veterans drawing compensation or pension; New York is second with 8,000.

While there continues to be a curtailment in the number of hospital beds for veterans in California, the number of applications for hospitalization continues to show a steady increase.

The number of veteran case folders transferred into California Veterans Administration offices as compared with those transferred out, shows that approximately 1,200 veterans per month among this group have taken permanent residence in California.

It is clearly indicated therefore, from actual facts and figures that regardless of the Veterans Administration's estimate of our State's veteran population, that California must have a higher ratio of hospital beds per veteran population than any state in the Union because of the higher percentage of disabilities.

Veterans Administration hospital and domiciliary beds in California are not for the exclusive use of California veterans. Many of these beds are occupied by out-of-state veterans, for various reasons, such as follows:

- The Veterans Administration Tumor Clinic for the western part of the United States, is in Los Angeles. (Wadsworth General Hospital, Veterans Administration Center.)
- Their Paraplegic Center for the western part of the United States is at Long Beach.
- Their neuropsychiatric patients from Arizona, Nevada and other western states, for the most part are hospitalized in California.
- Their Diagnostic Center for the western part of the United States is in San Francisco. (Fort Miley.)
- The rather high percentage of domiciliary members at their Domiciliary Home at Los Angeles are out-of-state veterans.

The curtailment of hospital beds for veterans in California began in June 1949 with the cancellation of 100 contract beds for veterans at the Army's McCormack General Hospital at Pasadena, and has continued ever since.

As of June 1949, hospital beds in operation for veterans in California were as follows:

 Beds as of June, 1949*  
 13,395

*Total Number of Operating Available  
 Beds as of December 15, 1952*  
 11,395

This is a 2,000-bed net reduction. According to Veterans Administration records of patient turn-over, it is reliably estimated that 3,000 veterans per month are being denied hospitalization because of this cut-back.

On December 17, 1943, the Veterans Administration, the Federal Board of Hospitalization, the Federal Bureau of the Budget, the Congress, and the White House approved for construction 119 additional beds for their Livermore Tuberculosis Hospital. This was completed in 1951.

On September 12, 1944, they approved for the construction of a 250-bed general medical and surgical hospital for Fresno. It was completed in March, 1950.

On October 16, 1945, they approved 130 additional beds for their San Fernando Tuberculosis Hospital. This was completed in 1951.

On October 19, 1946, they approved for construction, two new 1,000 bed neuropsychiatric hospitals for California, one for the San Francisco area and one for the Los Angeles area, and a 200-bed general medical and surgical hospital at San Diego. Since that time sites have been obtained; Ft. Funston for the San Francisco area and Sepulveda, San Fernando Valley, for the Los Angeles area. Some \$400,000 has been spent on excavating and providing a fence for the Ft. Funston site. The Eighty-second Congress withdrew or failed to appropriate funds to construct the hospital proposed for San Francisco. The same Congress appropriated the funds to construct the hospital for the Los Angeles area. The contract has been let, construction is under way and it is estimated by the Veterans Administration that the construction will be completed in 1954.

The site was obtained, bids were called for and the low bidder announced for the construction of the hospital at San Diego. Then very suddenly in January, 1949, the President, by executive order, canceled the construction of this hospital at the time he canceled 16,000 beds from the Veterans Administration's construction program, even though they had previously been approved by all interested branches of the Federal Government.

Our California Congressmen were, without exception, well aware of the need for the two 1000-bed Neuropsychiatric Veterans Administration Hospitals for California. However, the Independent Offices Appropriations Bill H.R. 7072, was recommittees and funds were appropriated to construct the hospital in the Los Angeles area, but no funds were appropriated for the San Francisco area hospital.

The Federal Bureau of the Budget, after cutting the Veterans Administration's estimate by many millions of dollars had approved and sent to the 82nd Congress, a recommendation for \$700,940,000 for Veterans Administration Administrative, Medical, Hospital and Domiciliary Services. The Congress reduced this amount by \$31,123,648. This caused among other things:

1. Cut-back in the number of operating beds, due to the reduction in personnel.
2. Has reduced the number of consultant and attending physicians which are so vital for the highest type of medical and hospital care.
3. Curtailed the amount of funds for out patient treatment for both medical and dental, service-connected cases causing a huge increase to the already back log of those awaiting out-patient treatment, especially for dental disabilities.
4. Cut out approximately 50% of the medical research program which was proving, without a doubt, to be a great service to the entire medical profession in the world.
5. Caused a shortage of medical supply. Patients cannot be properly cared for without adequate medicine being available.
6. Cut considerably the contractual service; that is, contracts with private practicing physicians and contracts for beds with other Federal, State, County or private institutions.

These cuts have had a tendency to break down the morale of many of the outstanding medical men in the Veterans Administration Department of Medicine and Surgery. They are not allowed to continue to furnish to the veteran patient the high type of medical service they deserve, because of these cuts. They are not assured of steady employment. Those living in quarters on Veterans Administration stations have had their subsistence or rent increased considerably because of these cuts. The excuse given was to bring their rents up to what was being charged for similar quarters in the community. This increase affects all personnel living on the station, including the attendants. They do not, however, agree to pay their doctors the average income of the doctors in the same community who are in private practice.

We request your further assistance in helping to have the State Legislature memorialize the 83rd Congress to act favorably on a deficiency appropriation to restore the \$31,123,648, cut from the Administrative, Medical, Hospital and Domiciliary Services, and to appropriate the necessary funds to construct the 1,000-bed Neuropsychiatric Hospital approved for San Francisco and the 200-bed General, Medical and Surgical Hospital for San Diego.

One other very serious matter is the shortage of the necessary funds for proper repairs and rehabilitation of Veterans Administration hospitals in California. The Oakland Veterans Administration Hospital has been allowed to deteriorate to where it is a very dangerous hazard. It needs complete remodeling or abolishment. The Palo Alto Hospital is badly in need of much repair. The Wadsworth Hospital at the

Veterans Administration Center in Los Angeles is in such bad shape that the only answer is a new pathological wing, together with much other repair and alterations.

Another important reason for making this request of you is that this matter does not limit its hardships to veterans alone. Because of the shortage of Veterans Administration hospital and medical facilities in California, our California citizens are carrying an extra tax load to care for veterans in State and County hospitals when they should be the responsibility of all the tax payers in the Nation.

You are no doubt familiar with the figures from the State Department of Mental Hygiene, that 4,600 veterans are hospitalized in state mental institutions. For the most part the California tax payers are paying for their care even though approximately 40 percent of them came to California from every other state in the Union. You are well aware of the cost to California tax payers for this care.

Every county hospital in our State is feeling the increased load of veteran patients because of the shortage and continued curtailment of necessary Veterans Administration facilities. A state-wide survey shows the approximate average cost for this care to be \$10.00 per diem, another added and growing cost to California tax payers.

We sincerely solicit your aid and assistance to further acquaint our representatives in Congress and to further educate the general public in California of these conditions, with the ultimate goal that they will be corrected.

## RESOLUTIONS

The following resolution was offered:

By Senator Tenney:

### Senate Resolution No. 24

Relative to the passing of Clarence Shaw

WHEREAS, It was with sorrow and regret that the Members of the Legislature learned of the passing of Clarence Shaw, of Los Angeles, on July 4, 1952; and

WHEREAS, Clarence Shaw has been a highly and widely respected leader in Local No. 47 of the American Federation of Musicians for more than a generation, during which time he earned the respect and admiration of the members of Local No. 47 and all who knew him; and

WHEREAS, Clarence Shaw was born on February 1, 1881, in Minneapolis, Kansas, beginning his musical career at the early age of nine by playing cornet in the town band of his home town; and

WHEREAS, His formal musical training was received at Bethany College in Lindborg, Kansas, then going to Oklahoma City in 1904 where he followed his musical career; and

WHEREAS, He was President of Local No. 375 of the American Federation of Musicians in Oklahoma City for four years; and

WHEREAS, Clarence Shaw and his family came to Los Angeles 30 years ago where he became a member of Local No. 47 of the American Federation of Musicians in August, 1922, becoming a life member March 13, 1943; and

WHEREAS, He continued to pursue his musical career in Los Angeles, playing in various theaters and bands and in motion pictures; and

WHEREAS, Clarence Shaw served as Trustee on the Board of Directors of Local No. 47 of the American Federation of Musicians, in Los Angeles, for 13 years beginning in 1927; and as tax officer of Local No. 47 for nine years; and

WHEREAS, He was also a director and trustee of the Musicians Club of Los Angeles for the years 1932, 1933, 1934, and 1937; and

WHEREAS, Clarence Shaw was known by all his associates and friends as an able union administrator who was respected by all who knew him for his patience, sincerity, and understanding; and

WHEREAS, Clarence Shaw, in his untiring efforts for the welfare of musicians in particular and labor in general, exemplified a devotion to the Constitution of the United States and an Americanism that was a continual source of inspiration to everyone who associated with him; now, therefore, be it

*Resolved, by the Senate of the State of California.* That the members of the Senate mourn the passing of Clarence Shaw and wish to extend their sincere condolences to his widow and his two sons; and be it further

*Resolved,* That the Secretary of the Senate is hereby directed to transmit suitably prepared copies of this resolution to the members of his family, Mrs. Clarence Shaw, and his two sons, J. Richard Shaw, Donald G. Shaw, of Los Angeles, and Los Angeles Local 47 of the American Federation of Musicians.

Resolution read, and on a motion of Senator Tenney, adopted.

#### LETTER OF TRANSMITTAL

SENATE COMMITTEE ON STATE AND LOCAL TAXATION

SAN FRANCISCO, January 6, 1953

*President of the Senate  
California Legislature  
Sacramento, California*

DEAR SIR: Pursuant to Senate Resolution No. 190, read and adopted June 23, 1951, by the Senate of California at the 1951 Regular Session of the Legislature, the Senate Interim Committee on State and Local Taxation herewith submits Part Three of its report. This part of the report deals with the problem of reducing property taxes levied upon deep-sea, commercial fishing vessels of more than 50 gross tons register whose home port of registry is in California.

The report is entitled "The Reduction of Property Taxes on Vessels Engaged in Commercial Deep-sea Fishing." In large measure the analysis is predicated upon the testimony of representatives from the tuna fishing industry and local government officials presented to this committee at a public hearing held in San Diego November 26, 1951.

The committee takes this opportunity to thank the many officials of local units of government and the representatives of the tuna fishing industry for their assistance and cooperation.

Respectfully submitted,

BEN HULSE, Chairman  
CLARENCE C. WARD, Vice Chairman  
HARRY L. PARKMAN  
HAROLD J. POWERS  
HUGH M. BURNS

#### Motion to Print Report

Senator Hulse moved that the letter of transmittal be printed in the Journal, and Part Three of the report submitted by the Committee on State and Local Government entitled "The Reduction of Property Taxes on Vessels Engaged in Commercial Deep-sea Fishing" be printed in the Appendix to the Journal, and 2,500 additional copies be printed for distribution to the general public.

Motion carried.

**LETTER OF TRANSMITTAL**

SENATE COMMITTEE ON STATE AND LOCAL TAXATION  
SAN FRANCISCO, January 6, 1953

*President of the Senate  
California Legislature  
Sacramento, California*

DEAR SIR: PURSUANT to Senate Resolution No. 190, read and adopted June 23, 1951, by the Senate of California at the 1951 Regular Session of the Legislature, the Senate Interim Committee on State and Local Taxation herewith submits Part Two of its report. This part of the report is entitled "State and Local Sales and Use Taxes in California." It was prepared pursuant to the provisions of Senate Resolution No. 216 read and adopted by the Senate on June 23, 1951.

The report begins by tracing the historical development of retail sales and use taxation in California, both at the state and the city levels of government. The problems with respect to business compliance and tax administration raised by the large number and the great variety of the sales tax ordinances adopted by California cities are then discussed. A third chapter presents five plans for allocating to local units the revenues which would be produced by a state-collected, uniformly applied, retail sales and use tax. A final chapter takes cognizance of the problems presented by the constitutional limitation upon the subvention of a state-collected tax to local units of government.

The committee takes this opportunity to thank the many state and local officials who cooperated with staff members in the preparation of this report. Appreciation is also expressed for the valuable assistance which the representatives of various business associations and local government organizations provided.

Respectfully submitted,

BEN HULSE, Chairman  
CLARENCE C. WARD, Vice Chairman  
HARRY L. PARKMAN  
HAROLD J. POWERS  
HUGH M. BURNS

**Motion to Print Report**

Senator Hulse moved that the letter of transmittal be printed in the Journal, and that Part Two of the report submitted by the Committee on State and Local Taxation entitled "State and Local Sales and Use Taxes in California" be printed in the Appendix to the Journal, and 3,500 copies be printed for distribution to the general public.

Motion carried.

**LETTER OF TRANSMITTAL**

SENATE COMMITTEE ON STATE AND LOCAL TAXATION  
SAN FRANCISCO, January 6, 1953

*President of the Senate  
California Legislature  
Sacramento, California*

DEAR SIR: PURSUANT to Senate Resolution No. 190, read and adopted June 23, 1951, by the Senate of California at the 1951 Regular Session of the Legislature, the Senate Interim Committee on State and Local Taxation herewith submits Part Four of its report.

This part of the report is entitled "A Legal History of Property Taxation in California" and it continues the study of property taxation inaugurated by the committee in 1951. In that year the first two divisions of this report were published. Division I related to property subject to taxation while Division II related to property exempt from taxation. Division III, transmitted herewith, is entitled "Assessment and Equalization of Property."

This report was prepared for the committee by the Legislative Counsel. The committee gratefully acknowledges the assistance and cooperation of the Legislative Counsel and wishes to express its appreciation to Mr. J. Gould and Mr. J. D. Strauss for their participation in the preparation of this report.

Respectfully submitted,

BEN HULSE, Chairman  
CLARENCE C. WARD, Vice Chairman  
HARRY L. PARKMAN  
HAROLD J. POWERS  
HUGH M. BURNS

**Motion to Print Report**

Senator Hulse moved that the letter of transmittal be printed in the Journal, and Part Four of the report submitted by the Committee on State and Local Taxation entitled "A Legal History of Property Taxation in California" be printed in the Appendix to the Journal, and 3,500 additional copies be printed for distribution to the general public.

Motion carried.

**REQUEST FOR UNANIMOUS CONSENT**

Senator Donnelly asked for, and was granted, unanimous consent to take up Assembly Bill No. 12, at this time, for consideration.

**CONSIDERATION OF ASSEMBLY BILL NO. 12**

**Assembly Bill No. 12**--An act to repeal Section 7000.3 of, and to add Section 7000.3 to, the Education Code, relating to the support of the Public School System, declaring the urgency thereof, to take effect immediately.

Bill read second time.

**Motion to Amend**

Senator Donnelly moved the adoption of the following amendment:

**Amendment No. 1**

On page 1, after line 17 of the printed bill, as amended in Assembly January 9, 1953, insert "The Legislature finds that money received or for which an application has been made under subsection 3(e) of an Act of Congress entitled "An act to provide financial assistance for local educational agencies in areas affected by federal activities, and for other purposes," approved September 30, 1950 (Public Law 874—Eighty-first Congress) during the 1951-52 Fiscal Year has not been included in any computation made under this chapter for the Fiscal Year 1952-53, and hereby declares that it is not the intention of the Legislature that money received pursuant to subsection 3(e) of said act shall be included in any such computation made during the 1953-54 Fiscal Year, or any fiscal year thereafter."

Amendment read, and adopted.

Bill ordered printed, and to third reading.

**RESOLUTIONS**

The following resolution was offered:

By Senator Hulse:

**Senate Resolution No. 25**

Relative to a survey by the Department of Public Works for a highway connecting Palo Verde Valley and Imperial Valley by the most direct feasible route

WHEREAS, Palo Verde Valley in Riverside County and Imperial Valley in Imperial County constitute two of the State's most productive farming areas, with many common interests and needs requiring direct and economical highway connections between them; and

WHEREAS, Such highway connections were available until recently by way of Brawley, Niland, Hopkins Well, and Blythe over a route consisting of 86 miles, 44 of which are paved, but are no longer available because of the establishment of the Chocolate Mountain Gunnery Range by the United States Navy resulting in the closure of this route at the request of high military authorities; and

WHEREAS, The route presently available consists of 152 miles by way of Brawley, Niland, Mecca, State Route 64, U. S. 60-70 and Blythe, a route including that portion of State Route 64 known as the Box Canyon Road which has proved over a period of years to be the most expensive portion of the State Highway System to maintain in that area; and

WHEREAS, Some exploratory work has been done by the United States Navy and the United States Department of Commerce, in conjunction with local authorities, looking toward the establishment of a satisfactory alternate route from Palo Verde Valley to Imperial Valley to take the place of that closed by reason of military necessity; now, therefore, be it

*Resolved by the Senate of the State of California.* That the California Highway Commission and the Department of Public Works are hereby requested to make a survey in accordance with Section 75 of the Streets and Highways Code of a highway connecting the valleys referred to above by any direct, feasible route such as the one by way of Brawley, Glamis, Palo Verde and Blythe; and that in meeting the needs heretofore described the commission and the department are requested to ascertain the most economical route from the long-range viewpoint, particularly in consideration of the possibility of abandoning the expensive Box Canyon portion of State Route 64 if such alternate route were constructed; and be it further

*Resolved.* That the commission and the department are requested to complete this survey within 90 days from the date of adoption of this resolution and to report their findings to the Senate; and be it further

*Resolved.* That the Secretary of the Senate be directed to transmit copies of this resolution to the California Highway Commission, the Director of Public Works and the State Highway Engineer.

Resolution read, and referred to Committee on Rules.

The following resolution was offered :

By Senator Mayo :

**Senate Resolution No. 26**

Relative to the continuance of the Senate Committee on Interstate Cooperation

*Resolved by the Senate of the State of California*, As follows :

1. The Senate Committee on Interstate Cooperation created by Senate Resolution 169 of the 1951 Regular Session is continued as a Senate committee at this session, with the membership and with all the rights, powers and duties possessed by the committee and its members immediately prior to the commencement of this session. Vacancies occurring or existing in the membership of the committee shall be filled by the appointing power.

2. The committee is authorized to act during this session of the Legislature including any recess, but not after final adjournment, with authority to file its final report not later than the date of adjournment.

3. The provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate, as soon as such rules are adopted at this session or amended from time to time, become applicable to this committee and its members.

Until the adoption of Joint Rules at this session, the Joint Rules of the last preceding general session are incorporated herein and made applicable to this committee and its members.

4. The unexpended balance of any funds heretofore made available to the committee together with the sum of three thousand dollars (\$3,000) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said contingent fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read, and referred to Committee on Rules.

Your committee, in order more properly and efficiently to perform its functions under Government Code Section 9909, in order that you may understand how it intends to perform its functions and to proceed and in order that persons affected by and interested in the action which your committee will take in performing its functions under Government Code Section 9909 may know how your committee will proceed and, when necessary, may adjust their own conduct accordingly, has adopted Rules of Procedure dealing with the issuing, suspension or revocation of Certificates of Registration as Legislative Advocate, and respectfully reports that it has adopted Rules as follows:

*Resolved by the Special Senate Committee on Legislative Representation*, That, until revoked, altered, or amended, these Rules are adopted and shall guide the committee in conducting proceedings, conducting investigations, and holding and conducting hearings, when hearings are held, to determine whether the committee shall issue, revoke, or suspend a Certificate of Registration as Legislative Advocate under Section 9909 of the Government Code:

#### PART 1—GENERAL PROVISIONS

1. Unless the provision or the context otherwise requires, the definitions and general provisions set forth in this part govern the construction of these Rules.

2. "Committee" means the Special Senate Committee on Legislative Representation.

3. "Registrant" means any person required to file any statement or report under Section 9906 of the Government Code, and any person who has filed any statement or report referred to in Section 9906 of the Government Code.

4. "Certificate" means a Certificate of Registration as Legislative Advocate, issued pursuant to Section 9909 of the Government Code.

5. Rule or Part headings contained in these Rules shall not in any manner affect the meaning or intent of these Rules.

#### PART 2—ISSUANCE OF CERTIFICATES

20. Applications for Certificates. The committee may consider any statement, report, or authorization filed by a registrant pursuant to Section 9906 of the Government Code, as an application for a certificate.

21. Processing Applications. The committee will review each application for a certificate filed by registrants to whom any certificate has been issued, as soon as practicable after the filing of the application. If upon a review of the application, the committee is not satisfied that a certificate should issue, the committee may require the registrant to supply and submit such additional information and proof as the committee deems proper.

If upon a review of the application, and the review of any additional information and proof, and after such other investigation as the committee deems proper a majority of the committee finds that the registrant is of good moral character, has complied with the provisions of Chapter 8, Part 1, Division 2, Title 2 of the Government Code, and is entitled to a certificate, the committee will make a preliminary determination to that effect.

22. Report of Preliminary Determination. The committee shall, as soon as practicable, report to the Senate its preliminary determination. The report shall contain the name of each registrant to whom the committee proposes to issue a certificate, the name or names of the persons by whom each registrant is employed and from whom the registrant has on file an authorization, a brief statement that the committee proposes to issue a certificate to each person named not less than five days after the making of the report unless good cause for denying the certificate is presented, and a request that the report be printed in the Senate Journal.

23. Issuance of Certificate. At the first meeting of the committee held not less than five days after the making of the report of the committee's preliminary determination, the committee will issue a certificate to each registrant named in the report, unless there has been filed with the committee a verified complaint conforming with the provisions of Part 4 of these Rules, or because of matter brought to its attention since the filing of the report, the committee on its own motion determines to conduct further investigation.

24. Report of Denial, Suspension, or Revocation of Certificate. If upon review of an application and the review of any additional information and proof, or after such other investigation as the committee deems proper, the committee finally determines that the application should be

denied and that the registrant should not receive a certificate, or if a certificate is suspended or revoked, the committee shall make an order to that effect and report its action to the Senate.

If the determination and order are made without an opportunity for the registrant to appear at a hearing, the Executive Secretary of the committee shall mail a copy of the order to the registrant at his last address shown on his registration papers. The order shall be mailed, together with a statement that upon proper application pursuant to Part 4 of these Rules, a hearing will be afforded the registrant.

If the order is made after a hearing or after the registrant has been afforded an opportunity to appear at a hearing of which he has failed to avail himself, no notice of such order need be given to the registrant.

### PART 3—CERTIFICATE REQUIREMENTS

30. Duration of Certificate. Certificates remain in effect until they expire by their terms or by operation of law, or until surrendered, suspended, or revoked as provided in Section 9909 of the Government Code and in these Rules.

31. Service of Papers. Any notice, request, demand, subpoena, or other paper or process shall be deemed personally served on the registrant if it is enclosed in a sealed envelope, addressed to registrant at the last business address shown in his registration statement or other papers filed pursuant to Section 9906 of the Government Code, and deposited in the United States mail, postage prepaid.

32. Surrender of Certificate. Each registrant shall forthwith surrender his certificate to the committee when the certificate expires, or when the committee has suspended or revoked it.

33. Additional Information to Be Filed. Each registrant shall promptly file from time to time, as provided for in Section 9906 of the Government Code, the following information:

(a) A statement of any additional employment.

(b) A statement of any change in his business address.

(c) A statement of any change in the terms of employment as a legislative representative, or other employment referred to in any papers filed pursuant to Section 9906 of the Government Code, including, but not limited to, the name and address of the employer, term of employment, compensation or other consideration to be paid.

34. Surrender of Certificate for Modification. Each registrant shall, upon request, promptly surrender his certificate in order that it may be appropriately changed or modified, where a change or modification is required, or cancelled, if all of the registrant's authority has been terminated.

35. Reports. Each person registering pursuant to Section 9906 of the Government Code, and each registrant to whom a certificate has been issued shall, between the 1st and 10th day of each calendar month, so long as his activity continues, file the detailed reports under oath as required by Section 9906. A failure to do so shall not be deemed reason for suspending or revoking a certificate, if in any month for which a report is not filed the registrant or holder of a certificate has not engaged in any activity referred to in Section 9906 of the Government Code, and registrant so states in the first monthly report filed by him thereafter. Such

statement shall be sufficient to continue his certificate in good standing if there are no other grounds or reasons that the certificate should be suspended or revoked. This Rule shall not be construed to prevent any person from filing a monthly report for the months during which he has not engaged in any activity covered by Section 9906, for the purpose of making it appear currently of record that his registration and certificate are in good standing.

36. Statement of Compensation. The failure of a registrant to include in his registration a statement of how much he is paid, and is to receive, shall be deemed sufficient ground for refusing to issue a certificate. If the registrant's employment is on a regular monthly or annual basis and is for services other than activities specified in Section 9906 of the Government Code, the committee will deem that he has complied with this Rule if he does either of the following:

(a) States his annual or monthly compensation.

(b) States that he is paid on a monthly or annual basis for various services, some of which do not constitute activities under Section 9906, and further states that he will make appropriate allocation of his compensation for activities covered by Section 9906 when such services are performed. If the registrant thereafter fails to make such allocation of his compensation in any monthly report, this failure shall be deemed sufficient ground for refusing a certificate or suspending or revoking a certificate.

The committee shall not consider that the requirements of this Rule are met if the registrant merely states that he is to be paid a reasonable fee or a fee to be agreed upon, but where the fee or compensation is to be fixed or agreed upon only as or after services have been rendered, the basis upon which the fee is to be determined shall be fixed and stated with precision and upon a unit time basis, and the monthly reports filed thereafter which state the amount of the fee earned in the preceding month and the amount thereof which has been paid.

If the basis for fixing a fee for compensation is one which would increase or decrease the compensation depending upon the result of the services and whether the same were successful in whole or in part or unsuccessful in whole or in part, it shall be considered for the purposes of these Rules, an agreement for contingent compensation, and shall be deemed sufficient ground for denying, suspending, or revoking a certificate.

#### **PART 4—PROCEDURE FOR DENIAL, REVOCATION, OR SUSPENSION OF CERTIFICATES**

40. General. Certificates will be suspended or revoked as provided in subdivision 2 of Section 9909 of the Government Code and in these Rules, upon proceedings, investigations, or hearings initiated by the committee on its own motion or by verified complaint.

41. Periodic Review of Registration Statements. The committee, from time to time, will review all statements, reports, and authorizations filed by any registrant to whom a certificate has been issued and is outstanding, and will review such other information or proof as it may from time to time require, to determine if the registrant is in good standing as such and is complying with the provisions of law. If the committee

finds upon such review that good cause exists for the suspension or revocation of a certificate, it may on its own motion, with or without a hearing as it determines, take such steps as it deems appropriate.

42. **Filing of Complaints.** The committee will receive and file with its records any verified complaint against any registrant. The committee may disregard any complaint filed and summarily dismiss the same if it fails to comply with the provisions of Rule 43, or fails to state any charge which, if true, would warrant the denial, suspension, or revocation of a certificate.

43. **Form of Complaints.** The complaint shall be signed by the persons making the charges. If filed by other than a natural person, the complaint shall be signed and verified by a duly authorized officer thereof. The complaint shall be verified in the manner provided by the Code of Civil Procedure for the verification of complaints in civil actions. A verified complaint shall clearly and distinctly show the following:

(a) The name and address of the persons by whom or on whose behalf the complaint is filed.

(b) The name of the persons against whom the complaint is made.

(c) A statement of the charges made. The statement of charges shall specify the statutes, Rules, or other provisions of law with which the person charged (respondent) is alleged to have violated, together with a statement in ordinary and concise language of the acts or omissions with which the respondent is charged. If any statement is on information and belief, it shall be accompanied by a statement of the source of the information and the grounds for the belief, which shall be a statement of fact and not conclusions.

44. **Charges in Complaints.** The committee will consider only the following charges in any verified complaint:

(a) The charge that the respondent is not a person of good moral character.

(b) The charge that the respondent has violated a provision or provisions of Chapter 8, Part 1, Division 2, Title 2, of the Government Code.

(c) The charge that respondent has violated his obligations under Section 9910 of the Government Code.

(d) The charge that respondent has violated Section 35 of Article IV of the State Constitution.

(e) The charge that respondent has violated Sections 85 or 86 of the Penal Code, or Sections 9054 or 9056 of the Government Code.

45. **Notice of Complaint.** If a verified complaint complying with the requirements of these Rules is filed with the committee, the committee may make such investigation as it deems appropriate. Before a hearing is held on the complaint, notice thereof shall be served on the person or persons charged in the complaint, together with a copy of the complaint. The notice may be served personally or in the manner provided by Rule 31. The notice shall state that a verified complaint has been filed with the committee, that the respondent named in the complaint has 10 days after service of the notice within which to file a verified answer with the committee and demand a hearing, and that unless such verified answer and demand for hearing are filed within that time, or such further time as

the committee may grant, the committee will proceed to deal with the charges in the verified complaint in such manner as it deems proper.

46. **Filing of Answer.** The respondent named in the complaint may within 10 days after service of the notice and copy of the complaint, file with the committee a verified answer to the charges and demand a hearing. The committee may, for good cause, grant further time in which to answer. The answer may consist of denials or the statement of any material by way of defense, or both.

If an answer and demand for hearing is filed as provided for in these Rules, a hearing shall be had as provided by these Rules. If no answer and demand for hearing is filed, the committee may proceed to deal with the charges in the complaint as it deems proper, and may hold hearings on the charges, at which hearings the committee may require the attendance of the respondents, the complainants, or any other person the committee desires to hear.

47. **Certificate Not Suspended by Filing Complaint.** If at the time of the filing of a complaint, a respondent named in the complaint holds a valid certificate, it shall remain in effect until the committee determines the charges made in the complaint and dismisses the charges or suspends or revokes the certificate.

48. **General Rule on Hearing.** Except as otherwise provided by law and by these Rules, the committee in determining whether to issue, suspend, or revoke a certificate may proceed with or without hearings. If hearings are held, they shall be open to the public.

49. **Hearing When Complaint Filed.** If a verified complaint has been filed with the committee, and the respondent has filed an answer and demand for hearing, a hearing shall be had before a certificate is issued, suspended, or revoked.

50. **Hearing When Certificate Has Been Denied.** If the committee has refused to issue a certificate without a hearing, the registrant shall be notified of the committee's action. The notice shall be served as provided in Rule 31. Within 10 days after the mailing of the notice the registrant whose application has been denied may demand a hearing.

51. **Investigations.** All investigations, other than hearings, shall be conducted by the committee at such times, at such places, and by such means as the committee deems proper.

52. **Scheduling Hearings.** The chairman shall schedule such hearings as are deemed advisable or as are provided for by these Rules. The time and place of all hearings shall be such as the chairman may fix, except that the time shall not be earlier than the expiration of the time within which a respondent or registrant may file a demand for a hearing.

53. **Notice of Hearings.** The committee shall give reasonable notice in writing of time and place of all hearings either personally or by mail, to the complainant or complainants in any verified complaint, to the respondent or respondents charged in any verified complaint, and to any registrant entitled to a hearing as provided in Rules 49 and 50. The committee may give notice of the hearings to any other persons they deem proper, and in such manner as they deem proper. When hearings are held on the committee's own motion, only such notice shall be given as the committee deems proper in the circumstances.

54. Conduct of Hearings. At any hearing a person shall be heard only with the consent of the committee, except that on hearings held pursuant to demands for a hearing filed in accordance with these Rules the complainant, respondent, and registrant shall be entitled to the following:

(a) To be represented by a member of the State Bar of California.

(b) To produce evidence which is material and relevant, and to cross-examine witnesses.

(c) To have subpoenas issued by the committee upon reasonable request therefor. If a request for a subpoena duces tecum is filed, the subpoena will issue only if the request specifies with particularity the records, documents, papers, or other material desired, and is accompanied by a showing required for the issuance of subpoenas duces tecum in civil actions in the superior courts of the State of California.

55. Scope of Inquiry. In all hearings oral evidence shall be taken only by oath or affirmation. No testimony or evidence required shall be taken or received unless it is material and relevant to a charge made in the verified complaint, or a matter under investigation. In hearings had under the committee's own motion, the committee may determine the scope of the hearing, and on hearings had pursuant to a demand under Rules 49 and 50, the inquiry shall not be confined to any reasons which the committee may have stated upon the denial, suspension, or revocation of a certificate.

56. Amending Complaint or Answer. The committee in its discretion may permit amendment to any verified complaint, answer, or other material filed with it, upon a showing to the committee of cause which the committee deems sufficient.

57. Order of Hearings. On any hearing the committee shall determine the order of procedure and the order of proof, and on its own motion may enlarge the scope of the inquiry. The hearing need not be conducted according to any technical rules.

58. Evidence. The hearing need not be conducted according to any technical rules relating to evidence, testimony, or witnesses, used in courts of record. Any evidence which is relevant and material shall be admitted if it is the sort on which responsible persons are accustomed to rely in the conduct of serious affairs, without regard for any common law or statutory rule under which it might be excluded in the trial of any civil action.

On all investigations and hearings the committee will consider, and take notice of, so far as relevant and material, all proceedings and all matters appearing in any proceeding, at any time had by either house of the Legislature or any committee of either house of the Legislature or any joint committee of the houses of the Legislature.

59. Affidavits. The committee may receive proof on any matter by affidavit. If any affidavit is received in any hearing held pursuant to a demand for a hearing, the complainant, respondent, or registrant shall be afforded an opportunity, upon a request made within a reasonable time after notice that the affidavit will be received, to cross-examine the

person making the affidavit. If an opportunity to cross-examine the person making the affidavit is not afforded after a request therefor, the affidavit may be introduced in evidence, but shall be given only the same effect as other hearsay evidence.

60. Failure to Appear Before Committee. If any complainant who has filed a verified complaint, or any registrant or respondent fails to appear before the committee pursuant to notice served upon him, or fails to appear at any hearing of which he has notice, the committee may forthwith proceed as though such person had filed his complaint, answer, or demand for a hearing as the case may be. The committee may take such other action, with or without a hearing, as the committee deems proper, insofar as the person in default is concerned.

61. Findings of Fact. The committee shall not be required to make findings of fact or state its reasons or conclusions for any action taken by it, but may do so if it deems proper.

62. Finality of Committee's Action. The committee will not entertain any charge in a verified complaint or any demand for a hearing or other application to the committee upon any subject on which the committee has acted after a hearing pursuant to these Rules, except on the committee's own motion.

The fact that the name of a person who has filed as legislative advocate agreeably to Government Code Section 9906 does not appear on the foregoing list means no more than that it has not been included because of some technical defect or deficiency in the papers on file, which can be corrected when the deficiency is called to the registrant's attention. It is the intention of the committee to give all registrants notice and an opportunity to correct technical defects.

#### LETTER OF TRANSMITTAL

SENATE CHAMBER, STATE CAPITOL  
SACRAMENTO, JANUARY 13, 1953

*Hon. Goodwin J. Knight, President of the Senate  
Senate Chamber, State Capitol  
Sacramento, California*

MR. PRESIDENT: Pursuant to Senate Resolution No. 204, adopted June 19, 1951, the Senate Interim Committee on the Education and Rehabilitation of Handicapped Children and Adults herewith submits its report.

Due to the limitation of the funds made available, the committee has limited its study to specific problems within the scope of the resolution. As indicated in this report, many of the problems presented to the committee require further study, and many related problems were excluded from the committee's agenda.

The committee wishes to express its appreciation to the Department of Education and members of its staff for their cooperation.

Respectfully submitted,

JAMES J. McBRIDE, Chairman  
HUGH P. DONNELLY, Vice Chairman  
JESS R. DORSEY

**Motion to Print Report**

Senator Powers moved that the letter of transmittal be printed in the Journal, and the report submitted by the Committee on the Education and Rehabilitation of Handicapped Children and Adults be printed in the Appendix to the Journal, and that 3,000 additional copies be printed for distribution.

Motion carried.

**RESOLUTIONS**

The following resolution was offered:

By Senator Miller:

**Senate Resolution No. 27**

Relative to the creation of the Senate Special Committee on Civilian Defense

WHEREAS, The problem of protecting civilian lives and property in this State from enemy attack is of paramount importance to this Legislature; and

WHEREAS, The enactment of effective legislation on civilian defense requires an understanding of resources of the federal, state and local governments available for use in protecting civilian lives and property; and

WHEREAS, Federal plans and legislation should be studied in order that the civilian defense program for this State will be correlated with the national program; now, therefore, be it

*Resolved by the Senate of the State of California, as follows:*

1. The Senate Special Committee on Civilian Defense is hereby created and authorized and directed to ascertain, study and analyze all facts relating to civil defense, disaster relief, civil and military services in connection therewith, federal legislation, resources, and plans for civil defense, state and local resources for civil defense, the most feasible means of providing financial support for civil defense, and the proper division of administrative and financial responsibility for civil defense between the state and local governments, including but not limited to the operation, effect, administration, enforcement and needed revision of any and all laws in any way bearing upon or relating to the subject of this resolution, and to report thereon to the Senate, including in the reports its recommendations for appropriate legislation.

2. The committee shall consist of seven members of the Senate appointed by the Rules Committee thereof. Vacancies occurring in the membership of the committee shall be filled by the appointing power.

3. The committee is authorized to act during this session of the Legislature, including any recess, but not after final adjournment, with authority to file a final report before final adjournment.

4. The committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate as they are adopted and amended from time to time at this session, which provisions are incorporated herein and made applicable to this committee and its members.

5. The committee has the following additional powers and duties:

(a) To select a chairman and a vice chairman from its membership.

(b) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created.

(c) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpoenas, orders and other process issued by the committee.

(d) To report its findings and recommendations to the Legislature and to the people from time to time and at any time, not later than herein provided.

(e) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

6. The members of the committee and members of the committee's staff are authorized to do such traveling outside the State as is necessary to accomplish the purposes for which the committee has been created.

7. The sum of ----- dollars (\$-----) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said contingent fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read, and referred to Committee on Rules.

## LETTER OF TRANSMITTAL

SENATE CHAMBER, STATE CAPITOL

SACRAMENTO, January 6, 1953

*Hon. Goodwin J. Knight, President of the Senate*  
*Senate Chamber, State Capitol*  
*Sacramento, California*

MR. PRESIDENT: Pursuant to Senate Resolution No. 181, read and adopted June 23, 1951, at the 1951 Regular Session of the Legislature, the Senate Interim Committee on Social Welfare submits a partial report with findings and recommendations on the administration of the public assistance appeals procedure of the State Department of Social Welfare.

The committee desired to conduct an objective study covering all aspects of the appeals procedure and for that purpose engaged the J. L. Jacobs Company, administrative and finance consultants of Los Angeles and Chicago, to conduct this survey.

We desire to express our appreciation for the cooperation and assistance extended by the officials and staff of the Department of Social Welfare, Legislative Auditor, Legislative Counsel, and the various county welfare administrators.

Respectfully submitted,

FRED WEYBRET, Chairman  
 CLYDE A. WATSON, Vice Chairman  
 F. PRESLEY ABSHIRE  
 R. R. CUNNINGHAM  
 ED. C. JOHNSON

## Motion to Print Report

Senator Weybret moved that letter of transmittal be printed in the Journal, and the partial report submitted by the Committee on Social Welfare be printed in the Appendix to the Journal, and 1,500 additional copies be printed for distribution.

Motion carried.

## RESOLUTIONS

The following resolutions were offered:

By Senator Montgomery:

## Senate Resolution No. 28

Relative to the retirement of Robert Roy Cunningham

WHEREAS, Robert Roy Cunningham has retired from public service after 16 years of devoted and useful service in the Legislature as Senator from the Twenty-seventh District, Kings County; and

WHEREAS, Senator Cunningham was unusually attentive and faithful in the performance of his obligations to the people of his county and of the State of California; and

WHEREAS, He set the highest example of character, conduct, patriotism, and loyalty both in his private life and in his professional capacity; and

WHEREAS, Senator Cunningham is regarded as among the highest and most esteemed Members of the Legislature during the entire history of California; now, therefore, be it

*Resolved by the Senate of the State of California*, That the retirement of Senator Cunningham has been felt keenly by his colleagues and friends who worked with him in the interests of California for so many years and that by this resolution they extend their best wishes with the hope that he will enjoy continued health, happiness and contentment; and be it further

*Resolved*, That the Secretary of the Senate is hereby directed to transmit a suitably prepared copy of this resolution to Hon. Robert Roy Cunningham.

Resolution read, and on a motion of Senator Montgomery, adopted.

**Senate Resolution No. 31**

Relating to the passing of Justin W. Gillette

WHEREAS, Justin W. Gillette, a person of unusual attainments, departed into the realms beyond this world on December 9, 1952; and

WHEREAS, "Chess" Gillette, as he was affectionately called, was born at Kearney, Nebraska, January 6, 1881, and devoted his life to the music profession and was a pioneer in the handling of the affairs of musicians in the Motion Picture Studios; and

WHEREAS, "Chess" Gillette was an important figure in the development of the American Federation of Musicians, having served as President of Los Angeles Local 47 from 1925 to 1933 and as Representative of the Federation in the Motion Picture Studios from 1933 until his passing; and

WHEREAS, "Chess" Gillette was active in civic affairs, having served on the City of Los Angeles Civil Service Commission for eight years, until forced to resign because of ill health; and

WHEREAS, His character and private life was without blemish; honest — honorable — he had an unflinching sense of right and justice and always maintained them without fear; now, therefore, be it

*Resolved by the Senate of the State of California, That the Senate of the State of California by this resolution desires to pay tribute to "Chess" Gillette and to convey to his bereaved wife its sense of sympathy in her loss; and be it further*

*Resolved, That the Secretary of the Senate be, and he is hereby instructed, to prepare suitably engrossed copies of this resolution for Mrs. Gillette, the widow of Justin W. Gillette, Los Angeles Local 47, American Federation of Musicians, and the American Federation of Musicians, New York City.*

Resolution read, and adopted on a motion of Senator Tenney.

**Senate Resolution No. 32**

Relative to the creation of the Senate Interim Committee on  
Highways, Streets, and Bridges

WHEREAS, The public highways, streets, and bridges of the State are useful, necessary, and indispensable arteries of travel and commerce and have been constructed and improved at great public expense; and

WHEREAS, The State, in providing highway, road, and street facilities, is in effect managing and financing a full-scale transportation system, costing the highway users and taxpayers of the State in excess of \$200,000,000 annually; and

WHEREAS, Pavements and other highway improvements are not permanent but must be rebuilt, resurfaced, expanded, and modernized both to maintain and improve the existing facilities and to meet changing economic and industrial conditions; and

WHEREAS, The Legislature is responsible to the people as a whole for the imposition of taxes levied to support state highway, county road, and city street programs and in discharging this responsibility cannot be indifferent to the inefficient use of tax resources, but it appears possible that less diligence is presently exercised over expenditures of state-collected highway-user taxes by the State, the counties, and the cities than is exercised over the expenditure of other tax moneys because such expenditures of other tax moneys because such expenditures do not directly affect the General Fund of the State or the tax rates of local governments; and

WHEREAS, The Department of Public Works has reported to the Legislature that the cost of improving the state highways alone to standards adequate for 1950 traffic conditions is estimated in excess of \$3,000,000,000, but only \$1.4 billion will be available for construction in the next 10 years; and

WHEREAS, The cost of acquiring rights-of-way and the limitation of access has risen to alarming proportions and appears to be continuing to rise, and the reasons for the increasing costs should be ascertained and the wisdom of limited access construction under certain conditions, should be reviewed by the Legislature; and

WHEREAS, Serious criticisms have arisen from time to time with respect to the advisability of constructing freeways in metropolitan areas where parking problems are not being solved and mass transit is not being improved; and

WHEREAS, The Legislature has considered alternative plans of financing an accelerated state highway construction and right-of-way acquisition program but further study is necessary and should be given to all aspects of California's highway problems, including an appraisal of the efficiency and effectiveness with which state-collected highway-user tax funds are now being expended by all agencies of government to which such funds are entrusted; and

WHEREAS, The Senate Interim Committee on Highways, Streets, and Bridges, during the course of its inquiries, found that several counties were apparently failing to comply with the spirit, if not the letter, of the Highway Act of 1947 with respect to county road administration, and, it therefore appears that the Legislature should have additional information on this subject in view of the fact that almost \$50,000,000 is apportioned annually by the State to counties for road purposes; and

WHEREAS, The State Controller is annually collecting data on county road and city street finance as required by the Highway Act of 1947 and such information should be carefully digested and evaluated for the use of the Legislature in considering legislation dealing with county road and city street affairs; and

WHEREAS, Expenditures by the Department of Motor Vehicles and the Department of the Highway Patrol are directly supported by taxes collected from highway users and such expenditures directly reduce the amount of funds available for highways and, therefore, should be investigated by the Legislature in view of the apparent need for additional revenue; and

WHEREAS, The Legislature is faced with difficult problems of cost allocation in devising just and reasonable taxes for highway support, which problems have not been fully solved particularly with respect to the equitable taxation of heavy commercial vehicles although alternative solutions have been considered, and, therefore, further study is necessary in this connection; and

WHEREAS, Additional and more comprehensive data regarding the operating characteristics of various classes of motor vehicles, including such factors as annual vehicle mileages, average fuel consumption, loaded and empty vehicle weights, and the like,

are indispensable to the formation of a reasonable and equitable system of highway-user taxation and, therefore, should be collected, analyzed, and made available to the Legislature; and

WHEREAS, No one of the administrative agencies of the State Government is so constituted that it can consider and advise the Legislature on all aspects of highway, road, and street management and finance, and, therefore, the Legislature finds a lack of complete and coordinated information on over-all highway problems; and

WHEREAS, The entire problem of proper maintenance, development, and financing of the highways, streets, and bridges requires continued study, investigation, vigilance, and exercise of foresight on the part of the Legislature to insure that the money of the people of California is wisely expended, that modern and efficient methods are employed, that existing facilities are maintained, and that reasonable measures consistent with efficiency and economy are being taken to maintain, improve, and make safe the arteries of vehicular travel of the State; now, therefore, be it

*Resolved by the Senate of the State of California, As follows:*

1. The Senate Interim Committee on Highways, Streets, and Bridges is hereby created and authorized and directed to ascertain, study, and analyze all facts relating to and in any way connected with the maintenance and development of safe, efficient, economical, and adequate highways, streets, and bridges and the administration and financing thereof, including but not limited to the operation, effect, administration, enforcement, and needed revision of any and all laws in any way bearing upon or relating to the subject of this resolution and to report thereon to the Senate, including in the reports its recommendations for appropriate legislation.

2. The committee is further specifically authorized and directed to collect by questionnaires, direct investigation, or otherwise, all such information from the owners and operators of motor vehicles on the highways, roads, and streets of this State as it deems necessary in order to formulate a reasonable and equitable system of highway-user taxation for all classes of motor vehicle operation and to carry out the other purposes for which it is created.

3. The committee is further and specifically directed, without any limitation on its other powers, to ascertain, study and analyze all facts relating to the following:

(a) California's highway, road, and street needs, including an appraisal of the 1951 deficiency report made by the Department of Public Works and the criteria adopted in the preparation of that report;

(b) The efficiency and effectiveness of state highway, county road, and city street expenditures, including a determination of whether unnecessary, wasteful, or extravagant expenditures have been or are being made by any agency of government;

(c) Budgetary practices relating to highways, roads, and streets of the State, counties, and cities, including expenditure programs of the Motor Vehicle Department and the Department of the Highway Patrol;

(d) The effectiveness and efficiency of present administrative arrangements pertaining to highways, roads, and streets;

(e) The effectiveness of present policies of the State Department of Public Works with respect to advance planning of highway construction and the advance acquisition of rights of way;

(f) The costs and economic effects of present state policies with respect to the construction of limited access highways and metropolitan freeways.

(g) Alternative methods of financing the highway modernization program of California;

(h) Alternative methods of taxing heavy commercial vehicles equitably in relation to taxes on other highway users;

(i) The need for continuing collection of data regarding highway use, vehicle operating characteristics, and the effects of heavy vehicles on highways and vehicle traffic from which can be devised more equitable tax policies;

(j) The advisability of establishing a permanent committee or other agency in order (1) to provide a continuous check on expenditures of state-collected highway-user taxes by the State, counties, and cities; (2) to study and recommend legislation to guarantee and insure the most effective highway, road, and street management and the most efficient expenditure of highway, road, and street funds; (3) to accumulate and coordinate data which will provide a rational basis for the allocation of state-collected highway-user taxes among the various levels of government and among geographical areas of the State; (4) to accumulate and coordinate data which will provide a basis for the improvement of the highway-user tax structure and for such modifications of the structure as conditions may justify from time to time; (5) to study, analyze, and appraise on a continuing basis all aspects of highway, road, and street management, expenditure, and finance to the end that the Legislature will at all times be fully advised on the existing facts, new developments, and emerging issues in the transportation field; (6) to make studies of the economics of transportation in general, including taxation and regulatory policies, to the end that the State's role in providing the road plant will be properly integrated with the over-all development of an efficient transportation system for California; (7) to cooperate with other agencies, public and private, to accomplish the objectives of the committee or agency.

4. The committee shall consist of seven Members of the Senate appointed by the Committee on Rules thereof. Vacancies occurring in the membership of the committee shall be filled by the appointing power.

5. The committee is authorized to act during this session of the Legislature, including any recess, and after final adjournment until the commencement of the 1955 Regular Session, with authority to file its final report not later than the 15th day after the end of the constitutional recess. The time for filing the final report shall not be extended.

6. The committee and its members shall have and exercise all of the rights, duties, and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate as they are adopted and amended from time to time, which provisions are incorporated herein and made applicable to this committee and its members.

7. The committee has the following additional powers and duties:

(a) To select a chairman and a vice chairman from its membership.

(b) To employ an executive secretary, engineers, auditors, and other personnel, as it deems necessary to carry out the purposes for which it is created.

(c) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created.

(d) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to service subpoenas, orders, and other process issued by the committee.

(e) To report its findings and recommendations to the Legislature and to the people from time to time and at any time, not later than herein provided.

(f) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

8. The committee and its employees may meet and act any place within the State or within the United States.

9. The sum of twenty-five thousand dollars (\$25,000) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said Contingent Fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read, and referred to Committee on Rules.

SENATE CHAMBER, SACRAMENTO, January 15, 1953

**MR. PRESIDENT:** The Committee on Finance, to which was referred:

Senate Bill No. 122

Has had the same under consideration, and reports the same back with the recommendation: Do pass.

Committee membership 11; committee vote: Ayes 7; noes 1; absent 3.

HULSE, Chairman

**Request for Unanimous Consent**

Senator Breed asked for, and was granted, unanimous consent to take up Senate Bill No. 122, at this time, for consideration.

**CONSIDERATION OF SENATE BILL NO. 122**

**Senate Bill No. 122**—An act making an appropriation for the construction of fireboats and declaring the urgency thereof, to take effect immediately.

Bill read second time.

**Resolution to Suspend Constitutional Provision**

The following resolution was offered:

By Senator Breed:

*Resolved*, That Senate Bill No. 122 presents a case of urgency, as that term is used in Article IV, Section 15, of the Constitution, and the provision of that section requiring

that the bill be read on three several days in each house is hereby dispensed with, and it is ordered that said bill be read the third time, considered engrossed, and placed upon its passage.

Resolution read.

The roll was called, and the resolution adopted by the following vote:

AYES—Senators Berry, Breed, Byrne, Collier, Cunningham, Desmond, Donnelly, Dorsey, Erhart, Gibson, Grunsky, Hoffman, Ed. C. Johnson, Harold T. Johnson, Kraft, McBride, McCarthy, Montgomery, Murdy, Parkman, Powers, Tenney, Thompson, Ward, Way, Weybret, and Williams—27.

Article IV, Section 15, of the Constitution was declared suspended.

#### FURTHER CONSIDERATION OF SENATE BILL NO. 122

**Senate Bill No. 122**—An act making an appropriation for the construction of fireboats and declaring the urgency thereof, to take effect immediately.

Bill read third time.

#### Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending passage of Senate Bill No. 122:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, January 13, 1953

*To the Honorable Members of the Senate  
Sacramento, California*

GENTLEMEN: Senate Bill No. 122, "An act making an appropriation for the construction of fireboats and declaring the urgency thereof, to take effect immediately", in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

At present the City and County of San Francisco is furnishing fire protection in the harbor, under contract. This contract is about to expire. It is necessary, therefore, for the State to construct two fireboats of its own in order to properly protect the harbor in the event of fire.

I therefore recommend consideration of Senate Bill No. 122 as an emergency measure.

Respectfully submitted,

EARL WARREN, Governor

#### Urgency Clause

Urgency clause read, and adopted by the following vote:

AYES—Senators Berry, Breed, Byrne, Collier, Cunningham, Desmond, Donnelly, Dorsey, Erhart, Gibson, Grunsky, Hoffman, Ed. C. Johnson, Harold T. Johnson, Kraft, McBride, McCarthy, Montgomery, Murdy, Parkman, Powers, Tenney, Thompson, Ward, Way, Weybret, and Williams—27.

NOES—None.

The roll was called, and the bill passed by the following vote:

AYES—Senators Abshire, Berry, Breed, Byrne, Collier, Coombs, Cunningham, Desmond, Donnelly, Dorsey, Erhart, Gibson, Grunsky, Hoffman, Ed. C. Johnson, Harold T. Johnson, Kraft, McCarthy, Montgomery, Murdy, Parkman, Powers, Tenney, Thompson, Ward, Way, Weybret, and Williams—28.

NOES—None.

Bill ordered transmitted to the Assembly.

## RESOLUTIONS

The following resolution was offered:

By Senators Dorsey and Thompson:

**Senate Resolution No. 35**

Relative to the continuance of the Senate Interim Committee on 24-hour Schools

*Resolved by the Senate of the State of California, As follows:*

1. The Senate Interim Committee on 24-hour Schools created by Senate Resolution No. 212 of the 1951 Session is continued as a Senate committee at this session, with the membership and with all the rights, powers, and duties possessed by the committee and its members immediately prior to the commencement of this session. Vacancies occurring or existing in the membership of the committee shall be filled by the appointing power.

2. The committee is authorized to act during this session of the Legislature including any recess, but not after final adjournment, with authority to file its final report not later than the date of adjournment.

3. The provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate, as soon as such rules are adopted at this session or amended from time to time, become applicable to this committee and its members.

Until the adoption of Joint Rules at this session, the Joint Rules of the last preceding general session are incorporated herein and made applicable to this committee and its members.

4. The unexpended balance of the money heretofore made available to the committee continued by this resolution shall continue to be available for the expenses of the committee and its members and for any charges, expenses, or claims it may incur under this resolution, to be disbursed in the manner heretofore provided.

Resolution read, and referred to Committee on Rules.

Chief Assistant Secretary Cleve V. Taylor at the Desk

##### Letter of Transmittal

SACRAMENTO, January 15, 1953

*Hon. Joseph A. Beek*  
*Secretary of the Senate*  
*State Capitol*  
*Sacramento, California*

DEAR MR. BEEK: Transmitted herewith is a report on roadside rests and parks, or wayside areas, as requested in Assembly Concurrent Resolution No. 91, adopted at the 1951 Regular Session. This resolution requested both the Department of Natural Resources and the Department of Public Works to report on this subject. The report is in two parts, one prepared by the Division of Beaches and Parks and the other by the Division of Highways, each emphasizing those phases of the subject within the province and experience of the respective agencies.

Sincerely,

WARREN T. HANNUM  
Director of Natural Resources  
FRANK B. DURKEE  
Director of Public Works

Report ordered filed with the Secretary of the Senate.

STATE OF CALIFORNIA, DEPARTMENT OF FINANCE  
SACRAMENTO, January 12, 1953

*President of the Senate*  
*State Senate, State Capitol*  
*Sacramento, California*

DEAR MR. PRESIDENT: Item 345 (d) of the Budget Act of 1952 contains an appropriation to construct the first unit of the science building at the Kellogg Campus of the California State Polytechnic College with the following proviso:

"Except for amounts approved by the Director of Finance for preliminary plans, no expenditure shall be allowed for the project under (d) above until there has been filed with the Director of Finance a report which includes:

- "(1) A description of the proposed form of instruction and other activities to be carried on at the Kellogg Campus and its place in the State's higher education system,
- "(2) A master plan of the proposed ultimate physical development at the Kellogg Campus,
- "(3) The relationship between the Kellogg Campus and the present San Dimas Campus,
- "(4) The suitability of the Kellogg site for an agricultural college, and
- "(5) A full statement as to the limitations and obligations with respect to the State's title to the San Dimas and Kellogg Campus sites

and until such report has been transmitted to the Senate and Assembly at the 1953 regular session by the Director of Finance with his recommendations."

I am transmitting herewith copies of the following documents which have been filed with me by the Department of Education:

- (a) Report to the State Director of Finance on Developmental Plans for the Kellogg-Voorhis Campus, California State Polytechnic College.
- (b) Letter of Department of Education dated September 29, 1952, signed by the Director of Education accepting the report under (a) above and requesting favorable action thereon.
- (c) Prospectus—A Descriptive Report of the Expansion Plans of California State Polytechnic College, Voorhis-Kellogg Campus, prepared in 1951.
- (d) A master plan of the proposed ultimate physical development at the Kellogg Campus.

The questions of the ultimate size of the campus on the Kellogg site and the final determination of the form of instruction to be carried on at that campus are illustrations of the importance of a continuing comprehensive study of the needs of higher education in this State. According to the best population predictions available, the probable number of college students will soon tax existing and presently authorized colleges far beyond their capacity. You have previously authorized a joint staff of the University of California and the Department of Education consisting of one professional position in each agency. A minor increase is requested in this staff for 1953-54. The Legislature should consider the advisability of broadening this study group. While it is my opinion that the study should be made by other than fiscal officers, this department would be glad to render whatever assistance is necessary and desirable.

I do not believe, however, that there should be a complete postponement of all capital outlay on the Kellogg site to await the outcome of such a broad study. The policy of accepting the Kellogg Ranch as a gift for educational use by the California State Polytechnic College was passed upon by the Legislature in the adoption of Assembly Concurrent Resolution No. 100 in 1949 (Resolutions Chapter 190, 1949). It would certainly seem that regardless of whether the ultimate capacity of the Kellogg Campus reaches the number of 3,600 students mentioned in the report or is held to a smaller number, and regardless of whether its curriculum is limited to agricultural subjects or encompasses a broader field, a science building can be put to good use.

I believe the documents which I am transmitting meet the requirements of the above quoted proviso of the 1952 Budget Act. I am therefore allocating funds for preliminary plans so that a proposal to proceed with the construction of the science building may be submitted to the Public Works Board within the next few weeks. The board would then be in a position to authorize the project unless in the meantime the Legislature has taken some action to indicate that this program is not acceptable and directs us not to proceed.

Very truly yours,

JAMES S. DEAN, Director of Finance

## REPORTS OF STANDING COMMITTEES

### Committee on Rules

SENATE CHAMBER, SACRAMENTO, January 15, 1953

MR. PRESIDENT: The Committee on Rules makes the following suggestions for committee organization:

#### *Suggestions for Committee Organization*

The officers of this committee shall be a chairman, vice chairman, and secretary.

The chairman shall preside at meetings when present and when absent the vice chairman shall preside.

The secretary shall keep a complete record of the meetings and of action taken by the committee.

The committee shall meet in regular session, in Room \_\_\_\_\_, on \_\_\_\_\_ and \_\_\_\_\_ of each week, at the hour of \_\_\_\_\_. Adjourned meetings or special meetings shall be held at the time fixed in the adjourning motion or on the call for the special meeting.

Special meetings may be called by the chairman by giving at least three hours' notice, specifying the purpose of the meeting and the time and place thereof and the matters to be considered at such special meeting, and no bill or other formal matter shall be considered at such meeting other than those specified in the notice.

\_\_\_\_\_ members shall constitute a quorum and no bill shall be voted out of committee except on the affirmative vote of \_\_\_\_\_ members.

No bill shall be signed out of committee.

The chairman shall arrange the calendar for the various meetings and shall set bills to be heard at the various meetings and give notice thereof. No bills except those on the calendar shall be considered at any meeting except with the unanimous consent of those present. The calendar shall be made up at least twelve (12) hours before time of meeting. Notice of hearing of bills shall be given the author and such other persons requesting notice in writing. Bills will not be considered in the absence of the author without his consent. All bills shall be carefully considered and all controversial measures shall be fully and completely heard in such manner and at such time as the committee shall determine.

In controversial matters it may be advisable for the committee to take action in executive session.

Any bill laid upon the table shall not be removed unless one day's notice of intention to remove the same from the table shall have been first given. Reconsideration of the vote by which a bill is voted out, tabled or defeated, may be made at the same meeting or at a subsequent meeting upon at least one day's notice, in writing, to the chairman of the committee and no motion to reconsider a vote or to take it to the table at a subsequent meeting shall be considered unless one day's notice of intention to make such motion shall have been given.

The chairman shall direct the order of presentation of the arguments for and against matters for consideration by the committee and shall permit questions to be asked by the various members of the committee, in an orderly fashion and in keeping with proper decorum.

It shall be the duty of the Sergeant-at-Arms, or an Assistant Sergeant-at-Arms, to be present and maintain order during meetings of the committee.

Bills favorably acted upon shall be reported to the Senate as expeditiously as the reports can be prepared.

**Senate Resolution No. 27**

Relative to the creation of the Senate Special Committee  
on Civilian Defense

WHEREAS, The problem of protecting civilian lives and property in this State from enemy attack is of paramount importance to this Legislature; and

WHEREAS, The enactment of effective legislation on civilian defense requires an understanding of resources of the federal, state and local governments available for use in protecting civilian lives and property; and

WHEREAS, Federal plans and legislation should be studied in order that the civilian defense program for this State will be correlated with the national program; now, therefore, be it

*Resolved by the Senate of the State of California, As follows:*

1. The Senate Special Committee on Civilian Defense is hereby created and authorized and directed to ascertain, study and analyze all facts relating to civil defense, disaster relief, civil and military services in connection therewith, federal legislation, resources, and plans for civil defense, state and local resources for civil defense, the most feasible means of providing financial support for civil defense, and the proper division of administrative and financial responsibility for civil defense between the state and local governments, including but not limited to the operation, effect, administration, enforcement and needed revision of any and all laws in any way bearing upon or relating to the subject of this resolution, and to report thereon to the Senate, including in the reports its recommendations for appropriate legislation.

2. The committee shall consist of seven members of the Senate appointed by the Rules Committee thereof. Vacancies occurring in the membership of the Committee shall be filled by the appointing power.

3. The committee is authorized to act during this session of the Legislature, including any recess, but not after final adjournment, with authority to file a final report before final adjournment.

4. The committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate as they are adopted and amended from time to time at this session, which provisions are incorporated herein and made applicable to this committee and its members.

5. The committee has the following additional powers and duties:

(a) To select a chairman and a vice chairman from its membership.

(b) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created.

(c) To cooperate with and secure the cooperation of county, city, city and county and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpoenas, orders and other process issued by the committee.

(d) To report its findings and recommendations to the Legislature and to the people from time to time and at any time, not later than herein provided.

(e) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

6. The members of the committee and members of the committee's staff are authorized to do such traveling outside the State as is necessary to accomplish the purposes for which the committee has been created.

7. The sum of five thousand dollars (\$5,000) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said contingent fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

#### RESOLUTIONS

The following resolutions were offered:

By Senator Cunningham:

##### Senate Resolution No. 37

Relative to the death of Judge Dix Van Dyke

WHEREAS, It has come to the attention of the Members of the Senate that San Bernardino County and the State of California lost a most distinguished and colorful citizen when death closed the long career of Judge Dix Van Dyke of San Bernardino County, and

WHEREAS, Judge Dix Van Dyke, in addition to being one of the oldest in the point of service of the Justices of the Peace in the State of California, was a widely known historian and authority on the lore of the Mojave Desert Region, having retraced

pioneer trails, rediscovered forgotten camp grounds and watering holes, and contributed much valuable information about the part of the world he loved and understood, and

WHEREAS, Judge Van Dyke, among other achievements to his credit, pioneered in the growing of alfalfa on the desert and by virtue of his experiments succeeded in proving the Mojave River Valley an area of agricultural value, and

WHEREAS, James A. Guthrie, talented editor described Judge Van Dyke as "rugged and indomitable as the desert on which he spent most of his life" and says of him that "He dispensed justice with a firm but fair hand and delighted in propounding native desert philosophy with pronouncement of sentence. Tough and wiry as the desert sage brush itself, he explored every nook and cranny of the Mojave by horseback and on foot from the time of his arrival in Daggett in 1901 until just a few years ago when he made a concession to his advancing years only to the extent of agreeing to use a jeep instead of more rugged forms of transportation"; now, therefore, be it

*Resolved*, That the Senate of the State of California deplores the passing of this rugged and colorful character and desires by this resolution to pay its most profound respect to his memory, and to extend its sympathy to the bereaved members of his family, and be it further

*Resolved*, That the Secretary of the Senate be and he is hereby directed to forward an engrossed copy of this resolution to Mrs. George Golden of Daggett, surviving sister of the late Judge Dix Van Dyke.

Resolution read, and unanimously adopted on a motion of Senator Cunningham.

By Senator Cunningham :

#### Senate Resolution No. 38

##### Relative to purchasing Attorney General's Opinions

*Resolved by the Senate of the State of California*, That the Secretary of the Senate be, and he is hereby authorized and directed to purchase for the use of the Senate, the following: 39 subscriptions to the "Opinions of the Attorney General of California" for 1953 and 1954; 4 sets of back volumes of the "Opinions," each set comprising Volumes 1-18, inclusive, and 38 copies of "Five-year Consolidated Index" to the "Opinions."

Resolution read, and referred to Committee on Rules.

*To the Senate of the State of California:*

I have the honor to inform you that I propose to make the following appointments, and respectfully request your confirmation thereof and consent thereto:

VERY REVEREND MONSIGNOR THOMAS A. KIRBY, a resident of Sacramento; Chancellor of the Diocese of Sacramento;

to the Board of Trustees, DeWitt State Hospital, vice C. H. Barker deceased, for the term prescribed by law, ending four years from the date of commission.

Respectfully,

EARL WARREN, Governor

Message read, and ordered referred to the Committee on Rules.

### Committee on Finance

SENATE CHAMBER, SACRAMENTO, January 16, 1953

MR. PRESIDENT: The Committee on Finance, to which were referred:

Assembly Bill No. 82

Assembly Bill No. 301

Has had the same under consideration, and reports the same back with the recommendation: Do pass.

Committee membership 11; committee vote: Ayes 7; absent 4.

HULSE, Chairman

Above reported bills ordered to third reading.

### Request for Unanimous Consent

Senator Breed asked for, and was granted, unanimous consent to take up Assembly Bill No. 82, at this time, for consideration.

### CONSIDERATION OF ASSEMBLY BILL NO. 82

**Assembly Bill No. 82**—An act making an appropriation for the support of the Porterville State Home, to take effect immediately.

Bill read second time.

### Resolution to Suspend Constitutional Provision

The following resolution was offered:

By Senator Williams:

*Resolved*, That Senate Bill No. 944 and Assembly Bills Nos. 82, 301, 840, and 1047 present a case of urgency, as that term is used in Article IV, Section 15, of the Constitution, and the provision of that section requiring that the bills be read on three several days in each house is hereby dispensed with, and it is ordered that said bills be read the third time, considered engrossed, and placed upon their passage.

Resolution read.

The roll was called, and the resolution adopted by the following vote:

AYES—Senators Abshire, Berry, Breed, Burns, Byrne, Collier, Coombs, Cunningham, Desmond, Dilworth, Donnelly, Dorsey, Erhart, Gibson, Grunsky, Hoffman, Hulse, Ed C. Johnson, Harold T. Johnson, McBride, McCarthy, Miller, Montgomery, Murdy, Parkman, Powers, Regan, Sutton, Tenney, Thompson, Ward, Weybret, Williams—33.  
NOES—None.

Article IV, Section 15, of the Constitution was declared suspended.

CONSIDERATION OF SENATE BILL NO. 944 AND  
ASSEMBLY BILLS NOS. 82, 301, 840, and 1047

**Assembly Bill No. 82**—An act making an appropriation for the support of the Porterville State Home, to take effect immediately.

Bill read third time.

**Recommendation of the Governor**

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the passage of Assembly Bill No. 82:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, January 13, 1953

*To the Honorable Members of the Senate  
Sacramento, California*

GENTLEMEN: Assembly Bill No. 82, "An act making an appropriation for the support of the Porterville State Home, to take effect immediately," in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

Assembly Bill 82 makes an appropriation for the support of the Porterville State Home for the current fiscal year. This home will be occupied earlier than had been anticipated and it is necessary, therefore, to make available immediately an appropriation of \$542,802 for the support of the home during the remainder of the current fiscal year.

I therefore recommend consideration of Assembly Bill No. 82 as an emergency measure.

Respectfully submitted,

EARL WARREN, Governor

The roll was called, and the bill passed by the following vote:

AYES—Senators Ashlire, Berry, Breed, Burns, Byrne, Collier, Coombs, Cunningham, Desmond, Dilworth, Donnelly, Dorsey, Erhart, Gibson, Grunsky, Hatfield, Hulse, Ed. C. Johnson, Harold T. Johnson, McBride, Miller, Montgomery, Murdy, Parkman, Powers, Regan, Sutton, Tenney, Thompson, Ward, Way, Weybret, and Williams—33.  
NOES—None.

Bill ordered transmitted to the Assembly.

**Request for Unanimous Consent**

Senator Murdy asked for, and was granted, unanimous consent to take up Assembly Bill No. 301, at this time, for consideration.

**CONSIDERATION OF ASSEMBLY BILL NO. 301**

**Assembly Bill No. 301**—An act to amend Sections 154 and 7000 of the Welfare and Institutions Code, relating to the Fairview State Hospital, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

Bill read second time.

**Assembly Bill No. 301**—An act to amend Sections 154 and 7000 of the Welfare and Institutions Code, relating to the Fairview State Hospital, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

Bill read third time.

**Recommendation of the Governor**

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the passage of Assembly Bill No. 301:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, January 13, 1953*To the Honorable Members of the Senate  
Sacramento, California*

GENTLEMEN: Assembly Bill No. 301, "An act to amend Sections 154 and 7000 of the Welfare and Institutions Code, relating to the Fairview State Hospital, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately," in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill provides an appropriation to permit the undertaking of immediate construction of the Fairview State Hospital at Costa Mesa. The facilities of this hospital are so badly needed that there should be no delay in its construction.

I therefore recommend consideration of Assembly Bill No. 301 as an emergency measure.

Respectfully submitted,

EARL WARREN, Governor

**REQUEST FOR UNANIMOUS CONSENT**

Senator Sutton asked for, and was granted, unanimous consent to have the following opinion of the Legislative Counsel printed in the Journal:

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL

SACRAMENTO, January 13, 1953

*Hon. Louis G. Sutton*

*Senate Chamber*

*Seepage Damage—No. 5214*

DEAR SENATOR SUTTON:

*Question*

You have asked if the United States must pay compensation for seepage damage brought about by artificially maintaining the flow of a navigable river. As we understand it, you have particular reference to the Sacramento River.

*Opinion*

It is our opinion that the United States must pay compensation for damage to property riparian to a navigable river due to seepage brought about by artificially maintaining, in the interests of navigation, the stream flow *above* the high water mark.

With respect to the Sacramento River, if its flow is artificially maintained in connection with the Central Valley Project, a reclamation project, we believe that the United States must pay just compensation for any property damaged because of seepage resulting from artificially maintaining the stream flow in connection with that project.

*Analysis*

There can be no question but that if private lands are flooded or rendered unusable because of seepage from a river by artificially maintaining the stream flow of that river, it would constitute a taking of property. (*United States v. Cress* (1916), 243 U. S. 316, 61 L. Ed. 746.) The question before us, then, is whether or not such a taking is one for which the United States is required to pay compensation under the Fifth Amendment of the Federal Constitution, which provides that property cannot be taken without just compensation unless such action falls within the federal police power or some other paramount power. (*Lynch v. United States* (1933), 292 U. S. 57, 78 L. Ed. 1434.) It is well established

that the United States has the power to improve its navigable waters in the interest of navigation without liability for damage resulting to property of the riparian owners as against improvements of navigation below high water mark. (See *United States v. Willow River Power Co.* (1945), 324 U. S. 499, 89 L. Ed. 1101.) On the other hand, lands above the high water mark are fast lands and to flood them is a taking for which compensation must be paid. (*United States v. Kansas City Life Ins. Co.* (1950), 339 U. S. 799, 94 L. Ed. 1277.)

Thus, if the stream flow is artificially maintained, in the interests of navigation, compensation must be paid for seepage damage if the damage resulted from the maintenance of the flow above the high water mark; but not for damage resulting from maintenance of the flow below the high water mark.

As we understand it, however, you are particularly concerned with seepage damage along the Sacramento River caused by the artificial maintenance of its flow in connection with the operation of the Central Valley Project.

In *United States v. Gerlach Livestock Co.* (1949), 339 U. S. 725, 94 L. Ed. 1231, the United States Supreme Court stated, in part:

"When it 'reauthorized' the Central Valley undertaking, Congress in the same Act provided that 'the provisions of the reclamation law, as amended, shall govern the repayment of expenditures and the construction, operation, and maintenance of the dams, canals, power plants, pumping plants, transmission lines, and incidental works deemed necessary to the entire project, . . . and may acquire by proceedings in eminent domain, or otherwise, all lands, rights-of-way, water rights, and other property necessary for said purposes:' . . .

" . . . By its command that the provisions of the reclamation law should govern the construction, operation, and maintenance of the several construction projects, Congress directed the Secretary of the Interior to proceed in conformity with state laws, giving full recognition to every right vested under those laws . . .

" . . . Similarly, we need not ponder whether, by virtue of a highly fictional navigation purpose, the Government could destroy the flow of a navigable stream and carry away its waters for sale to private interests without compensation to those deprived of them. We have never held that or anything like it, and we need not here pass on any question of constitutional power; for we do not find that Congress has attempted to take or authorized the taking, without compensation, of any rights valid under State law."

While the court in the *Gerlach* case was referring to riparian rights, we believe that the same considerations would apply to other rights such as the rights to real property. It follows, we believe, that the United States must pay compensation for any property destroyed (flooded or rendered unusable) as a result of seepage due to the artificially maintaining of the stream flow of rivers within the Central Valley Project. As to whether the seepage damage is due to such activities is, of course, a question of fact.

In this connection, it should be noted that the United States requires, with respect to flood control projects, that a local agency hold the United States harmless account of damage due to construction of the works. While this might transfer responsibility, it would not affect liability.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel  
By GEORGE H. MURPHY, Deputy

Senator Hulse asked for, and was granted, unanimous consent to take up Senate Resolution No. 25, at this time, for consideration.

## CONSIDERATION OF SENATE RESOLUTION NO. 25

### Senate Resolution No. 25

Relative to a survey by the Department of Public Works for a highway connecting Palo Verde Valley and Imperial Valley by the most direct feasible route

WHEREAS, Palo Verde Valley in Riverside County and Imperial Valley in Imperial County constitute two of the State's most productive farming areas, with many common interests and needs requiring direct and economical highway connections between them; and

WHEREAS, Such highway connections were available until recently by way of Brawley, Niland, Hopkins Well and Blythe over a route consisting of 86 miles, 44 of which are paved, but are no longer available because of the establishment of the Chocolate Mountain Gunnery Range by the United States Navy resulting in the closure of this route at the request of high military authorities; and

WHEREAS, The route presently available consists of 152 miles by way of Brawley, Niland, Mecca, State Route 64, U. S. 60-70, and Blythe, a route including that portion of State Route 64 known as the Box Canyon Road which has proved over a period of years to be the most expensive portion of the State Highway System to maintain in that area; and

WHEREAS, Some exploratory work has been done by the United States Navy and the United States Department of Commerce, in conjunction with local authorities, looking toward the establishment of a satisfactory alternate route from Palo Verde Valley to Imperial Valley to take the place of that closed by reason of military necessity; now, therefore, be it

*Resolved by the Senate of the State of California,* That the California Highway Commission and the Department of Public Works are hereby requested to make a survey in accordance with Section 75 of the Streets and Highways Code of a highway connecting the valleys referred to above by any direct, feasible route such as the one by way of Brawley, Glamis, Palo Verde and Blythe; and that in meeting the needs heretofore described the commission and the department are requested to ascertain the most economical route from the long-range viewpoint, particularly in consideration of the possibility of abandoning the expensive Box Canyon portion of State Route 64 if such alternate route were constructed; and be it further

*Resolved,* That the commission and the department are requested to complete this survey within 90 days from the date of adoption of this resolution and to report their findings to the Senate; and be it further

*Resolved,* That the Secretary of the Senate be directed to transmit copies of this resolution to the California Highway Commission, the Director of Public Works and the State Highway Engineer.

Resolution read, and on a motion of Senator Hulse, adopted

**Request for Unanimous Consent**

Senator Brown asked for, and was granted, unanimous consent to take up Senate Resolution No. 26, at this time, for consideration.

**CONSIDERATION OF SENATE RESOLUTION NO. 26****Senate Resolution No. 26**

Relative to the continuance of the Senate Committee on Interstate Cooperation  
*Resolved by the Senate of the State of California, As follows:*

1. The Senate Committee on Interstate Cooperation created by Senate Resolution 169 of the 1951 Regular Session is continued as a Senate committee at this session, with the membership and with all the rights, powers and duties possessed by the committee and its members immediately prior to the commencement of this session. Vacancies occurring or existing in the membership of the committee shall be filled by the appointing power.

2. The committee is authorized to act during this session of the Legislature including any recess, but not after final adjournment, with authority to file its final report not later than the date of adjournment.

3. The provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate, as soon as such rules are adopted at this session or amended from time to time, become applicable to this committee and its members.

Until the adoption of Joint Rules at this session, the Joint Rules of the last preceding general session are incorporated herein and made applicable to this committee and its members.

4. The unexpended balance of any funds heretofore made available to the committee together with the sum of three thousand dollars (\$3,000) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said contingent fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

**Resolution read.**

The roll was called, and the resolution adopted by the following vote:

**AYES**—Senators Brown, Burns, Byrne, Coombs, Cunningham, Desmond, Donnelly, Erhart, Grunsky, Hatfield, Hoffman, Hulse, Ed. C. Johnson, Harold T. Johnson, Kraft, McBride, Miller, Montgomery, Murdy, Powers, Regan, Sutton, Tenney, Way, Weybret, and Williams—26.

**NOES**—None.

**Senator Hatfield Presiding**

At 11.30 a.m., Senator George H. Hatfield, Vice Chairman of the Committee on Rules, presiding.

**Request for Unanimous Consent**

Senator Collier asked for, and was granted, unanimous consent to take up Senate Resolution No. 32, at this time, for consideration.

**CONSIDERATION OF SENATE RESOLUTION NO. 32****Senate Resolution No. 32**

Relative to the creation of the Senate Interim Committee  
on Highways, Streets, and Bridges

**WHEREAS**, The public highways, streets, and bridges of the State are useful, necessary, and indispensable arteries of travel and commerce and have been constructed and improved at great public expense; and

**WHEREAS**, The State, in providing highway, road, and street facilities, is in effect managing and financing a full-scale transportation system, costing the highway users and taxpayers of the State in excess of \$200,000,000 annually; and

**WHEREAS**, Pavements and other highway improvements are not permanent but must be rebuilt, resurfaced, expanded, and modernized both to maintain and improve the existing facilities and to meet changing economic and industrial conditions; and

**WHEREAS**, The Legislature is responsible to the people as a whole for the imposition of taxes levied to support state highway, county road, and city street programs and in discharging this responsibility cannot be indifferent to the inefficient use of tax resources, but it appears possible that less diligence is presently exercised over expenditures of state-collected highway-user taxes by the State, the counties, and the cities than is exercised over the expenditure of other tax moneys because such expenditures

do not directly affect the General Fund of the State or the tax rates of local governments; and

WHEREAS, The Department of Public Works has reported to the Legislature that the cost of improving the state highways alone to standards adequate for 1950 traffic conditions is estimated in excess of three billion dollars, but only \$1.4 billion will be available for construction in the next 10 years; and

WHEREAS, The cost of acquiring rights-of-way and the limitation of access has risen to alarming proportions and appears to be continuing to rise, and the reasons for the increasing costs should be ascertained and the wisdom of limited access construction under certain conditions, should be reviewed by the Legislature; and

WHEREAS, Serious criticisms have arisen from time to time with respect to the advisability of constructing freeways in metropolitan areas where parking problems are not being solved and mass transit is not being improved; and

WHEREAS, The Legislature has considered alternative plans of financing an accelerated state highway construction and right-of-way acquisition program but further study is necessary and should be given to all aspects of California's highway problems, including an appraisal of the efficiency and effectiveness with which state-collected highway-user tax funds are now being expended by all agencies of government to which such funds are entrusted; and

WHEREAS, The Senate Interim Committee on Highways, Streets, and Bridges, during the course of its inquiries, found that several counties were apparently failing to comply with the spirit, if not the letter, of the Highway Act of 1947 with respect to county road administration, and, it therefore appears that the Legislature should have additional information on this subject in view of the fact that almost \$50,000,000 is apportioned annually by the State to counties for road purposes; and

WHEREAS, The State Controller is annually collecting data on county road and city street finance as required by the Highway Act of 1947 and such information should be carefully digested and evaluated for the use of the Legislature in considering legislation dealing with county road and city street affairs; and

WHEREAS, Expenditures by the Department of Motor Vehicles and the Department of the Highway Patrol are directly supported by taxes collected from highway-users and such expenditures directly reduce the amount of funds available for highways and, therefore, should be investigated by the Legislature in view of the apparent need for additional revenue; and

WHEREAS, The Legislature is faced with difficult problems of cost allocation in devising just and reasonable taxes for highway support, which problems have not been fully solved particularly with respect to the equitable taxation of heavy commercial vehicles although alternative solutions have been considered, and, therefore, further study is necessary in this connection; and

WHEREAS, Additional and more comprehensive data regarding the operating characteristics of various classes of motor vehicles, including such factors as annual vehicle mileages, average fuel consumption, loaded and empty vehicle weights, and the like, are indispensable to the formation of a reasonable and equitable system of highway-user taxation and, therefore, should be collected, analyzed, and made available to the Legislature; and

WHEREAS, No one of the administrative agencies of the State Government is so constituted that it can consider and advise the Legislature on all aspects of highway, road, and street management and finance, and, therefore, the Legislature finds a lack of complete and coordinated information on over-all highway problems; and

WHEREAS, The entire problem of proper maintenance, development, and financing of the highways, streets, and bridges requires continued study, investigation, vigilance, and exercise of foresight on the part of the Legislature to insure that the money of the people of California is wisely expended, that modern and efficient methods are employed, that existing facilities are maintained, and that reasonable measures consistent with efficiency and economy are being taken to maintain, improve, and make safe the arteries of vehicular travel of the State; now, therefore, be it

*Resolved by the Senate of the State of California, As follows:*

1. The Senate Interim Committee on Highways, Streets, and Bridges is hereby created and authorized and directed to ascertain, study, and analyze all facts relating to and in any way connected with the maintenance and development of safe, efficient, economical, and adequate highways, streets, and bridges and the administration and financing thereof, including but not limited to the operation, effect, administration, enforcement, and needed revision of any and all laws in any way bearing upon or relating to the subject of this resolution and to report thereon to the Senate, including in the reports its recommendations for appropriate legislation.

2. The committee is further specifically authorized and directed to collect by questionnaires, direct investigation, or otherwise, all such information from the owners and operators of motor vehicles on the highways, roads, and streets of this State as it deems necessary in order to formulate a reasonable and equitable system of highway-user taxation for all classes of motor vehicle operation and to carry out the other purposes for which it is created.

3. The committee is further and specifically directed, without any limitation on its other powers, to ascertain, study and analyze all facts relating to the following:

(a) California's highway, road, and street needs, including an appraisal of the 1951 deficiency report made by the Department of Public Works and the criteria adopted in the preparation of that report;

(b) The efficiency and effectiveness of state highway, county road, and city street expenditures, including a determination of whether unnecessary, wasteful, or extravagant expenditures have been or are being made by any agency of government;

(c) Budgetary practices relating to highways, roads, and streets of the State, counties, and cities, including expenditure programs of the Motor Vehicle Department and the Department of the Highway Patrol;

(d) The effectiveness and efficiency of present administrative arrangements pertaining to highways, roads, and streets;

(e) The effectiveness of present policies of the State Department of Public Works with respect to advance planning of highway construction and the advance acquisition of rights of way;

(f) The costs and economic effects of present state policies with respect to the construction of limited access highways and metropolitan freeways;

(g) Alternative methods of financing the highway modernization program of California;

(h) Alternative methods of taxing heavy commercial vehicles equitably in relation to taxes on other highway users;

(i) The need for continuing collection of data regarding highway use, vehicle operating characteristics, and the effects of heavy vehicles on highways and vehicle traffic from which can be devised more equitable tax policies;

(j) The advisability of establishing a permanent committee or other agency in order (1) to provide a continuous check on expenditures of state collected highway-user taxes by the State, counties, and cities; (2) to study and recommend legislation to guarantee and insure the most effective highway, road, and street management and the most efficient expenditure of highway, road, and street funds; (3) to accumulate and coordinate data which will provide a rational basis for the allocation of state-collected highway-user taxes among the various levels of government and among geographical areas of the State; (4) to accumulate and coordinate data which will provide a basis for the improvement of the highway-user tax structure and for such modifications of the structure as conditions may justify from time to time; (5) to study, analyze, and appraise on a continuing basis all aspects of highway, road, and street management, expenditure, and finance to the end that the Legislature will at all times be fully advised on the existing facts, new developments, and emerging issues in the transportation field; (6) to make studies of the economics of transportation in general, including taxation and regulatory policies, to the end that the State's role in providing the road plant will be properly integrated with the overall development of an efficient transportation system for California; (7) to cooperate with other agencies, public and private, to accomplish the objectives of the committee or agency.

4. The committee shall consist of seven Members of the Senate appointed by the Committee on Rules thereof. Vacancies occurring in the membership of the committee shall be filled by the appointing power.

5. The committee is authorized to act during this session of the Legislature, including any recess, and after final adjournment until the commencement of the 1955 Regular Session, with authority to file its final report not later than the fifteenth day after the end of the constitutional recess. The time for filing the final report shall not be extended.

6. The committee and its members shall have and exercise all of the rights, duties, and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate as they are adopted and amended from time to time, which provisions are incorporated herein and made applicable to this committee and its members.

7. The committee has the following additional powers and duties:

(a) To select a chairman and a vice chairman from its membership.

(b) To employ an executive secretary, engineers, auditors, and other personnel, as it deems necessary to carry out the purposes for which it is created.

(c) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created.

(d) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to service subpoenas, orders, and other process issued by the committee.

(e) To report its findings and recommendations to the Legislature and to the people from time to time and at any time, not later than herein provided.

(f) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

8. The committee and its employees may meet and act any place within the State or within the United States.

9. The sum of twenty-five thousand dollars (\$25,000) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said contingent fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

#### Senate Resolution No. 40

Relative to honoring the memory of Dr. George Henry Hecke

WHEREAS, In the death of Dr. George Henry Hecke near Woodland on January 13, 1953, California lost a revered citizen, scholar, and well-known horticulturist, and the people of Woodland mourn a beloved friend and neighbor; and

WHEREAS, George H. Hecke was a native of Hamburg, Germany, attending horticultural colleges in Germany, then residing in France where he gained valuable experience in the propagation of wine grapes; and

WHEREAS, He later traveled to London where he became gardener for the Royal Kew Gardens and was commissioned to landscape the grounds surrounding the Queen Victoria Statue; and

WHEREAS, In 1891 George H. Hecke came to California as a horticulturist for the Kern County Land Company, and settling in Woodland the following year he became foreman on the Byron Jackson Ranch, and he later purchased the Yolanda Ranch where he built his country estate home, in which place he came to final rest; and

WHEREAS, He served as the State Director of Agriculture from 1916 to 1932, he directed the fight against the dreaded hoof and mouth disease epidemic of 1924 and played a leading part in the establishment of the experimental farm at the College of Agriculture, Davis; and

WHEREAS, Dr. Hecke served for several years as Yolo County farm advisor, helped to lay the foundation of the present state agricultural system, aided in the establishment of quarantine laws throughout the West, was a member of the National Association of Agricultural Directors, and was awarded an honorary doctor of laws degree in 1936 by the University of California; now, therefore, be it

*Resolved by the Senate of the State of California*, That the members express deep regret at the closing of a life and the passing of a spirit which has so richly served his community and our beloved State; and be it further

*Resolved*, That the Secretary of the Senate is directed to prepare and send suitable copies of this resolution to Mrs. Leila Hardy, and to Miss Martha Hecke, daughters; and be it further

*Resolved*, That when the Senate adjourns this day it shall do so in honor of Dr. George Henry Hecke.

**Recommendation of the Governor**

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the passage of Senate Bill No. 944:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, January 15, 1953

*To the Honorable Members of the Senate  
Sacramento, California*

GENTLEMEN: Senate Bill No. 944, "An act making an appropriation in connection with litigation concerning the Colorado River, to take effect immediately," in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill appropriates \$100,000 for use in connection with litigation concerning the rights of California agencies and water users to waters of the Colorado River.

I therefore recommend consideration of Senate Bill No. 944 as an emergency measure.

Respectfully submitted,

EARL WARREN, Governor

The roll was called, and the bill passed by the following vote:

**MOTION TO PRINT REPORT**

Senator Collier moved that the following report entitled "The California County Road System—Inventory of Critical Deficiencies of County Highways, Roads and Bridges as of July 1952" be printed in the Journal.

Motion carried.

# **THE CALIFORNIA COUNTY ROAD SYSTEM—INVENTORY OF CRITICAL DEFICIENCIES ON COUNTY HIGHWAYS, ROADS AND BRIDGES, AS OF JULY, 1952**

**Introduction**

At a meeting held in Sacramento on June 6, 1952, the Highway Committee of the County Supervisors Association of California, Chairman Frank H. Mogle, and the Advisory Committee of County Road Commissioners, Chairman Wallace Boggs, recommended to the Board of Directors of the association that a study of the most urgent deficiencies on the county road system in California be undertaken immediately. This recommendation was adopted by the Board of Directors, and the staff of the association was ordered to proceed with the study.

Accordingly, on June 24, 1952, a set of instructions was issued to all county road commissioners in which the counties were requested to list only the county road deficiencies existing as of July 1952, and that it was not the purpose of the study to develop needs five or ten years into the future, but merely to list the "deficient now" county highways, roads and bridges.

In drafting the forms for the study we have drawn liberally upon the counsel and advice of road commissioners and engineers throughout California. Wallace B. Boggs, chairman of the association's Advisory Committee of Road Commissioners, and Earle A. Burt, president of the County Engineers Association of California, were both most helpful. We wish also to acknowledge help received from state highway officials. We reviewed the Ohio study report entitled "Engineering Procedure and Instructions in Determining County and Township Road Needs".

All county road commissioners were requested to classify their entire county road mileage as to types of surfaces and also into the primary and the secondary road system. They were further requested to develop an inventory of critical deficiencies on the primary road system and on the secondary road system, and we have on file in our

office reports from each of the counties in which the inventory of critical deficiencies are listed as follows:

- A. County road identification number
- B. Mileage of deficient roads
- C. Traffic counts—24 hour average and peak hour
- D. The existing travel-way surface—described as to type and width
- E. "Why Deficient" code number or numbers were used to define the types of deficiencies:
  - 1. Present surface inadequate
    - 1a—too narrow
    - 1b—new type needed
    - 1c—reconstruct present type
    - 1d—poor base or subgrade
    - 1e—poor drainage
  - 2. Poor alignment
  - 3. Sight distance limited due to curves
  - 4. Sight distance limited due to rolling hills
  - 5. Safety features
    - 5a—frequent accidents
    - 5b—dangerous intersection
    - 5c—grade crossing
    - 5d—safety lighting or signals needed
    - 5e—bottleneck at peak hour of traffic
  - 6. Maintenance costs exceed county average for type of surface
  - 7. Other (describe)
- F. Description of proposed improvement
- G. Estimated cost of rights-of-way
- H. Estimated rights-of-way and construction costs

Counties were asked also to submit similar information on the primary and secondary bridge systems in which the following information was supplied:

- A. County road identification number
- B. Number of bridges deficient
- C. Traffic counts—24 hour average and peak hour
- D. Travel-way surface—type and width
- E. "Why Deficient" as follows:
  - 1. Obsolete due to age
  - 2. Sub-structure failing
  - 3. Super-structure failing
  - 4. Floor condition poor
  - 5. Travel-way too narrow
  - 6. Sight distance impaired on approaches
  - 7. Bridge posted
  - 8. Frequent accidents
  - 9. Vertical clearance limited
  - 10. Other (describe)
- F. Description of proposed improvement
- G. Estimated rights-of-way costs
- H. Estimated construction costs

Each county also submitted a map in which the state highway system, the county primary road system and the county secondary system were all set forth designating the different systems by color.

Counties were warned that "A grave responsibility is assumed by our Association to submit only carefully documented data that will stand the close scrutiny to which it will be subjected." County road commissioners were advised that this study presented their first real opportunity to prove that a program of deficiency needs on county roads and highways could be prepared, reviewed and printed without significant changes being made after an unbiased engineering review and study by the members of the California Legislature.

Our Association will soon request the California Senate Interim Committee on Highways, Streets and Bridges to cause to be made an impartial review of the study and a certification as to its correctness. Moreover, we are requesting that the Senate Highway Committee make its findings available in printed form to members of the Legislature and to other persons and organizations interested in the urgent deficiencies on the California county road system.

#### **Total Maintained Mileage—California County Road System**

From the material submitted, our Association has compiled three tables in which the findings are presented in tabular form:

Table I—Primary County Road System, Total Maintained Mileage of Travel-Way Surface by Types

Table II—Secondary County Road System, Total Maintained Mileage of Travel-Way Surfaces by Types

Table III—Inventory of Critical Deficiencies on County Highways, Roads and Bridges as of July 1952

Table I, as compiled from the reports submitted by the county road commissioners, lists a total maintained primary county road system consisting of 18,743 miles. Table II lists 47,313 maintained secondary road mileage. The tabulation follows:

	Primary mileage Table I	Secondary mileage Table II	Combined Total
Earth -----	1,540	12,789	14,329
Gravel -----	1,517	6,694	8,211
Oil treated earth -----	3,301	10,451	13,752
Oil treated gravel -----	5,427	10,248	15,675
Armor top -----	2,589	4,486	7,075
Plant mix -----	3,226	2,117	5,343
Asphaltic concrete -----	620	264	884
Portland cement concrete -----	523	264	787
Totals -----	18,743	47,313	66,056

From these two tables it is quite evident that there is still a good deal of work to be accomplished before the present county road system will even be "out of the mud." It is interesting to note that out of the 66,000 miles of roads in California being maintained by the counties, that over 14,000 miles are earth surfaced.

#### Inventory of Critical Deficiencies on the California County Highways, Roads and Bridges as of July, 1952

Table III shows that the present deficiencies on the county road system totals \$549 million, and that deficiencies exist on 11,372 miles of the county primary road system of 18,743 miles totaling \$281 million. The county reports list 964 bridges in the primary road system that either need reconstruction or replacement at an estimated cost in excess of \$55 million. Of the 47,313 miles in the secondary system, 18,239 miles of roads are deficient for a total of \$187 million. There are 1,530 bridges in the secondary road system that either need reconstruction or replacement at an estimated cost of in excess of \$26 million.

#### Financing

Counties receive from the highway users taxes allocations from registration and weight fees the net proceeds of 1½¢ per gallon of the gasoline tax which brought in \$53.5 million during 1951-52. In addition, counties receive from local sources such as property taxes and fines and forfeitures some \$14 million in 1951-52, and counties received from all other sources, including the federal aid road allocation, \$9 million during 1951-52, making total receipts of about \$76.5 million. Of this amount, slightly in excess of \$30 million was expended for construction and reconstruction of roads and bridges, approximately \$27 million was expended for maintenance, \$4 million for engineering and administration, \$2 million for acquisition of property, \$4 million for equipment, \$5 million for contributions, primarily to cities, and the balance represents miscellaneous expenditures for funds carried into the succeeding fiscal year.

#### Conclusions

From this study it becomes quite apparent that the present revenue structure, after deductions for administration, maintenance, acquisitions of property, equipment, contributions to cities, etc., leaves only about \$32 million per year to go into the vitally important rights-of-way and construction program. This means that even if we maintain the "status quo" in California without taking into consideration our population which is increasing at the rate of 30,000 persons per month with a corresponding increases in motor vehicles registration, it would still take the counties approximately 20 years to correct the deficiencies existing as of 1952.

#### Need for Legislative Action

County supervisors and road commissioners throughout California fervently hope that the California Legislature will review the unmet construction needs on the county road system along with the existing deficiencies on the California State Highway System.

**WITHDRAWAL FROM COMMITTEE OF SENATE  
JOINT RESOLUTION NO. 11**

Senator Desmond moved that Senate Joint Resolution No. 11 be withdrawn from Committee on Revenue and Taxation for purpose of amendment and be re-referred to committee.

Motion carried.

**SECOND READING OF SENATE BILLS (OUT OF ORDER)**

**Senate Joint Resolution No. 11**—Relative to petitioning Congress to call a convention for the purpose of considering an amendment to the Constitution of the United States relative to taxes on incomes, inheritances, and gifts.

Resolution read.

**Motion to Amend**

Senator Desmond moved the adoption of the following amendment :

**Amendment No. 1**

On page 1 of the printed resolution, strike out lines 2 to 28, and on page 2, strike out lines 1 to 18, and insert "forthia jointly. That the State Legislature does hereby make application to the Congress of the United States to call a convention for the purpose of amending the 16th Article of the amendments to the Constitution and substituting therefor an amendment limiting the powers of the Congress to tax incomes, inheritance and gifts, and providing a maximum rate which may be levied upon incomes, inheritance and gifts; and be it further

*Resolved*, That said limitation shall not apply during hostilities while the United States is in a state of war declared by Congress and shall be subject to the further qualification that in event of a grave national emergency requiring such action to avoid national disaster, the Congress by a vote of three fourths of each house may for a period not exceeding one year increase beyond the limits so prescribed the maximum rate of any such tax upon income subsequently accruing or received or with respect to subsequent devolutions or transfers of property, with like power to repeat such action as often as such emergency may require; and be it further"

Amendment read, and adopted.

Bill ordered printed, and re-referred to Committee on Revenue and Taxation.

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the passage of Assembly Bill No. 1406:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, January 15, 1953

*To the Honorable Members of the Senate  
Sacramento, California*

GENTLEMEN: Assembly Bill No. 1406, "An act making an appropriation for the repair and restoration of property damaged by storms, declaring the urgency thereof, to take effect immediately," in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This measure advances funds to the City of Redondo Beach for the construction of protective works to prevent further damage from the ocean.

I therefore recommend consideration of Assembly Bill No. 1406 as an emergency measure.

Respectfully submitted,

EARL WARREN, Governor

#### LETTER OF TRANSMITTAL

SACRAMENTO, January 17, 1953

*Hon. Goodwin J. Knight, President  
and Members of the Senate*

GENTLEMEN: Pursuant to Senate Resolution 116 of the 1951 General Session, your Interim Committee on Tidelands transmits herewith its report on California's contest with the Federal Government over ownership and control of the State's submerged lands and resources—commonly referred to as tidelands.

Probably no other issue of such great importance has been more misunderstood by the public than the tidelands issue. This has been due somewhat to the complexity of the issue but mainly it has resulted from the deliberate campaign of false propaganda that has emanated unceasingly from those forces striving to seize these lands and resources from California, and other states, and to give permanence in the law to the strange and dangerous doctrine of "paramount federal rights."

Oil has been smeared in the eyes of the American people to the extent that many believe this is just an oil fight by greedy interests which have no regard for the public welfare. Certainly, oil is involved. Its discovery in fabulous quantities in California's submerged lands touched off the federal attempts to seize those lands.

But the real issues far transcend in importance the dollar value of tidelands oil. At stake are the ownership of all natural resources throughout the Nation—and the constitutional sovereignty and rights of each of the 48 states and their citizens. Freedom's future hangs in the balance.

In this report your committee has attempted to portray the real dangers threatening America in this federal "paramount rights" doctrine by tracing its rapid and frightening growth. Action taken by California and the other states to combat it are described and recommendations for continuing action until state victory is achieved are listed.

Respectfully submitted,

Senate Interim Committee on Tidelands, Senate Resolution 116

ARTHUR H. BREED, JR., Chairman  
JAMES J. MCBRIDE, Vice Chairman  
EDWIN J. REGAN  
JACK B. TENNEY

#### MOTION TO PRINT REPORT

Senator Breed moved that the letter of transmittal be printed in the Journal, and the report of the Senate Interim Committee on Tidelands be printed in the Appendix to the Journal, and that 5,000 additional copies be printed for distribution.

Motion carried.

OPINION

W. R. Augustine,  
Deputy Attorney General

No. 53, 7  
January 15, 1953

HON. GEORGE J. HATHFIELD, Senator from the Twenty-fourth Senatorial District, has asked to be advised whether the Director of Agriculture, through the Bureau of Milk Control of the Department of Agriculture has authority to establish and enforce minimum prices to producers for fluid milk which is received at a distributor's plant and separated into cream and skim milk at the plant and shipped to distribution plants in other marketing areas and whether legislation is necessary to close the "loophole" if one exists.

Our conclusion may be summarized as follows:

The authority is doubtful and legislation should be enacted to clarify the situation.

#### Analysis

It appears that in 1951, Senate Resolutions 110, 130 and 147 were adopted relative to the pricing of skim milk and cream. The last resolution recommended that the Director of Agriculture contract with the Giannini Foundation of the University of California to make a study of the problem involved. Pursuant to that resolution, such study was made and published as a bulletin of the California Agricultural Experiment Station (Bulletin 732) under the title "Pricing Intermarket Transfers of Bulk Grade A Cream and Skim Milk".

The Senator has directed our attention to the following statement which appears on page 7 of that Bulletin.

"Prices to be paid producers, by use classification, and rules and regulations are set forth in the Stabilization and Marketing Plan drawn up for each marketing area. Each of these plans contains the statement that the prices provided for relate to payments to be made by 'each distributor within this State, who reserves or otherwise handles fluid milk for distribution within the specified marketing area \* \* \*.' This has been interpreted by the bureau and by the industry to mean that control over prices provided by the milk control laws extends only to those supplies received as whole milk and disposed of within the various classifications in a single marketing area. Under such interpretation, whole milk received by a plant and separated into cream and skim milk which are shipped to plants in other marketing areas does not come under Bureau of Milk Control jurisdiction. At the present time, therefore, these intermarket shipments of Grade A cream and skim milk are the only phases of the market milk industry that are not subject to rigid pricing regulations."

The Senator has asked whether the interpretation referred to in the above quotation is correct and whether any legislation is necessary to close the "loophole" if such "loophole" exists.

It has been suggested that the loophole, if any, exists in the marketing plans rather than in the law and that no amendment to the law appears necessary but that perhaps some or all of the marketing plans should be amended.

We are not prepared to wholly concur in those views. Section 735.3, subdivision (b) of the Agricultural Code defines "fluid milk" and classifies it into classes 1, 2 and 3. Class 1 is defined as follows:

"Any fluid milk or the cream therefrom that is supplied to consumers as market milk or market cream or any combination of market milk and market cream, or any market milk which is not packaged in hermetically-sealed containers, or any other dairy product in which the use of market milk is required by the provisions of this code, or any fluid milk or the cream therefrom which is used in standardizing market milk."

That classification would include cream and skim produced from market milk. After setting forth the classification above noted, the section (735.3(b)) provides as follows:

"In the establishment of the minimum prices for one or more of the respective classes separate prices may be established for the milk fat contained in such milk or the skim milk contained in such milk or a combination of the milk fat and the skim milk contained in such milk.

"In designating and prescribing or providing methods for designating and prescribing minimum price to be paid by distributors to producers for Classes 1, 2 or 3 fluid milk, the director may take into consideration the market price of all milk which may be used for the same purposes set forth in such respective classes."

The next to the last paragraph above quoted would appear to specifically contemplate the establishment of prices for the respective classes of fluid milk on the basis of the milk fat contained in the milk or the skim milk or a combination of both.

Again, section 736.3, subdivision (b) provides that a stabilization and marketing plan *shall* contain "provisions whereby the director designates and prescribes or provides methods for designating and prescribing minimum prices to be paid by distributors for fluid milk in one or more of the various classes; . . . ."

And subdivision (c) of said section 736.3 provides that as an optional provision any stabilization and marketing plan may contain "Provisions whereby the director may provide methods for the establishment of minimum prices for fluid milk or fluid milk *for fluid cream* received within a marketing area regardless of whether such fluid milk or fluid milk for fluid cream is subsequently sold or distributed within or without such marketing area or within or without the jurisdiction of the State of California".

If we could stop with these provisions, we might agree that the code gives the Bureau authority to fix prices for inter-area bulk shipments of cream and skim milk. However, we think consideration must be given to other sections of the code. Immediately following the definition of fluid milk, subsection (c) of Section 735.3 defines "fluid cream". If fluid cream falls within the definition of fluid milk, a separate definition of fluid cream would seem to be superfluous. However, when we consider subsequent sections, the purpose of defining fluid cream as such becomes clearer. The code appears to us to clearly contemplate that if prices of cream are to be fixed a stabilization and marketing plan for that purpose must be formulated, though not necessarily a plan separate and apart from a fluid milk plan. Thus, section 735.4 in subdivision (4) gives the Director authority to prescribe minimum prices to be paid by distributors in accordance with a stabilization plan *for fluid milk*.

Subdivision 5 contains similar authority to prescribe prices to be paid by distributors for fluid *cream* "in accordance with a stabilization and marketing plan".

When we look for the procedure whereby a fluid cream plan is to be formulated, we find that the second paragraph of section 736.1 provides as follows :

“The director shall, prior to the formulation of a stabilization and marketing plan for fluid cream for any marketing area, conduct a public hearing in said area for the purpose of determining whether or not producers whose major interest in the fluid cream business is in the production of fluid milk for fluid cream for said marketing area and who represent not less than 65 per cent of the total number of producers whose major interest in the fluid cream business is in the production of fluid milk for fluid cream for said marketing area and who produce not less than 65 per cent of the total volume of fluid milk for fluid cream produced for said marketing area by all such producers, desire that a stabilization and marketing plan for fluid cream be formulated for said area; . . . .”

This section clearly requires that before any cream plan may be formulated a hearing must be held and the procedures there prescribed must be followed.

After a stabilization and marketing plan for fluid cream has been formulated then, under section 736.11 of the code minimum wholesale and minimum retail prices would have to be prescribed after investigation and public hearings as provided in section 736.12.

The foregoing takes into consideration only the fixing of prices for cream. The code contains no provision for a stabilization and marketing plan whereby prices for skim milk could be fixed, though skim milk could perhaps be priced under a milk marketing plan.

We are advised that ever since the Act has been in effect, the Bureau of Milk Control has construed the statute as not conferring authority upon it to fix minimum prices to producers for cream which is separated from fluid milk in one area and then moved in bulk form as cream to another area except where it is moved into an area where there is a cream plan. This construction has been followed for many years and has been concurred in by the industry as a whole. Under well known principles a contemporaneous construction by the officers upon whom was imposed the duty of executing the statute is entitled to great weight and should not be overturned unless clearly erroneous.

*Riley v. Forbes*, 193 Cal. 745,  
and cases there cited.

In view of the provisions above mentioned relating to stabilization and marketing plans for cream and other provisions relating to the pricing of cream, we are not prepared to say that the construction and policy thus adopted was without legal justification.

If a change is desired, it would seem to us to be obvious that legislation to accomplish that result would be necessary.

**Request for Unanimous Consent**

Senator Coombs asked for, and was granted, unanimous consent to take up Assembly Bill No. 40, at this time, for final passage.

**CONSIDERATION OF ASSEMBLY BILL NO. 40**

**Assembly Bill No. 40**—An act making an appropriation to the Department of Public Works, relating to the repair of the stream bank of Putah Creek and the protection of local sewage disposal plant and the expenditure of money appropriated therefor, declaring the urgency thereof, to take effect immediately.

Bill read third time.

**Recommendation of the Governor**

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the passage of Assembly Bill No. 40:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, January 15, 1953

*To the Honorable Members of the Senate  
Sacramento, California*

GENTLEMEN: Assembly Bill No. 40, "An act making an appropriation to the Department of Public Works, relating to the repair of the stream banks of Putah Creek and the expenditure of money appropriated therefor, declaring the urgency thereof, to take effect immediately," in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This measure advances funds for channel work necessary to protect the sewage treatment plant of the City of Winters.

I therefore recommend consideration of Assembly Bill No. 40 as an emergency measure.

Respectfully submitted,

EARL WARREN, Governor

**Urgency Clause**

Urgency clause read, and adopted by the following vote:

DEAR MR. BEEK: Pursuant to Section 229 of the Water Code, there is transmitted herewith a report prepared by the Division of Water Resources, Department of Public Works, entitled, "Ground Water Basins in California," being Report No. 3 of the Water Quality Investigations, November 1952.

This report identifies the areas of alluvial fill in the State of California which may be areas of ground water storage. It establishes a uniform name and numbering system for ground water basins which can be expanded as new areas of storage are identified. A selected bibliography pertaining to ground water resources in California has been included.

Very truly yours,

FRANK B. DURKEE  
Director of Public Works

Attention: Honorable Richard A. McGee

GENTLEMEN: In conformity with Section 602S.3 of the Penal Code, the Special Crime Study Commission on Organized Crime submits herewith a progress report upon its work and final report.

The commission was organized on October 8, 1951, and terminated its active investigations on June 30, 1952. The completion of the commission's final report has been delayed for two reasons:

First, it has been necessary to delay as long as possible making public some of the commission's more important activities which were undertaken in conjunction with the regular law enforcement agencies in order to permit such agencies to complete their investigations of particular crimes believed to have been committed and to avoid prejudicing their work.

Second, the commission's chief counsel, who is the principal draftsman of the report, was recently appointed, without any advance notice to him, Assistant Attorney General of the United States in charge of the Criminal Division of the Department of Justice, and the excessive demands on his time and energy resulting from this appointment have also contributed to the postponement of the completion of the commission's final report.

The final report will, of course, be completed and will be submitted at the earliest opportunity.

Very truly yours,

THE SPECIAL CRIME STUDY  
COMMISSION ON ORGANIZED CRIME  
By LEROY P. HUNT, Chairman

DEAR SIR: At the suggestion of the Chief Engineer and General Manager of the Reclamation Board, we have written to Senator William F. Knowland, requesting the introduction of legislation in Congress to confer jurisdiction on the United States District Court for the Northern District of California to hear, determine, and render judgment upon claims of the State of California against the United States Bureau of Reclamation for costs arising out of the rebuilding and relocation of the levees of the Sacramento River which were damaged as a result of the action of the Federal Bureau of Reclamation in closing the outlet gates on Shasta Dam on May 14, 1948.

We are enclosing herewith a copy of our letter dated February 13, 1953, addressed to Senator Knowland. Copies of this letter have also been transmitted to each of the California representatives in Congress, and in addition, to Senator Kuchel.

Very truly yours,

EDMUND G. BROWN

## DEPARTMENT OF JUSTICE, OFFICE OF THE ATTORNEY GENERAL

LIBRARY AND COURTS BUILDING

SACRAMENTO OFFICE, February 13, 1953

*Hon. William F. Knowland  
United States Senate  
Washington 25, D. C.*

DEAR SENATOR KNOWLAND: You will find attached hereto a copy of a Resolution of the State Reclamation Board dated February 4, 1953, wherein the board requested the Attorney General of California to request the introduction of legislation in Congress which will confer jurisdiction on the United States District Court for the Northern District of California to hear, determine, and render judgment upon claims of the State of California against the United States Bureau of Reclamation for costs arising out of the rebuilding and relocation of the levees of the Sacramento River which were damaged as a result of the action of the Federal Bureau of Reclamation in closing the outlet gates on Shasta Dam on May 14, 1948.

In this connection there is attached hereto a copy of the bill of the Reclamation Board to the Bureau of Reclamation, dated January 23, 1953, showing a total expenditure through December 31, 1952, in the amount of \$611,227.41.

Reference is made to Senate Bill 528, 82d Congress, 1st Session, introduced by Senators Knowland and Nixon, and to H. R. 1508, 82d Congress, 1st Session, introduced by Congressman Scudder. Undoubtedly your files in connection with S. 528 contain much of the background material which substantiates the above claim. If not, I will be pleased to forward to you immediately a complete resume of the history of this matter.

It is respectfully requested that a bill be introduced at the present session of Congress in substantially the same form as S. 528 (a copy of which is enclosed for reference purposes).

A copy of this letter is being sent to Senator Kuchel and to each of the California Congressmen.

Your continued interest in this matter will be greatly appreciated, not only by the Attorney General, but also by the Director of Finance, State Reclamation Board, and by the California Legislature.

Very truly yours,

EDMUND G. BROWN  
Attorney General

Deputy Attorney General

Excerpt from Minutes of Meetings of The Reclamation Board of February 4, 1953

**RESOLUTION**

WHEREAS, Chapter 103, Resolutions of 1949, directs The Reclamation Board to periodically address the Federal Bureau of Reclamation for reimbursement to the State of California for all costs arising out of the rebuilding and relocation of the levees of the Sacramento River which were damaged as a result of the action of the Federal Bureau of Reclamation in closing the outlet gates on Shasta Dam on May 14, 1948, and

WHEREAS, The Reclamation Board has periodically presented bills to the said Federal Bureau of Reclamation since the adoption of said resolution and has obtained no results therefrom,

Now, therefore, be it resolved, That the Attorney General of the State of California be requested to contact the Senators and Representatives of the State of California in urging the claims of the State of California against the Federal Bureau of Reclamation even to the extent of securing the introduction and passage of a bill in the Congress which will confer jurisdiction on the United States District Court for the Northern District of California to hear, determine, and render judgment upon these claims of the State of California against the said bureau.

STATE OF CALIFORNIA  
COUNTY OF SACRAMENTO } ss.  
Office of The Reclamation Board }

I, S. A. HONAKER, assistant secretary of The Reclamation Board, do hereby certify that the above and foregoing is a true and correct copy of a resolution passed and adopted by said board at its meeting held February 4, 1953.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of The Reclamation Board, this 5th day of February, 1953.

THE RECLAMATION BOARD OF THE STATE OF CALIFORNIA  
SACRAMENTO 14, February 5, 1953

*Lieut. Gov. Goodwin J. Knight  
President of the Senate  
The State Capitol  
Sacramento, California*

DEAR SIR: Pursuant to the provisions of Chapter 103 of the Resolutions of 1949 (SJR 21), herewith is the fourth report to the Legislature of the State of California regarding the activities of The Reclamation Board in attempting to secure a reimbursement to the State for expenditures made for reconstruction of flood control works on the Sacramento River, necessitated by the stoppage of the flow of water from Shasta Dam on May 14, 1948.

Bills collectible have been forwarded to the Bureau of Reclamation, in care of the commissioner in Washington, D. C., during each year since the damage occurred. These bills collectible are accumulative and were numbered as Invoices Nos. 1, 2, 3, 4, and 5, the latter of which has been forwarded this date to the commissioner. The accumulative total of expenditures to date is \$611,227.41. A copy of this bill collectible is enclosed, together with exhibits thereto, for your information. There is also enclosed a copy of a resolution adopted February 4, 1953, by The Reclamation Board, which resolution requests the Attorney General of the State of California to contact the senators and representatives of the State of California in Congress to aid in urging the claims of the State against the Bureau of Reclamation, and specifically towards the introduction and passage of bills in the Congress which would confer jurisdiction on the U. S. District Court for the Northern District of California to hear, determine, and render judgment upon these claims of the State against the Bureau of Reclamation. The Board in session on February 4th, personally discussed with the Deputy Attorney General, Mr. Rountree, ways and means to promote California's claim.

Bills have been introduced in prior sessions of Congress towards the same end beginning with a bill introduced by Senator Downey in 1950. These bills however, have failed of passage and therefore the new attempt will be made to secure enactment thereof so that the State's claims may be presented to the federal court in an attempt to secure the reimbursements desired.

The current budget for capital outlay for the Reclamation Board, as presented to the Legislature by the Governor, includes funds for continuation of the repair work on these levees. It is estimated that approximately \$90,000 will be required on the State's behalf to complete the repair work.

Yours very truly,

THE RECLAMATION BOARD

## House Resolution 3

BY : Schwengel of Scott, Weiss of Crawford, Burrows of Benton, Ringgenberg of Story, Robinson of Delaware. (Senators Berg, Lord, Nesmith, Walter)

WHEREAS, building of roads and highways since the inception of our Government has been primarily a state responsibility; and

WHEREAS, every state of the Union has tremendous problems in maintaining, extending, and building highways and bridges due to the lack of building program during the war year period; and

WHEREAS, the Federal Government has always collected much more than they have sent back to the states for road building purposes; and

WHEREAS, the costs of building and maintaining roads and highways have increased tremendously; and

WHEREAS, states have demonstrated they are willing, have, and do cooperate in building the federally designated highways; and

WHEREAS, the states sensed the responsibility of an integrated highway system as it relates to the national welfare; and

WHEREAS, the states have demonstrated that they can build adequate highways; and

WHEREAS, in many instances, many economies can be effected through sole state responsibility of building highways; and

WHEREAS, because of the foregoing facts and after due consideration, The Council of State Governments in the National Meeting December 7 in Chicago passed a resolution supporting this proposition, and the Governors' Conference in the National Meeting in July, 1952, unanimously passed a resolution supporting this proposition, therefore,

*Be It Resolved by the House of the 55th General Assembly of the State of Iowa, the Senate concurring.* That the Eighty-Third Congress give serious consideration to the question of eliminating the Federal gasoline tax and leaving that area of taxation entirely to the states.

*Be It Further Resolved,* That attested copies of this concurrent resolution be sent to the presiding officers of the Congress of the United States and to each member of the Iowa delegation in Congress, and that printed copies thereof, showing that said concurrent resolution was adopted by the legislature of Iowa, be sent to each house of the legislatures of the states of the United States.

I hereby certify that the foregoing Concurrent Resolution was adopted by the Fifty-Fifth General Assembly of Iowa on the 23rd day of January, 1953.

## MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,  
SACRAMENTO, February 24, 1953*To the Members of the Senate  
of the State of California*

In accordance with the provisions of Section 1 of Article VII of the Constitution of California, I hereby transmit to you a report of the cases of pardon and commutation of sentence issued by me from March 20, 1952, to January 9, 1953.

Respectfully submitted,

EARL WARREN, Governor

## ACTS OF EXECUTIVE CLEMENCY OF CALIFORNIA

Granted for Period March 20, 1952, to January 9, 1953

## PARDONS

Granted pursuant to Chapter 3.5, Sections 4852.01 to 4852.2 of the Penal Code, under which persons who have been released from state prison can demonstrate to the superior court of the county of their residence that they have rehabilitated themselves and earned the right to be considered for a pardon.

In each of the following cases the pardon has been granted pursuant to a certificate of rehabilitation issued by the superior court of the county of residence recommending the applicant to the Governor for a pardon.

**CHESTER O. AINSWORTH**, San Quentin No. 41429, was convicted of the crimes of rape and violation of Section 288 of the Penal Code in Tulare County during November, 1925. He served approximately 10 years and 1 month in prison and approximately 5 years and 10 months on parole, being discharged therefrom on September 24, 1941. Certificate of rehabilitation issued January 10, 1949, by the Superior Court of Tulare County. Granted December 26, 1952.

**JOSEPH HAROLD AMLIN**, San Quentin No. A-496, plead guilty to the crime of violation of Section 11160 of the Health and Safety Code in Los Angeles County during October, 1944. He served 1 year in prison and approximately 1 year and 6½ months on parole, being discharged therefrom on May 15, 1947. Certificate of rehabilitation issued May 10, 1950, by the Superior Court of Los Angeles County. Granted December 26, 1952.

**CYRIL BAKER**, San Quentin No. 69712, was convicted of the crime of manslaughter in San Joaquin County during April, 1943. He served approximately 2 years in prison and 2 years and 8 months on parole, being discharged therefrom on December 23, 1947. ### RESOLUTIONS

The following resolutions were offered:

By Senator Weybret:

#### Senate Resolution No. 64

Relative to the continuance of the Senate Interim Committee on Social Welfare

*Resolved by the Senate of the State of California, as follows:*

1. The Senate Interim Committee on Social Welfare created by Senate Resolution No. 181 of the 1951 Session is continued as a Senate committee at this session, with the membership and with all the rights, powers and duties possessed by the committee and its members immediately prior to the commencement of this session. Vacancies occurring or existing in the membership of the committee shall be filled by the appointing power.

2. The committee is authorized to act during this session of the Legislature including any recess, but not after final adjournment. The committee shall file the final report of the studies made by it prior to the adoption of this resolution by the date specified for such final report in Senate Resolution No. 181 of the 1951 Session, but may file supplemental reports of studies made pursuant to this resolution at any time until the date of adjournment.

3. The provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate, as soon as such rules are adopted at this session or amended from time to time, become applicable to this committee and its members.

Until the adoption of Joint Rules at this session, the Joint Rules of the last preceding general session are incorporated herein and made applicable to this committee and its members.

4. The unexpended balance of the money heretofore made available to the committee continued by this resolution shall continue to be available for the expenses of the committee and its members and for any charges, expenses, or claims it may incur under this resolution, to be disbursed in the manner heretofore provided.

Resolution read, and referred to Committee on Rules.

By Senators Collier, Weybret, and Williams:

#### Senate Resolution No. 65

Relative to a study of the communication system of the Department of the California Highway Patrol

WHEREAS, It is in the best interests of the people of the State of California that the functions of the government of the State be performed in the most efficient manner; and

WHEREAS, The Department of the California Highway Patrol has under its control at the present time an extensive communication system which is not operating at maximum efficiency, and it is felt, in line with the above-stated policy, that a study of the operation of said communication system by a public utility long experienced

in the operation of similar systems might result in enabling the department to operate a more efficient communication system; now, therefore, be it

*Resolved by the Senate of the State of California*, That the Pacific Telephone and Telegraph Company be requested to cooperate with the Senate Finance Committee in making a study of the radio and communication needs of the Department of the California Highway Patrol, at no cost to the State, and to report its findings to the Legislature not later than June 1, 1953, and that all state agencies having communications equipment are hereby requested to cooperate with the Pacific Telephone and Telegraph Company in such study; and, be it further

*Resolved*, That the Secretary of the Senate be directed to transmit a copy of this resolution to Mr. M. R. Sullivan, president of the Pacific Telephone and Telegraph Company.

Resolution read, and referred to Committee on Rules.

21155.1. The tuition fee required of a pupil under Section 21155 may be reduced by the board of governors, with the approval of the Department of Education and the Department of Finance, in the amount received by the State on account of such student from the Federal Government or other governmental agency. Money received from such payments shall be transmitted to the State Treasury as credit to the academy's support appropriation [of the fiscal year for which said charges accrued] *current at the date of issuance of the State Controller's receipt thereof as may be designated by the academy prior to its deposit in the State Treasury.* Such moneys so credited are hereby appropriated for the support of the academy. *Any student who is upon enrollment presumed to qualify for financial assistance from the Federal Government or other governmental agency and therefore pays the tuition fee of students so qualified but is subsequently found not to qualify for such assistance shall thereupon be required to pay additional tuition in an amount that will make the total tuition paid by the student equal to tuition required of students not qualified for financial assistance from the Federal Government or other governmental agency. Money so received shall be transmitted to the State Treasury and be credited to the appropriation of the academy as hereinbefore provided.*"

Amendments read, and adopted.

Bill ordered printed, and re-referred to Committee on Education.

##### Amendment No. 2

On page 1, strike out lines 1 to 7, inclusive, and insert

"SECTION 1. Section 665 of the Vehicle Code is amended to read:

665. Official Lamp and Brake [Testing] *Adjusting* Stations. (a) The department [may] *shall* license, designate, furnish instructions to and supervise official stations for adjusting headlamps, auxiliary driving, *passing, or* fog lamps [or] *and* other required *or permitted* lamps and *devices* or brakes upon vehicles to conform with the provisions of this code. The department [may] *shall* prescribe the qualifications of any such station and *establish a just and reasonable testing fee not to exceed one dollar and fifty cents (\$1.50)* as a condition of such license and designation and further may

suspend or revoke any such *license and designation* upon determining that the business of such station is improperly conducted or is in *nonconformance with existing regulations of the department*. *The department shall charge an annual fee of fifty dollars (\$50) for such license and designation.*

(b) Whenever any such station upon an inspection or after an adjustment, made in conformity with the instructions of the department, determines that the headlamps, auxiliary driving, *passing, or fog lamps* [or] *and other required or permitted lamps and devices* or the brakes upon any vehicle conform with the requirements of this code, said station shall issue to the owner or operator of such vehicle a certificate of adjustment on a form prescribed by the department which certificate shall contain *such information as may be required by the department* [the date of issuance, the make and registration number of the vehicle, the name of the owner of the vehicle and the official designation of said station].

SEC. 2. Section 666 is added to said code, to read:

666. Annual Inspection of Vehicles. No person shall operate on any highway any vehicle required to be registered hereunder unless within the 12-month period immediately preceding the date of such operation, the vehicle has been inspected and approved at an official station and its headlamps, auxiliary driving, *passing, or fog lamps* and other required or permitted lamps and devices or brakes found to conform to the provisions of this code.

The current certificate issued by the official station shall at all times be displayed in such manner as the department shall by regulation prescribe. Failure to correct the adjustment of headlights and brakes, where found necessary, shall be sufficient grounds for refusal of registration by the Department of Motor Vehicles.

Violation of this section or of the regulations of the department issued hereunder is a misdemeanor.

This section shall have no application to special highway construction equipment, nor to any motor vehicle owned by the State and regularly serviced in a shop or garage under the jurisdiction or control of the State and therein inspected and approved as above provided in this section and displaying a current certificate to that effect issued by said station.

This section shall not apply to passenger stages or trolley coaches subject to the jurisdiction of the Public Utilities Commission.

SEC. 3. This act shall become operative July 1, 1954."

Amendments read, and adopted.

Bill ordered printed, and re-referred to Committee on Transportation.

#### FURTHER PROCEEDINGS UNDER CALL OF THE SENATE DISPENSED WITH

SEC. 25. Section 54514 of the Government Code is hereby amended to read as follows:

54514. *Subject to the provisions of Section 54516.1, the local agency shall prescribe, revise, and collect such charges that the services, facilities [and] or water of the enterprise are furnished to the users at the lowest possible cost consistent with sound economy, [and] and prudent management, and the security and payment of the principal and interest of the bonds.*

SEC. 26. Section 54515 of the Government Code is hereby amended to read as follows:

54515. After making allowances for contingencies and error in the estimates, the charges, *together with any other funds which under this chapter can legally be, and which are, pledged or otherwise made available for the respective purposes hereinafter set forth,* shall be at least sufficient to pay the following amounts in the order set forth:

(a) The interest on and principal of the bonds as they become due and payable.

(b) All payments required for compliance with the resolution authorizing the *issuance of the bonds or any other contract with the bondholders, including the creation of sinking and reserve funds.*

(c) All payments to meet any other obligations of the local agency which are charges, liens, or encumbrances upon, or payable from, the revenues of the enterprise.

(d) All current expenses of *management, operation, maintenance, and repair of the enterprise.*

SEC. 27. Section 54516 of the Government Code is hereby amended to read as follows:

54516. *Subject to the provisions of Section 54516.1, the local agency shall operate, maintain, and preserve the enterprise in good repair and working order.*

SEC. 28. Section 54519 of the Government Code is hereby amended to read as follows:

54519. The local agency shall hold in trust the revenues *and other funds* pledged to the payment of the *principal of and interest on the bonds* for the benefit of the bondholders and shall apply the [revenues] *same* pursuant to the resolution authorizing

*the issuance of the bonds or to the resolution as modified. The local agency may invest funds held in reserve, or in any sinking fund, or funds not required for immediate disbursement, in property or securities in which cities may legally invest funds subject to their control. No such investment shall be made in contravention of any covenant or agreement in any resolution authorizing the issuance of any outstanding bonds.*

SEC. 29. Section 54522 of the Government Code is hereby amended to read as follows:

54522. The local agency shall cause to be published a summary statement showing the amount of gross revenues *and the amount of all other funds collected which are required to be pledged or otherwise made available as security for payment of the principal of and interest on the bonds*, the disbursements from such revenues *and other funds* in reasonable detail, and a general statement of the financial and physical condition of the enterprise. The statement shall be published annually, not more than 120 days after the close of each fiscal year. The local agency shall furnish a copy of the statement to any bondholder upon request."

"SEC. 34. Section 54516.1 is hereby added to the Government Code, to read as follows:

54516.1. Subject to the provisions and limitations of any resolution authorizing the issuance of bonds, the local agency may contract, upon such terms and conditions as it may determine, with any person, firm or corporation, for the operation or management of an enterprise. Each such contract shall provide that all consideration to be paid thereunder shall be payable solely from the revenues of the enterprise, and all consideration under any such contract payable by the local agency shall be paid only from such revenues. A local agency shall not by any such contract transfer or attempt to transfer to any person, firm or corporation, or in any way restrict the exercise of the local agency's legal powers and duties concerning any of the following:

(a) The issuance and sale of bonds to provide funds for the acquisition, construction, improving, or financing of the enterprise.

(b) The payment of the principal of and interest on such bonds.

(c) The receipt, handling, and disbursement of and accounting for the proceeds of sale of the bonds.

(d) The fixing of fees, tolls, rates, rentals, and other charges for the services, facilities, or water furnished by the enterprise.

(e) The accounting for the revenues, receipts, and other funds of the enterprise.

(f) The making and enforcing of ordinances and regulations to protect and promote public health and safety in connection with the enterprise and its operation.

SEC. 35. Section 54615 is hereby added to the Government Code, to read as follows: 54615. The local agency may also make contributions, for any of the purposes specified in this article, of any of the funds referred to in Section 54478."

In line 3 of said title, after "income", insert "and bank and corporation".

**PRINTER'S NOTE**—There being no 7-point strikeout type available, the material which should appear in strikeout type in the following amendment is indicated by being enclosed within brackets.

**Amendment No. 3**

On page 4 of said bill, between lines 26 and 27, insert

"SEC. 8. Section 25121a of said code is amended to read:

25121a. In the case of mines [other than metal, bauxite, coal, fluor spar, flake, graphite, vermiculite, beryl, feldspar, mica, talc (including pyrophyllite), lepidolite, spodumene, barite, potash, ball, sagger, and china clay, phosphate rock, rock asphalt, trona, bentonite, gilsonite, thenardite, or sulphur mines] (*except mines in respect of which percentage depletion is allowable under Section 25121c*) discovered by the taxpayer after February 28, 1913, the basis for depletion shall be the fair market value of the property at the date of discovery or within 30 days thereafter, if such mines were not acquired as the result of purchase of a proven tract or lease, and if the fair market value of the property is materially disproportionate to the cost. The depletion allowance under Section 24121i based on discovery value provided in this section shall not exceed 50 percent of the net income of the taxpayer (computed without allowance for depletion) from the property upon which the discovery was made, except that in no case shall the depletion allowance under Section 24121i be less than it would be if computed without reference to discovery value. Discoveries shall include minerals in commercial quantities contained within a vein or deposit discovered in an existing mine or mining tract by the taxpayer after February 28, 1913, if the vein or deposit

thus discovered was not merely the uninterrupted extension of a continuing commercial vein or deposit already known to exist, and if the discovered minerals are of sufficient value and quantity that they could be separately mined and marketed at a profit.

SEC. 9. Section 25121c of said code is amended to read:

25121c. The allowance for depletion under Section 24121i shall be [ , in the case of coal mines, 5 percent, in the case of metal mines, bauxite, fluor spar, flake graphite, vermiculite, beryl, feldspar, mica, talc (including pyrophyllite), lepidolite, spodumene, barite, ball sagger, and china clay, phosphate rock, or rock asphalt mines, trona, bentonite, gilsonite, thenardite (from brines or mixtures of brines), and potash mines or deposits, 15 percent, and, in the case of sulphur mines or deposits, 23 percent, of the gross income from the property during the income year, excluding from such gross income an amount equal to any rents or royalties paid or incurred by the taxpayer in respect of the property. ] :

(a) *In the case of sand, gravel, slate, stone (including pumice and scoria), brick and tile clay, shale, oyster shell, clam shell, granite, marble, sodium chloride, and, if from brine wells, calcium chloride, magnesium chloride, and bromine, 5 percent;*

(b) *In the case of coal, asbestos, brucite, dolomite, magnesite, perlite, wollastonite, calcium carbonates, and magnesium carbonates, 10 percent;*

(c) *In the case of metal mines, apatite, bauxite, fluor spar, flake graphite, vermiculite, beryl, garnet, feldspar, mica, talc (including pyrophyllite), lepidolite, spodumene, barite, ball clay, sagger clay, china clay, phosphate rock, rock asphalt, trona, bentonite, gilsonite, thenardite, borax, fuller's earth, tripoli, refractory and fire clay, quartzite, diatomaceous earth, metallurgical grade limestone, chemical grade limestone, and potash, 15 percent;*

(d) *In the case of sulfur, 23 percent;*

*of the gross income from the property during the income year, excluding from such gross income an amount equal to any rents or royalties paid or incurred by the taxpayer in respect of the property.*

Such allowance shall not exceed 50 percent of the net income of the taxpayer (computed without allowance for depletion) from the property except that in no case shall the depletion allowance under Section 24121i be less than it would be if computed without reference to this section.

SEC. 10. Section 24121i.1 is added to said code, to read:

24121i.1. (a) Except as provided in subdivision (b), in computing net income there shall be allowed as a deduction all expenditures paid or incurred during the income year for the development of a mine or other natural deposit (other than an oil or gas well) if paid or incurred after December 31, 1951, and after the existence of ores or minerals in commercially marketable quantities has been disclosed.

This section shall not apply to expenditures for the acquisition or improvement of property of a character which is subject to the allowance for depreciation provided in Section 24121g, but allowances for depreciation shall be considered, for the purposes of this section, as expenditures.

(b) At the election of the taxpayer, made in accordance with regulations prescribed by the Franchise Tax Board, expenditures described in subdivision (a) paid or incurred during the income year shall be treated as deferred expenses and shall be deductible on a ratable basis as the units of produced ores or minerals benefited by such expenditures are sold. In the case of such expenditures paid or incurred during the development stage of the mine or deposit, the election shall apply only with respect to the excess of such expenditures during the income year over the net receipts during the income year from the ores or minerals produced from such mine or deposit. The election must be for the total amount of such expenditures, or the total amount of such excess, as the case may be, with respect to the mine or deposit, and shall be binding for such income year.

(c) The amount of expenditures which are treated under subdivision (b) as deferred expenses shall be taken into account in computing the adjusted basis of the mine or deposit, except that such amount, and the adjustments to basis provided in Section 25101a.1, shall be disregarded in determining the adjusted basis of the property for the purpose of computing a deduction for depletion under Article 5 of Chapter 8 of this part.

SEC. 11. Section 24121i.2 is added to said code, to read:

24121i.2. (a) In the case of expenditures paid or incurred during the income year for the purpose of ascertaining the existence, location, extent, or quality of any deposit of ore or other mineral, and paid or incurred prior to the beginning of the development stage of the mine or deposit, in computing net income there shall be allowed as a deduction so much of such expenditures as does not exceed seventy-five thousand dollars (\$75,000).

This section shall apply only with respect to the amount of such expenditures which, but for this section, would not be allowable as a deduction for the income year.

This section shall not apply to expenditures for the acquisition or improvement of property of a character which is subject to the allowance for depreciation provided in Section 24121g, but allowances for depreciation shall be considered, for the purposes of this section, as expenditures paid or incurred.

In no case shall this section apply with respect to amounts paid or incurred for the purpose of ascertaining the existence, location, extent, or quality of any deposit of oil or gas.

(b) If the taxpayer elects, in accordance with regulations prescribed by the Franchise Tax Board, to treat as deferred expenses any portion of the amount deductible for the income year under subdivision (a), such portion shall not be deductible under subdivision (a) but shall be deductible on a ratable basis as the units of produced ores or minerals discovered or explored by reason of such expenditures are sold. An election made for any income year shall be binding for such year.

(c) This section shall not apply to any amounts paid or incurred in any income year if in any four preceding years the taxpayer, or any individual or corporation who has transferred to the taxpayer any mineral property under circumstances which make the provisions of Sections 17751, 17754, 25071e, 25071f, 25071i, 25071j, 25071n, 25071p, or 25071q applicable to such transfer, has either (1) been allowed a deduction under subdivision (a) of this section or (2) made the election provided under subdivision (b) of this section.

(d) The amount of expenditures which are treated under subdivision (b) as deferred expenses shall be taken into account in computing the adjusted basis of the mine or deposit, but such amounts, and the adjustments to basis provided in Section 25101a.2 shall be disregarded in determining the adjusted basis of the property for the purpose of computing a deduction for depletion under Article 5 of Chapter 8 of this part.

Sec. 12. Section 25101a.1 is added to said code, to read:

25101a.1. Proper adjustment shall be made for amounts allowed as deductions as deferred expenses under subdivision (b) of Section 24121i.1 (relating to certain expenditures in the development of mines) and resulting in a reduction of the taxpayer's tax, but not less than the amounts allowable under such section for the income year and prior years.

Sec. 13. Section 25101a.2 is added to said code, to read:

25101a.2. Proper adjustment shall be made for amounts allowed as deductions as deferred expenses under subdivision (b) of Section 24121i.2 (relating to certain exploration expenditures) and resulting in a reduction of the taxpayer's tax, but not less than the amounts allowable under such section for the income year and prior years."

**OPINION OF LEGISLATIVE COUNSEL**

STATE OF CALIFORNIA  
OFFICE OF LEGISLATIVE COUNSEL  
SACRAMENTO, February 24, 1953

*Hon. Earl D. Desmond*  
*Senate Chamber*

*Senate Bill No. 658—No. 5163*

DEAR SENATOR DESMOND: Pursuant to your request we checked Senate Bill No. 658 quite thoroughly during the recess. We enclose a set of seven amendments.

Amendment No. 1 looks like it does nothing but that is not the case. The present law refers to Section 654a of the Penal Code. That section was codified as Sections 17500, 17501, and 17502 of the Business and

Professions Code in 1941. Section 17500.1 was added to that code in 1949. The reference, therefore, should not include Section 17500.1 as it was never part of Section 654a of the Penal Code.

Amendments 2 to 6, inclusive, correct printer's errors or omissions. Amendment No. 7 deletes an unnecessary subdivision heading (a), because there are no subdivisions of the section affected.

With these amendments the bill will be as accurate a re-enactment of the existing law as we can make it. The text of the bill was carefully proofread against the existing law as it appears in the official bound volumes of the statutes.

Very truly yours,

RALPH N. KLEPS  
Legislative Counsel  
By JOSEPH W. PAULUCCI  
Deputy

CONSIDERATION OF DAILY FILE (RESUMED)  
 SECOND READING OF SENATE BILLS (RESUMED)

**Senate Bill No. 29**—An act to amend Section 274 of the Agricultural Code, relating to the importation of bees, used hives or appliances.

Bill read second time.

**Consideration of Committee Amendments**

The following amendments were proposed by the Committee on Agriculture:

**Amendment No. 1**

In line 2 of the title of the printed bill, after "appliances", insert ", declaring the urgency thereof, to take effect immediately."

**Amendment No. 2**

On page 2, of said bill, after line 30, insert

"Sec. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The present law requires that bee hives and other bee-keeping appliances brought into this State be stamped with an indelible official stamp showing the state of origin and the date of inspection of the shipment by the apiary inspector or similar official in the state of origin. In some of the states no provision has been made for the use of such stamps. The bee keepers in this State and elsewhere commonly move their colonies of bees from one seasonal location to another and in doing so frequently cross state lines. The requirement of a stamp of the state of origin and date of inspection, therefore, operates as an unnecessary impediment to the normal operations of the apiary industry. Inasmuch as the seasonal movement of bees occurs principally in the summer months it is necessary that this act take immediate effect in order that its benefits will be available during the 1953 production season."

Amendments read, and adopted.

Bill ordered printed, engrossed, and to third reading.

**Senate Bill No. 31**—An act to amend Section 281.6 of the Agricultural Code, relating to wax-salvage operations.

On page 2, line 19, of the printed bill, after "minutes", insert "in a solution of lye water."

**Amendment No. 2**

On page 2 of said bill, strike out lines 21 and 22, and insert "or shall be boiled not less than 20 minutes in a solution of lye water."

In lieu of either of the above treatments, the frames,".

Amendments read, and adopted.

Bill ordered printed, engrossed, and to third reading.

**Senate Bill No. 32**—An act to amend Section 275.5 of the Agricultural Code, relating to transportation of bees.

Bill read second time, ordered engrossed, and to third reading.

**Senate Bill No. 293**—An act to amend Section 809 of the Agricultural Code, relating to walnut standards.

Bill read second time, ordered engrossed, and to third reading.

**Senate Bill No. 49**—An act to amend Section 810.5 of the Agricultural Code, relating to asparagus standards.

Bill read second time.

**Consideration of Committee Amendments**

The following amendments were proposed by the Committee on Agriculture:

**Amendment No. 1**

In line 2 of the title of the printed bill after "standards", insert "declaring the urgency thereof, to take effect immediately".

**Amendment No. 2**

On page 2 of said bill, strike out lines 40 to 50, inclusive, and on page 3, strike out lines 1 to 4, inclusive, and insert

"Jumbo, stalks which are not less than thirteen-sixteenths inch in diameter.

Large, stalks which are not less than seven-sixteenths inch in diameter.

Standard, stalks which are not less than six-sixteenths inch in diameter.

Small, shall consist of asparagus in which more than 10 percent of the stalks are less than six-sixteenths inch in diameter.

"Diameter" measurement shall mean the widest portion of the cross section measured at the largest point on the stalk.

The size designation requirements as herein established shall apply to all stalks of asparagus in each container, except that in the case of the Jumbo, Large and Standard sizes 10 percent, by count, of the stalks in any container may be smaller than the size designation specified."

#### Amendment No. 3

On page 3 of the printed bill, after line 40, insert

"SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Most of the size specifications for asparagus in the present law contain a maximum and minimum diameter requirement so that the stalks of asparagus as taken from the field must be graded by hand to meet the size limitations, thereby requiring excessive labor as compared with the grading process necessary to meet only the minimum size. Grading of the asparagus to a minimum and maximum size requirement may seriously disrupt the marketing of asparagus during the current season. Therefore, in order to permit the orderly marketing of asparagus now being harvested it is necessary that this act take immediate effect."

#### Amendment No. 4

On page 1, line 8, of said bill, strike out "any other cause", and insert "other causes".

Amendments read, and adopted.

Bill read second time.

#### Consideration of Committee Amendments

The following amendment was proposed by the Committee on Water Resources:

##### Amendment No. 1

On page 1 of the printed bill, after line 11, insert

"The urgent need for an immediate water supply for irrigation and other agricultural purposes in many now developed agricultural areas within the central valley of this State wherein there is no water supply available except such as may be acquired from or through the limited and unallocated supply of the Central Valley Project, of which limited and unallocated supply some has been tentatively allocated for the supply of such areas by and through water districts yet to be formed, coupled with the existence of previously formed irrigation districts and other governmental agencies and districts in such areas as made necessary by the increasing population of the State, has created a condition wherein it is impracticable or impossible to form water districts in one contiguous body and, in such instances, the water tentatively allocated to such areas might be permanently allocated to other areas or for other than agricultural purposes, and any delay in the formation of water districts in such areas would expose the agricultural development now existing therein to irreparable loss and render future or further development impossible, and the objects of the Water District Act cannot be feasibly or economically achieved and are defeated by the requirement of contiguity. It is therefore necessary that this act shall take effect immediately."

Amendment read, and adopted.

Bill ordered printed, engrossed, and to third reading.

**Senate Bill No. 209**—An act to amend Section 225 of the Labor Code, relating to violation of certain laws relating to payment of wages.

#### RESOLUTIONS

The following resolution was offered:

By Senator Tenney:

##### Senate Resolution No. 70

Relative to the continuance of the Committee on Civil Service

*Resolved by the Senate of the State of California, as follows:*

1. The Senate Committee on Civil Service created by Senate Resolution No. 121 of the 1951 Session is continued as a Senate committee at this session, with the membership and with all the rights, powers and duties possessed by the committee and its members immediately prior to the commencement of this session. Vacancies occurring or existing in the membership of the committee shall be filled by the appointing power.
2. The committee is authorized to act during this session of the Legislature including any recess, but not after final adjournment, with authority to file its final report not later than the date of adjournment.
3. The provisions of the Joint Rules of the Senate and Assembly (and of the Standing Rules of the Senate), as soon as such rules are adopted at this session or amended from time to time, become applicable to this committee and its members.
4. The unexpended balance of the money heretofore made available to the committee continued by this resolution shall continue to be available for the expenses of the committee and its members and for any charges, expenses, or claims it may incur under this resolution, to be disbursed in the manner heretofore provided.

Resolution read and referred to Committee on Rules.

The Assembly members shall consist of the members of the Assembly Committee on Rules. The executive committee shall have power to create subcommittees from the membership of the committee and to assign to such subcommittees any study, inquiry, investigation, or hearing which the committee itself has authority to undertake or hold.

**Article 2. Legislative Research Director and Staff**

10260. The executive committee of the Joint Legislative Research Committee shall have authority to appoint a Legislative Research Director and such other clerical and technical employees as may appear necessary, pursuant to the provisions of Subsection (4) of Subdivision (a) of Section 4, Article XXIV, of the Constitution. The Legislative Research Director shall be chosen without reference to party affiliations and solely on the ground of fitness to perform the duties of his office.

10261. The permanent office of the Legislative Research Director shall be in the State Capitol in Sacramento, where he shall be provided with suitable and sufficient offices convenient to the Chambers of the Senate and Assembly.

10262. All books, papers, records and correspondence of the committee pertaining to its work shall be kept at the permanent office of the committee, and the papers and

correspondence of any person receiving service from the Joint Legislative Research Committee or its staff shall be kept private and confidential.

Such papers and correspondence shall become public records whenever the Joint Legislative Research Committee or the Legislature shall order or on the written authorization of the requester.

10263. Neither the Legislative Research Director nor any other employee of the committee shall reveal to any person outside thereof the contents or nature of any matters which has not become a public record, except with the consent of the person bringing the matter before the committee.

10264. The material, including books and other publications of, the State Library shall be made available to the committee. The University of California, all state agencies and other official state organizations, and all persons connected therewith shall give the Legislative Research Director ready access to their records and full information and reasonable assistance in any matters of research requiring recourse to them or to data within their knowledge or control.

10265. Neither the Legislative Research Director nor any employee of the committee shall oppose or urge legislation."

**Senate Resolution No. 71**

Relative to the birthday anniversary of Honorable Arthur W. Way,  
State Senator, Third Senatorial District

WHEREAS, On the fifth day of March in a year long to be remembered by his multitude of friends, there was brought forth on this continent a native of the great State of California, who was no doubt inspired by the Giant Redwoods of his birthplace to reach upward, and grow big, and well, and strong becoming an ardent yachtsman and sportsman, a world-wide traveler, and a community leader. While attending the Eureka, California schools he held for many years the mile and half-mile State Championship Track records; and he is still running strong, having served as Judge of the Juvenile Court of Humboldt County, Mayor of Eureka, a member of the California Assembly, and now State Senator; and

WHEREAS, The world will little note nor long remember what we say in this resolution, but we, his colleagues, will never forget his friendly association with us nor his untiring efforts on behalf of his constituents; therefore, be it

*Resolved*, By the Senate of the State of California that Senator Arthur W. Way is congratulated and we extend to him the warm good wishes and felicitations of his fellow members in this Senate; and be it further

*Resolved*, That the Secretary of the Senate be and is hereby directed to have prepared and presented to our good Senator a suitably engrossed copy of this resolution.

Resolution read, and unanimously adopted on a motion of Senator Dorsey.

On page 1 of said bill, strike out all of lines 1 to 24, inclusive, and insert "SECTION 1. Section 5010 is added to the Education Code, to read:

5010. At the end of each fiscal year each county superintendent of schools shall provide for an audit of the county school service fund and of the books and accounts of all school districts under his jurisdiction with an average daily attendance of less than 900 during the next preceding fiscal year, and the governing board of each district with an average daily attendance of 900 or more for the next preceding fiscal year shall either provide for an audit of the books and accounts of the district or may make arrangements with the county superintendent of schools having jurisdiction over the district to provide for such auditing.

Each audit shall include all funds of the district including the student body and cafeteria funds and accounts and any other funds under the control or jurisdiction of the district.

The cost of the audits provided for by the county superintendent of schools shall be paid for from school service fund and the county superintendent of schools shall transfer the pro rata share of the cost chargeable to each district from district funds.

The cost of the audit provided for by a governing board shall be paid from district funds. The audit of the county school service fund shall be paid from the county school service fund.

The audits shall be made by a certified public accountant or a public accountant, licensed by the State Board of Accountancy. Not later than December 31st, a report of each audit for the preceding fiscal year shall be filed with the Department of Education and the Department of Finance. The Superintendent of Public Instruction shall make any adjustments necessary in future apportionments of state funds, to correct any discrepancies revealed by such audit reports under the provisions of Section 7190 of this code.

If a governing board or county superintendent of schools fails or is unable to make arrangements for audit pursuant to this section, the Department of Finance may make

arrangements for the audit and the cost of such audit shall be paid from school district funds or the county school service fund as the case may be.

The Department of Finance with the cooperation of the Department of Education shall prescribe the statements and other information to be included in the audit reports filed with the State. The Department of Finance may make such surveys and reports, and may develop suggested procedures for carrying out the purposes of this section, as in the judgment of the department will serve the best interests of the State.

Nothing in this section shall be considered as authorizing examination into or report on the curriculum used or provided for in any school district."

#### Consideration of Committee Amendments

The following amendments were proposed by the Committee on Education:

##### Amendment No. 1

In line 3 of the title of the printed bill, before the period, insert "declaring the urgency thereof, to take effect immediately".

##### Amendment No. 2

On page 1, after line 17, of said bill, insert

"Sec. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There are many teachers who through no fault of their own were unable to register their credentials within the 30-day limit prescribed by law and are suffering by reason of having been deprived of their salary for periods of varying length, during which they rendered service to the school district and were at all times fully qualified to serve.

In order to restore the confidence of such teachers in the Public School System, and to encourage such teachers to remain in the teaching profession, rather than seeking employment in other fields subject to fewer strict regulations, at a time when an increase rather than a decrease in the number of teachers is essential to furnish an adequate education to the children of the State, it is necessary that this act go into immediate effect."

Amendments read, and adopted.

**REQUEST FOR UNANIMOUS CONSENT**

Senator Gibson asked for, and was granted, unanimous consent to have the following statement regarding Senate Constitutional Amendment No. 21 printed in the Journal:

March 5, 1953

**Statement of Senator Luther E. Gibson With Respect to  
Senate Constitutional Amendment No. 21**

Upon further reflection I have come to the conclusion that I cannot support the passage of Senate Constitutional Amendment No. 21. Therefore, although I am one of the authors, I intend to vote against this measure.

This proposed amendment originally appeared to me as a mere restatement and further delineation of the rights already possessed by the citizens of this State and of the United States under the respective constitutions. However, upon further study I have come to the conclusion that this proposed amendment contains additional implications which would have the effect of overruling the decisions of our courts interpreting our existing rights as free citizens. Since I believe that all of our rights are fully protected by the existing constitutions as they now stand, the passage of this amendment would have an effect not contemplated by me as one of its authors. I must, therefore,

state my convictions in opposition to the amendment and in favor of our existing constitutional guarantees, which at the same time prohibit discrimination against any person by virtue of his race, color, or creed.

I have further concluded that the matter contained in this amendment, if it is to be considered at all, should be considered by the United States Congress within the framework of the Federal Constitution and not by the Legislature of California. The United States Constitution, under which this country has progressed and prospered, makes careful provision for the protection of the rights of all citizens, and certainly the rights to acquire, enjoy, own, and dispose of property are among the civil rights protected by the Fourteenth Amendment to the Constitution of the United States. To attempt state action in these fields might well cause unforeseen inequities and dislocations which could adversely affect the entire economy and well being of the State of California.

**PRINTER'S NOTE**—There being no 7-point strikeout type available, the material which should appear in strikeout type in the following amendment is indicated by being enclosed within brackets.

**Amendment No. 2**

On page 1 of said bill, strike out lines 1 and 2, and insert

"SECTION 1. Section 9609 of the Business and Professions Code is amended to read: 9609. This act does not apply to any of the following:

(a) A religious corporation, church, religious society or denomination, a corporation sole administering temporalities of any church or religious society or denomination, or any cemetery organized, controlled, and operated by any of them.

(b) A public cemetery.

(c) Any private or fraternal burial park not exceeding ten acres in area, established prior to September 19, 1939; however, such cemeteries shall be subject to the cemetery brokerage provisions of this act.

SEC. 2. Section 9650 of said code is amended to read:

9650. Each cemetery authority in charge of cemetery endowment care funds shall file with the board annually, on or before [March 1st] April 1st, or within 3 months after close of their fiscal year provided approval has been granted by the board as provided for in Section 9650.1, a written report in form prescribed by the board setting forth:

(a) The number of square feet of grave space and the number of crypts and niches sold or disposed of under endowment care by specific periods as set forth in the form prescribed. [:

(1) Prior to September 19, 1939.

(2) From September 20, 1939, to January 1st of the year preceding the filing of this report.

(3) From January 1st through December 31st of the preceding year.]

(b) The amount collected and deposited in both the general and special endowment care funds segregated as to the amounts for crypts, niches and grave space by specific periods as set forth either on the accrual or cash basis at the option of the cemetery authority. [:

(1) Prior to September 19, 1939.

(2) From September 20, 1939, to January 1st of the year next preceding the filing of the report.

(3) From January 1st through December 31st of the preceding year segregated as to the amounts deposited for crypts, niches and grave space.]

(c) A statement showing separately the total amount of the general and special endowment care funds invested in each of the investments authorized by law and the amount of cash on hand not invested, which statement shall actually show the financial condition of the funds.

The report shall be verified by the president or vice president and one other officer of the cemetery corporation and shall be certified by the accountant or auditor preparing the same.

SEC. 3. Section 9651 of said code is amended to read:

9651. The board shall examine the reports filed with it as to their compliance with the requirements [of Section 8738] of the Health and Safety Code as to the amount of endowment care funds collected and [Section 8751 of that code] as to the manner of investment of such funds.

SEC. 4. Section 9655 of said code is amended to read:

9655. If any examination made by the board, or any report filed with it, shows that there has not been collected and deposited in the endowment care funds the minimum amounts required by [Section 8738 of] the Health and Safety Code since September 19, 1939, the board shall require such cemetery corporation to comply with Sections 8743 and 8744 of the Health and Safety Code.

SEC. 5. Section 9656 of said code is amended to read:

9656. Whenever the board finds, after notice and hearing, that any endowment care funds have been invested in violation [of Section 8751] of the Health and Safety Code it shall by written order mailed to the person or body in charge of the fund require the reinvestment of the funds in conformity to that section within the period specified by it which shall be not less than two years where the investment was made prior to the effective date of this act and not less than six months when made after such effective date. Such period may be extended by the board in its discretion.

SEC. 6. Section 9715 of said code is amended to read:

9715. Applications in writing for a certificate of authority shall be made by a cemetery authority [corporation] to the board accompanied by the fee provided for in this act. Such application must show that the cemetery authority [corporation] owns or is actively operating a cemetery in this State which is subject to the provisions of the Cemetery Act or that the applicant is in a position to commence operating a cemetery.

#### COMMUNICATIONS

The following communications were received and read and ordered printed in the Journal:

DEPARTMENT OF PUBLIC WORKS  
SACRAMENTO, February 26, 1953

Mr. J. A. Beek  
Secretary of the Senate  
State Capitol  
Sacramento, California

DEAR MR. BEEK: Pursuant to Section 230 of the Water Code, there is transmitted herewith a progress report prepared by the Division of Water Resources, Department of Public Works, entitled "Reclamation of Water from Sewage or Industrial Waste," December 1952. In the future, progress reports will be submitted annually.

This report comprises a review of other investigations and reports, and of current research pertinent to the subject, fundamental considerations and data upon which to base future reports concerning specific projects and a survey of waste discharges, treatment plants and sewerage areas in urban centers along the coast. Data on quantities

and mineral quality of waste discharged to the ocean and saline bays are given in the report. The report sets forth those areas along the coast where further detailed investigations of the feasibility of reclamation and utilization of water from sewage or industrial waste now appears to be justified.

Very truly yours,

FRANK B. DURKEE  
Director of Public Works

Letter ordered printed in the Journal, and report filed with the Secretary of the Senate.

DEPARTMENT OF EDUCATION  
SACRAMENTO 14, March 2, 1953

*Honorable Goodwin J. Knight

#### LETTER OF TRANSMITTAL

March 4, 1953

*President of the Senate  
California Legislature  
Sacramento, California*

MR. PRESIDENT: Pursuant to Senate Resolution No. 172, read and adopted by the Senate of California at the Regular Session of The Legislature on June 21, 1951. The Senate Fact-Finding Committee on Establishing a Port Development Agency on June 21, 1951, for the San Francisco Bay Area herewith submits its report.

The Senate committee's study provides for a general summary of the findings developed in its report presented to the 1951 Regular Session of the Legislature, with additional facts and data having a bearing on the determination of the type of harbor agency required to serve the State and Bay region.

This report supplements to a degree the report being submitted by the Interim San Francisco Bay Ports Commission recommending the establishment of a Northern

California Ports and Terminals Bureau, with which recommendations this committee is in concurrence.

The committee wishes to express its sincere appreciation to officials of Federal, State and municipal government and to the many public and private organizations, including the ports and terminals of the Bay region, for their assistance to the committee and staff in the preparation of this report.

Respectfully submitted,

JESSE M. MAYO, Chairman  
ARTHUR H. BREED, JR., Vice Chairman  
CHARLES BROWN  
JAMES J. MCBRIDE  
GEORGE MILLER, JR.  
GERALD J. O'GARA  
EDWIN J. REGAN

#### MOTION TO PRINT REPORT

Senator Powers moved that the letter of transmittal be printed in the Journal, and Part I of the report submitted by the Senate Fact-Finding Committee on Establishing a Port Development Agency for the San Francisco Bay Area be printed in the Appendix to the Journal, and 1,500 additional copies be printed.

Motion carried.

PRINTER'S NOTE—There being no 7-point strikeout type available, the material which should appear in strikeout type in the following amendment is indicated by being enclosed within brackets.

#### Amendment No. 2

On page 1 of said bill, as amended, strike out lines 13 to 20, inclusive, and insert "SECTION 1. Section 8651.5 is added to the Revenue and Taxation Code, to read: .8651.5. A supplemental excise tax is hereby imposed at the rate of four and one-half cents (\$.04½) per gallon on the use in any heavy motor vehicle, of fuel by any user thereof.

SEC. 2. Section 8604 of the Revenue and Taxation Code is amended to read: 8604. "Fuel" includes:

(a) For purposes of the tax imposed by Section 8651, any combustible gas or liquid, by whatever name the gas or liquid may be known or sold, of a kind used in an internal combustion engine for the generation of power to propel a motor vehicle on the highways, except fuel that is subject to the tax imposed by Part 2 of this division.

(b) For purposes of the tax imposed by Section 8651.5, fuel included in (a) of this section and fuel that is subject to the tax imposed by Part 2 of this division.

SEC. 3. Section 8608 of the Revenue and Taxation Code is amended to read:

8608. "User" includes any person who, within the meaning of the term "use" as defined in this chapter, uses fuel as defined in Section 8604 (a), or uses in a heavy motor vehicle fuel that is subject to the tax imposed by Part 2 of this division.

SEC. 4. Section 8610 is added to the Revenue and Taxation Code, to read:

8610. "Heavy motor vehicle" means

(a) Any motor vehicle having an unladen weight of 6,001 pounds or more, and

(b) Any truck tractor having an unladen weight of 5,001 pounds or more, designed, used or maintained primarily for the transportation of property.

SEC. 5. Section 8611 is added to the Revenue and Taxation Code, to read:

8611. "Tax" means the tax imposed by Section 8651 or 8651.5, or the taxes imposed by both sections.

SEC. 6. Section 8706 is added to the Revenue and Taxation Code, to read:

8706. Before operating a heavy motor vehicle upon the highways, each user shall obtain for the vehicle from the Department of Motor Vehicles plates or emblems indicating that a use fuel tax permit has been obtained by him. Each plate or emblem shall be attached to and conspicuously displayed upon the vehicle for which it was issued in such manner as the department may require. The department shall immediately notify the board of the issuance of the plates or emblems.

SEC. 7. Section 9256 of the Revenue and Taxation Code is amended to read:

9256. Before registering any motor vehicle, the Department of Motor Vehicles shall ascertain from the applicant for registration whether or not the motor vehicle sought to be registered is propelled by a fuel the use of which is subject to the excise tax imposed [under this part] by Section 8651. If the motor vehicle is propelled by the use of such a fuel, the department shall notify the board.

SEC. 8. Section 9257 is added to the Revenue and Taxation Code, to read:

9257. The Highway Patrol shall assist the board in the enforcement of the provisions of this part prohibiting a user from operating a heavy motor vehicle upon the highways without first obtaining the permit required by Section 8701 and without displaying on the vehicle the plates or emblems required by Section 8706. The Highway Patrol shall promptly transmit to the board on a form prescribed by it information respecting any vehicle found by the Highway Patrol to have been operated in violation of this part.

SEC. 9. Section 9258 is added to the Revenue and Taxation Code, to read:

9258. The board, by contract with the Department of Agriculture, may make such arrangements as may be feasible for the use of the facilities and personnel of the department's border quarantining stations in the enforcement of the provisions of this part with respect to the operations of foreign heavy motor vehicles and that department shall enforce such provisions in accordance with such contractual arrangements.

SEC. 10. Section 9657 is added to the Revenue and Taxation Code, to read:

9657. This part does not apply to operators engaged exclusively in the transportation of property.

The tax does not apply to the gross receipts derived from the transportation of

(a) Property in vehicles designed, used or maintained primarily for the transportation of property, or

(b) Persons in vehicles designed, used or maintained primarily for the transportation of property and with respect to the use of fuel in which the tax imposed by Section 8651.5 is applicable.

SEC. 11. Section 372.1 is added to the Vehicle Code, to read:

372.1. (a) In lieu of the fees imposed in subdivision (c) of Section 372, there shall be paid fees for the registration of any truck tractor having an unladen weight of 5,001 pounds or more and for any motor vehicle having an unladen weight of 6,001 pounds or more having not more than two axles and designed, used or maintained primarily for the transportation of property and with respect to the use of fuel in

## RESOLUTIONS

The following resolution was offered:

By Senators Cunningham, Dilworth, Brown, Hulse, Powers, Burns, and Parkman:

## Senate Resolution No. 74

Relative to Freedoms Foundation medal awarded Lester Healey

WHEREAS, The Freedoms Foundation of Valley Forge has awarded an honor medal to Lester Healey of Rialto, California, in recognition of an editorial of his entitled "The Aladdin's Lamp of America" which appeared in the *Los Angeles Times* on June 23, 1952, and

WHEREAS, "The Aladdin's Lamp of America" is a most succinct, accurate and inspiring appraisal of American ideals and possibilities, and sets forth in clear and understandable terms the dangers confronting this country in a departure from the sound and rugged ideals of those who started our native land on its way to greatness, and

WHEREAS, "The Aladdin's Lamp of America" from the first sentence to the last sets forth truths we will do well to remember, many of which are worthy to rank with the most profound statements of our greatest statesmen. Among others worthy to be engrossed upon the scroll of memory, let us note the following:

"The world is filled with people today who believe that life can be made secure, protected against the forces that jeopardize well-being and happiness from the cradle to the grave. We talk in terms of social security, health security, security from want and fear, but history will repeat her lesson. There is no way of making life secure. The only security worth having is spiritual security, the security of self, the security that comes from one's loyalty to the best he knows. There will never be money enough, health enough, brains enough, happiness enough to make it possible for all men to have an equal amount. The wealthy are still heirs to sickness and worry, the price of sin and cost of living. No man and no government can guarantee security to any of us." and

WHEREAS, Mr. Healey in this inspired editorial saw fit to quote from the Great Emancipator, Abraham Lincoln, words which are all too little known and which may appropriately be quoted here. These words come from President Lincoln's message to Congress in 1861 in which he said:

"The prudent, penniless beginner in the world labors for wages a while, saves a surplus with which to buy tools or land for himself, then labors on his own account another while and at length hires another new beginner to help him. This is the just and generous and prosperous system, which opens the way to all, gives hope to all and consequent energy and progress and improvement of conditions to all." and

WHEREAS, There has never been a time in the history of the United States of America when the people of this country were so in need of inspired leadership, coupled with a saving grace of common sense than they are at the present time; now, therefore, be it

*Resolved*, By the Senate of the State of California, that it commends the Freedoms Foundation of Valley Forge for its wisdom in awarding the honor which it has accorded to Lester Healey, and commend him for his courageous and forthright statement; and be it further

*Resolved*, That the Secretary of the Senate be and he is hereby directed to forward a suitably engrossed copy of this resolution to Lester Healey.

Resolution read, and on a motion of Senator Cunningham, adopted.

By Senator Ward:

## Senate Resolution No. 75

Relating to the Continuance of the Senate Interim Committee on Workmen's Compensation Benefits

*Resolved by the Senate of the State of California, As follows:*

1. The Senate Interim Committee on Workmen's Compensation Benefits created by Senate Resolution No. 189 of the 1951 Session is continued as a Senate committee at this session, with the membership and with all the rights, powers and duties possessed by the committee and its members immediately prior to the commencement of this session. Vacancies occurring or existing in the membership of the committee shall be filled by the appointing power.

2. The committee is authorized to act during this session of the Legislature including any recess, but not after final adjournment, with authority to file its final report not later than the date of adjournment.

3. The provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate as soon as such rules are adopted at this session or amended from time to time, become applicable to this committee and its members.

4. The unexpended balance of the money heretofore made available to the committee continued by this resolution, together with the sum of four thousand five hundred dollars (\$4,500) from the Contingent Fund of the Senate, is hereby made available for the expenses of the committee and its members and for any charges, expenses, or claims it may incur under this resolution, to be disbursed in the manner heretofore provided.

Resolution read, and referred to Committee on Rules.

By Senator Dilworth:

**Senate Resolution No. 76**

Relative to the continuance of the Senate Interim Committee  
on Petitions and Complaints

*Resolved by the Senate of the State of California, As follows:*

1. The Senate Interim Committee on Petitions and Complaints created by Senate Resolution No. 29 of the 1952 Second Extraordinary Session is continued as a Senate committee at this session, with the membership and with all the rights, powers, and duties possessed by the committee and its members immediately prior to the commencement of this session. Vacancies occurring or existing in the membership of the committee shall be filled by the appointing power.

2. The committee is authorized to act during this session of the Legislature until April 15, 1953, with authority to file its report not later than that date.

3. The provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate as adopted at this session or amended from time to time, become applicable to this committee and its members.

4. The unexpended balance of the money heretofore made available to the committee continued by this resolution shall continue to be available for the expenses of the committee and its members and for any charges, expenses, or claims it may incur under this resolution, to be disbursed in the manner heretofore provided.

Resolution read, and referred to Committee on Rules.

CALIFORNIA STATE COMMUNICATIONS ADVISORY BOARD  
SACRAMENTO 14, March 6, 1953

*Mr. Joseph Beck, Secretary  
California State Senate  
Sacramento, California*

DEAR MR. BECK: The attached resolution was unanimously passed by the California State Communications Advisory Board at a regular meeting held in Sacramento on February 17, last.

As chairman of the board I was instructed to forward to you a certified copy of the board's action.

Very truly yours,

JAMES S. DEAN  
Director of Finance

# CALIFORNIA STATE COMMUNICATIONS ADVISORY BOARD

## RESOLUTION

WHEREAS, The State Legislature has before it, for consideration, Senate Concurrent Resolution No. 16 and Senate Joint Resolution No. 5, both of which relate to preserving, improving and coordinating the communication facilities of the State; and

WHEREAS, This board has, since its inception in 1947, constantly worked in cooperation with the Department of Finance and other state agencies and with political subdivisions to provide adequate communications facilities to state and local government at the least possible cost; and

WHEREAS, Senate Concurrent Resolution No. 16 requests the Department of Finance, through its Division of Communications, to "make a complete survey of the feasibility of utilization of a microwave system of communications for state agencies, including an estimate of the cost of the establishment of such a system"; and

WHEREAS, Upon the recommendation of this board and in cooperation with local government, the State has installed and for the past several months has operated an experimental microwave radio link between the San Francisco Bay Area and Sacramento, which operation has conclusively proven the feasibility of the use of such publicly owned microwave radio facilities and has demonstrated its economy of operation; and

WHEREAS, The successful and economical use of microwave radio facilities by public and private utilities, as well as large private corporations, is common knowledge among communications experts throughout the Country; and

WHEREAS, This board believes that such a survey would be a forward-looking step in the public interest and would result in increased efficiency and economy in the use of existing communications facilities; and

WHEREAS, The board further believes that such a survey would solve many existing communications problems which are now experienced by state and local agencies, due to the long distances and wide variance in terminal needs which are particularly present in California, and would result in the establishment of a long-range plan of coordination of publicly owned communications facilities on a state-wide basis; now, therefore, be it

*Resolved*, That the State Communications Advisory Board earnestly endorses Senate Concurrent Resolution No. 16 and Senate Joint Resolution No. 5 as being commendable proposals in the interest of efficiency and economy in government, and holds itself in readiness to assist the Legislature, the Department of Finance and other agencies of government in the development of adequate and efficient communications facilities at the least possible expenditure of public funds.

JAMES S. DEAN, Director of Finance, Chairman  
By A. EARL WASHBURN, Deputy Director

I hereby certify that the above resolution was passed at a meeting of the California State Communications Advisory Board held in Sacramento, California, on February 17, 1953.

BURTON WASHBURN, Secretary

WAR CLAIMS COMMISSION  
WASHINGTON 25, D. C., March 3, 1953

### *To Members of State Legislatures*

In past years the War Claims Commission has had the privilege of writing to Members of the Legislatures with respect to the deadlines for filing claims under the War Claims Act of 1948 (80th Congress), as amended.

Public Law 303, 82nd Congress, 2nd Session, approved April 9, 1952, provided a compensation of \$1.50 a day for each day an American prisoner of war was subjected to inhumane treatment and/or forced labor in contravention to the Geneva Convention of 1929 Respecting the Treatment of Prisoners of War. Survivors of such veterans, namely widows, children and parents, in that order, are also eligible under this law. The deadline for filing is April 9, 1953, and regardless of eligibility, claimants must file with the War Claims Commission on or before that date. This compensation is in addition to and on a different basis from the \$1.00 per day compensation for food deficiency and hence must be specifically claimed.

The Commission is exceedingly desirous that all eligible veterans or their survivors who have not yet filed under Public Law 303 do so promptly. Being a small quasi-judicial independent agency with a limited staff, the Commission necessarily must seek the cooperation of others in making the deadline known as widely as possible to veterans or their survivors in your State. Claims forms for filing may be obtained from the War Claims Commission, Washington 25, D. C., State Veterans Agencies, Regional Offices of the Veterans Administration, the American Red Cross, and recognized veterans organizations.

Anything that you as a Member of your Legislature can undertake to do to make the approaching deadline known to the people in your State will be appreciated by American ex-prisoners of war and their families, as well as by the War Claims Commission.

With best wishes, I remain

Sincerely yours,

F. BYRNE AUSTIN  
Executive Director
